**JAMES SCORED AT MINE MEET**

Pittsburgh — Delegates to the biennial convention of District 5, United Mine Workers of America, were told last Wednesday employe who "still stubbornly resist true unionism and collective bargaining" are America's worst internal enemies.

William Hynes of Untontown, Pa., president of District 4, the speaker, added: "While the world has gone mad with destruction, the surest way to American national security is for us to get a sane economic and social system functioning that will permit men with honest hearts and courage to live and

raise their families in decency and comfort.

"Unemployment and war are the greatest perils we face today but I am firmly confident that, with the help of organized labor and of all who truly believe in and uphold democratic principles and practices, America will come out of this present near-chaos with colors flying."

Both Hynes and Patrick T. Fagan, president of District No. 5 criticized policies of Gov. Arthur H. James, terming them "reactionary and in the interest not of the workingman but of the National Association of Manufacturers and others, represented in Pennsylvania by Joe Grundy."

Much of the day's business session was taken up with debate upon a proposal to change provisions for the election of scale committeemen. Action was deferred on the question.

District 5, U. M. W. of A. includes Allegheny, Beaver, Butler, Mercer, Lawrence and Armstrong Counties and part of Greene, Westmoreland and Washington Counties.

**CROWD WATCHES MACK DEDICATE HOSPITAL WING**

More than 600 persons attended the dedication of the new Mack Memorial maternity wing to Indiana Hospital last Thursday afternoon. Presentation of the \$115,000 addition was made by J. S. Mack of McKeesport and Brush Valley Township, president of the G. C. Murphy Company. Dr. Charles E. Rink, member of the board of directors, accepted the four-story structure on behalf of the board. The dedication address was made by Rev. Stillman A. Foster, D. D., pastor of the

First United Presbyterian Church at Indiana.

At the conclusion of the ceremonies, the visitors were taken on a tour of the new wing, which adds 50 beds to the hospital's capacity; the main hospital, newheating plant and the new \$35,000 nurses' home.

The guests were shown through the buildings by hospital employes under the direction of Miss Lillian A. Holloman, administrator of the hospital. Tea was served.

The new brick addition, which brings the hospital to a 200-bed capacity institution or more than five times the capacity of the hospital founded in 1914, was furnished and equipped by the board. Mack built the wing as a memorial to his parents.

Four years ago, Mr. Mack established a trust fund, also in memory of his parents, and directed that its income be devoted to payment of hospitalization for needy patients of Brush Valley Township where Mack was born.

Any excess beyond that used for the care of the patients has been added to the trust fund capital and will be continued to be added until January 1, 1941, when the income, beyond the amount needed for Brush Valley patients, will be applied to the repair and maintenance of the new wing and for payment of hospitalization of other needy Indiana county residents. Amount in the fund now is approximately \$300,000.
