

1940 FARM PROGRAM COMMITTEES TO BE ELECTED IN COUNTY

At a series of community meetings scheduled throughout the county, Cambria county farmers will elect community committees for the 1940 Agricultural Conservation Program.

Every farmer who signs a register indicating that he is entitled to share in the 1940 proceeds of a farm in his community and that he intends to participate in the 1940 Agricultural Conservation program is eligible to vote at these meetings.

In each community a chairman and two other members of a community committee will be elected, together with two alternate members of the committee. The farmers also will elect a delegate to the county convention which will choose the County Agricultural Conservation Committee for next year.

These county and community committees this year, as in the past, will handle local administration of the farm program. Expenses for administration of the program in the county will, as

usual, be deducted from payments earned by farmers of the county who take part in the program.

The schedule for the county meetings follows: Ebensburg community—Court House, Nov. 3, at 8 P. M., C. E. Hill, chairman.

Hastings community, Cross Roads Grange, Nov. 8, at 8 p. m. Edwin J. Westrick, chairman.

Geistown community: Geistown High School, Nov. 8 at 8 p. m. E. L. Bloom, chairman.

Patton community, Concord Grange Hall, Nov. 10, at 8 p. m., P. C. Strittmatter, chairman.

Johnstown community, Stutzman School, Benshoff Hill, Nov. 10, at 8 P. M., Albert Lehman, chairman.

Loretto community, Loretto church hall, Nov. 14th, 8 p. m., P. R. Lawson.

Wilmore Community — Wilmore High School, Nov. 15, at 8 p. m., Jacob Holsopple.

'HOLLYWOOD CAVALCADE' AT GRAND THEATRE NEXT SUNDAY AND MONDAY

Movie fans here's a picture for you! It's Darryl F. Zanuck's production of "Hollywood Cavalcade," starring Alice Faye and Don Ameche, and filmed in technicolor. It re-enacts and photographs anew the romance of Hollywood from bathing beauties to world premieres; tells the great human story of Mike, who wanted to make movies, and Molly, who instead won greatness on the screen.

Staged again with great stars of today years of Hollywood's rise.

Stage again, with great stars of today and great personalities of yesterday. You'll see slapstick and custard pie comedy, with Don Ameche directing. You'll see the Mack Sennett bathing girls this time and Alice Faye is one. Once again Buster Keaton, Ben Turpin, Chester Conklin and the Keystone Cops are seen in hilarious scenes from the past. Once again, Al Jolson sings the song in which he electrifies the world in "The Jazz Singer" and you'll see Hollywood as it was and as it is, in a three ring circus of entertainment.

The 20th Century Fox film is due at the Grand Theatre, Patton next Sunday and Monday.

DO YOU KNOW?

Quoting Dr. Roger I. Lee of Boston: "I will agree that some people who need medical attention do not receive it, but the reasons are not largely, if at all, due to the inability to pay but

are ignorance, obstinacy, and credulous belief in quacks and patent medicines."

"Gutter sticks"—dried sticks of seaweed containing iodine, have long been collected by inhabitants of the West Coast of South America and sold in the highlands where goiter is common. Centuries ago waters from certain springs in South America were given to goiter patients. These waters contained iodine.

BANNED SCENES ARE RESTORED TO NEW UNCENSORED WAR FILM

With Europe in the thick of another titanic war, "All Quiet on the Western Front," recognized as the greatest war film ever made, has been released in its original uncensored form for the first time.

The history making film, winner of five international awards, will be the attraction along with another feature, at the Grand Theatre, Patton on Friday and Saturday of this week with many dramatic scenes that could not be shown during its original release.

Truth, shining through all censorship efforts, distinguishes the pictorialization of Erich Maria Remarque's world famous novel. Foreign countries sensitive to anything which might reflect on their victories or defeats on the field of battle, have hitherto cast a halting hand on producers in Hollywood. Even though opposed to weakening the dramatic appeal of their stories, the picture makers were nevertheless obedient to the foreign protests. But today, recognized as an international medium for the spread of good will, the motion picture, and particularly "All Quiet" is presented as is. Restoration of the censored scenes, ample de-editing and modernization of the film, accomplished by Universal experts only last week have resulted in the new production of a film which will strike as deeply into the hearts of men, women and children everywhere as did the original "All Quiet" almost a decade ago, in the opinion of those who have already viewed the reissue.

SPORTSMEN OF CAMBRIA COUNTY INDORSE JOSEPH SHREVE FOR FISHING JOB

Joseph Shreve, Johnstown, secretary of the Johnstown Sportsmen's Association, and for many years active in sportsmen's circles, has received the indorsement of the Cambria County Sportsmen's Association and the Southwestern District of the Pennsylvania Federation of Sportsmen's Clubs for the position of fish commissioner.

