

THE SECRET OF THE PUDDING

Time honored cooks have been credited with a sixth sense—an ability to prepare delicacies without definite measurements or recipe. But the true secret is naturally accuracy in preparation—accuracy in the choice and quantity of each ingredient, accuracy in combining, and accurate baking time and temperature . . . Electricity produces accurate heat for cooking consistently every day of the year. It is easily measured and accurately controlled. Your cooking equipment plays such an important part in meal preparation. Be sure of "measured heat" the most essential ingredient. Remember "electric cooking costs only 1/2 as much as you think."

Paul J. Long, son of Mr. and Mrs. Isidor T. Long, of Patton, was transferred December 23 from the preliminary training base at the Dallas Aviation School in Dallas, Tex., to Randolph Field in San Antonio, Texas. Mr. Long is a commissioned officer in the U. S. Army as a result of his graduation from West Point, and he is a student officer of the Air Corps training detachment. During his school career in the Patton high school, he was a member of the track team. At West Point he rose to the rank of cadet lieutenant and was a member of the cross country and track teams. Of the original 69 cadets, Mr. Long is one of the 39 who have successfully completed their courses at the Dallas Aviation School. One of the nine civilian schools recently designated by the secretary of war as training bases for the flying cadets, the Dallas Aviation School has recently been increased to 140. This section is practically free from fog, rain and sleet, and daily flights from the school are not impeded during the winter months. the Community Tree decorated by the Chamber of Commerce. The committee recommends that next year definite classification for prizes be understood and prizes awarded in each class. For example, first classification might be for outstanding and original display; second classification for home entrances; third classification for single tree or several trees. Prizes should be equal value in each group. Moreover all displays should be lighted on Christmas night and the following night. Patton may well be proud of the spirit of friendliness and pride in our community as shown by the large number and the attractive arrangements during the holiday season.

A very pretty wedding was solemnized in the Presbyterian church, Patton, at 4:45 p. m. on Christmas Day when Miss Claire Winifred Montieth of Patton became the bride of William John Shepherd, now of Wharton, N.
