

Patton Courier Established Oct. 1893  
Union Press Established May, 1935  
**UNION PRESS-COURIER**

Published Every Thursday by Thos. A. Owens, 723, Fifth Avenue, Patton, Pa., and entered as second class mail matter May 7, 1936 at the post office at Patton, Pa., under the Act of March 3, 1879.

F. P. CAMMARATA, Business Mgr.  
THOS. A. OWENS, Editor

Subscription, \$2 Yearly in Advance.  
Advertising Rates on Application.

The endeavor of the Union Press-Courier is to sincerely and honestly represent Trade Union Workers in efforts to obtain economic freedom through organizations as advocated by the CIO and AFL, and we solicit the support of trade unions. Material for publication must be authorized by the organization it represents and signed by the President and Secretary and bear the seal.

The Union Press-Courier gives its advertisers the advantage of the combined circulation of the two largest circulated weeklies in Cambria County and has a reader coverage that blankets Patton and the major mining towns.

WHILE we all want to be, and mostly are, good Americans sometimes we don't display that fact when the National Emblem is saluted. In fact some of the former service men themselves don't exactly know what to do when in civilian attire. rankly we are not sure ourselves, and just the other night at a flag review in the north of the county we observed a half a dozen different methods, all of which, of course, could not be right—so we looked the matter up.

DURING the ceremony of hoisting or lowering the flag or when the flag is passing in a parade or in a review, all persons present should face the flag, stand at attention and salute. When not in uniform men should remove the headress with the right hand and hold it at the left shoulder. Women salute by placing the right hand over the heart. The salute in a moving column is rendered at the moment the flag passes.

THINGS are looking up. In our present occupation there has been entirely too much of the political atmosphere. There are other things that are mighty important to a lot of other people too, and one of these things is the opening of trout season next Tuesday, April 15. There is a sharp division of opinion on early fishing. One school says that the weather, good or bad, should send one out on the first day of the season, others think it's best to wait until May. The latter crowd is in the minority. However both sides will be no exception. There'll be no fishing for this writer on Tuesday next. The powers that be at Harrisburg won't grant a legislative recess. Maybe that's best anyhow—about all we usually catch on a fishing expedition is a cold.

ACCORDING to news stories an area WPA office will be established in Johnstown, and it won't be necessary for Cambria Countians to travel 150 miles to Harrisburg. However, we will be part of the Harrisburg district under the new setup. For the past several weeks there has been a lot of complaining about the abolition of this Altoona office, but things apparently will be satisfactory now.

MATTERS are getting tough for the Aliens. Attorney General Reno has ruled aliens off the teaching rolls in Pennsylvania's public school system. An alien can't get a job in defense

Take the "BUN" out of Running Your Home!

Of course you like to answer the telephone promptly when it rings. You don't want to keep people waiting or miss important calls.

With extension telephone systems and in your kitchen, you can answer quickly and easily from any part of your home.

Extension telephones save time and steps, give you extra protection and convenience.

Call our Business Office today and let us tell you how little an extension telephone costs.

work. In many ways a lot of folks who have lived in, and derived the benefits of this great free land of ours for years and years are finding that it is really attractive to become a citizen. Few of these have ambitions to return to the "old country" after having accumulated their "fortune" here. The conditions of the erstwhile homeland of most aliens are such that the United States of America is their best bet. To most of them the song "God Bless America" should have a real meaning.

WHY is it that when Labor walks

out in some of our industrial plants, working on defense orders, there are so many people who are so willing to blame Labor for everything? Why does ownership and management always seem exempt in the minds of some who reside in our own and most all communities? Yet beneath the surface, it's seldom the men that cause all the trouble. Mostly you'll find them simply asking for their just share of the profits—something some owners are unwilling to give.

SOME of the good old Republican papers that have smarted through these

reputations, just simply can't get over the "New Deal," and daily take a "slam" at most anything that happens in the National administration. It is a peculiar fact that certain daily newspapers in this state, too, can point pictures of the state legislature that even the legislature know nothing about. Particularly can the Pittsburg Press go into a lot of contortions and perhaps make some people believe while in a peculiar fact that certain daily newspapers in this state, too, can point pictures of the state legislature that even the legislature know nothing about. still others are state highways that remain unimproved.

### Rural Address.

Danville, N. Y.—Draft board officials had to turn detectives to locate one registrant in this area, but they were finally able to reach their man. On his registration he had inserted his address simply as "grandmother's farm." It took quite a while to find out just who "grandmother" was.