M. J. Farabaugh, of Carrolltown, the secretary of the county association, at a meeting held last Thursday night in the court house at Ebensburg, was instructed by the organization to send a letter to Governor Arthur H. James notifying him of the indorsements given Mr. Shreve and recommending that he make the appointment as soon as possible.

M. L. Banker, Huntingdon, president of the South Central District of the Pennsylvania Federation of Sportsmen's Clubs, was principal speaker at the meeting. He outlined the activities of the Federation and pointed out how sportsmen may gain more recognition by operating in conjunction with the federation.

It also was recommended that the an-

annual meeting of the Pennsylvania Federation in February be made a two day affair instead of one day. Increase in activities necessitates a two day meeting Banker told sportsmen.

Members also voted to dispense with the November meeting because of the hunting season. During the winter the association will meet Sunday afternoons instead of Thursday evenings.

Sportsmen representing 17 associations in the county, discussed the ring-neck propagation projects undertaken by a number of organizations in the county. It was reported that approximately 800 ring-neck pheasants were raised by clubs in southern Cambria county last year.

Sportsmen also voted to purchase 500 placards to be placed in the woods of the county, warning hunters to respect farmers' land and to exercise every precaution while using firearms.

HIGHWAY TRAFFIC DOOMS STATE'S OLD BRIDGES

Harrisburg.—Seven historic covered wooden bridges are scheduled for replacement under the state highway department's \$2,000,000 bridge improve-

ment program which is just getting under way. These bridges will be replaced with more modern structures capable of carrying an increased traffic load.

Columbia county leads the list with three of these old wooden structures slated for replacement. There are one each in Snyder, Union, Northumberland and Northampton counties.

SAVE TIMBER LANDS, CIO REQUESTS THE U. S.

A national program of "efficient and adequate reforestation" to protect the country's great natural resources, was demanded at the recent CIO convention in San Francisco. A resolution predicted that "virgin commercial timber will have disappeared in from 30 to 50 years" unless steps are immediately taken to reforest the timber country. Harold Pritchett, president of the International Woodworkers of America, took the convention floor to speak in behalf of the resolution and to warn of the dangers, not only to the men in his union, but to the nation as a whole unless a thorough going conservation policy is adopted.

PROTECT YOUR CAR

with the anti-freeze that's sealed in

"Five Star" Retardant Checks Evaporation! Heavy unbroken film, produced by the exclusive dual retardant in DuPont "Five Star" Anti-Freeze, holds evaporation to a minimum.

"Five Star" protects 5 ways against: 1. Freezing 2. Corrosion 3. Rust-clogged radiators 4. Overheating of engine AND . . . 5. Its exclusive dual retardant, developed by DuPont, holds evaporation to a minimum.

While "Five Star" is not offered as a permanent anti-freeze, its unique patented features make it render long and efficient service.

To the Voters of Cambria County

The Cambria County debt has been reduced over TWO MILLION (\$2,000,000.00) DOLLARS during our administration. Please remember that this was during the depression.

This saves ONE HUNDRED THOUSAND (\$100,000.00) DOLLARS a year in interest and State tax on bonds. This saving, together with the practice of constant economy and the saving to the County due to the Goodrick Act has justified your Commissioners in reducing your taxes TWENTY-FIVE (25%) PER CENT in 1938 from EIGHT (8) MILLS to SIX (6) MILLS.

In addition to the above, TWENTY-FIVE (25%) PER CENT reduction in taxes, practically all occupation assessments have been reduced. In 1933 the occupation assessment for "Laborer" was Two Hundred (\$200.) Dollars and the County Tax was One Dollar and Sixty (\$1.60) Cents. In 1934, this assessment was cut to ONE HUNDRED (100.) DOLLARS and the County Tax reduced to Eighty (\$.80) Cents. In 1938, after the tax reduction, this tax was Sixty (\$.60) Cents, a reduction of Sixty-two and one-half (62 1/2%) Per Cent, from One Dollar and Sixty Cents (\$1.60) in 1933 to Sixty (\$.60) Cents in 1938.

By continuing to reduce the debt and by continuing the practice of constant economy, further reductions can be made in your taxes.

There are four candidates for County Commissioner. The three receiving the highest vote will be elected. You can vote for two only.

Very few taxing bodies have reduced taxes, so I am asking you for a great big generous vote to show your approval.

I thank you.

JOHN THOMAS, Jr.
