were being taken from the city to places of more security in the country in anticipation of German air raids. The total population of the designated evacuation areas is about 11,000,000, but only about 3,000,000 of the residents fell into the first group that was moved. That group included school children, their teachers, pre-school children and their mothers, the adult blind and crippled, and invalids who were in condition to be moved.
