NATION'S BOY SCOUTS AIDING DEFENSE MOVE
History repeats itself! The Boy Scouts of America is living again the stirring days of 1917 and 1918. The present conflict recalls the service rendered the Nation when Scouting was only seven years old.

Now, on its thirty-second anniversary, the Boy Scouts of America are again serving America at war. These services range from poster distribution to blackout first-aid.

Early in 1941, before the U. S. became involved in actual war, the Boy Scouts of America were asked to take the responsibility for the distribution of posters advertising the sale of U. S. Defense Bonds and Stamps. The Boy Scouts put up 1,700,000.

Almost immediately the Office of Civilian Defense requested the aid of Boy Scouts of America in helping to collect scrap aluminum for airplane construction. Boy Scouts all over the Nation collected 10 million pounds of aluminum—eighty per cent of all that was collected.

Then came the appeal to collect waste paper. Thousands of tons of waste paper have been gathered by them already, and their quest continues.

As in the last World War the Boy Scouts are doing those things of which they are capable to help the home front in its fight for the democratic way of life. Scouting prepares boys for many "good turns" and America has learned through war and peace a Boy Scout is dependable.

Winter Sports Said Gaining Popularity in Keystone State
Reports received in the State Department of Commerce from Pennsylvania winter resorts indicate snow sports are rapidly gaining in popularity and that many persons seem to be suddenly "discovering" the fun involved.

Hotels and inns situated in sport regions report that their registers contain names of many new visitors as well as those of "died-in-the-wool fans" who return year after year to get relaxation and exercise.

The Department of Commerce receives hundreds of inquiries from the would-be skiers who want to know where to go for winter activities. "Winter Sports in Pennsylvania," a compilation of location, accommodation and facilities at Pennsylvania resorts, is available free of charge from the Department.

Pennsylvania's more than twenty winter sports regions are spread out all over the state and particularly in the east and northeast, central, northwest and southwest.

JOHN CASTEL REELECTED
John Castel was reelected checkweighman at the No. 4 mine of the Johnstown Coal & Coke Company for the first half of the present year. Geo. Mellon and Frank Gelmini were renominated at the No. 2 mine and Conrad Penne was renamed at No. 6 mine.

Repair Orders
Most parts of farm machinery have a serial number. If the part has a number and it is still legible it should accompany the repair order. In addition the serial numbers of the adjacent parts should accompany the order as reference numbers.

Gardeners Short Course
A special two-week short course from February 4 to 18 in home and community gardening will be given by Pennsylvania State College.

The Portage P. N. A. Athletic Club will hold a Polish-American dance at the New Polish Hall in Portage on Saturday, January 31. Music will be by the Commanders Orchestra, with dancing from 9 to 12.

NOTICE
The Commissioners of Cambria County have agreed to sell at private sale the hereinafter described property for the sum of \$50.00 to Harry O. Stoltz and Clemmie M. Stoltz, his wife.

The Court of Common Pleas has fixed the 2nd day of February, 1942, at 10:00 o'clock a. m., in the Court House, Ebensburg, Penna., for a hearing on the Petition for confirmation of said sale, the property to be sold is assessed in the name of John E. Reagan in the Second Ward of Patton Borough and was sold to the County on the 13th day of October, 1930.

The total amount of taxes, municipal claims, penalties, interest and costs due is \$81.21.

BISHOP CALLS SCOUTERS MEETING AT ST. FRANCIS ON SCOUT ANNIVERSARY

Plan Establishment of Troop in Every Catholic Parish in Altoona Diocese

The program of Most Rev. Bishop Richard T. Guilfoyle for the establishment of at least one Boy Scout Troop in every parish of the Altoona Diocese will get under way early next month with a meeting of Catholic laymen at the Loretto college.

In connection with the plan for organizing approximately 60 troops in the diocese the bishop has disclosed that invitations have been issued to ten men of each parish to attend the St. Francis meeting scheduled for the afternoon and evening of Sunday, February 8—Scout Sunday and the anniversary of the Boy Scouts in the United States.

Keynote speaker for the conference will be Most Rev. Francis C. Kelly, Bishop of Oklahoma City and Tulsa, Bishop Guilfoyle announced. Representing the National Council, Boy Scouts of America, will be Dr. Ray O. Wyland, director of education and relationships.

Bishop Kelly is chairman of Committee of Catholic Bishops who wish to establish a Boy Scout Troop in every parish in the United States.

In addition to invitations issued to approximately 1,400 laymen to attend the February 8 conference at Loretto, Bishop Guilfoyle has requested the presence of officials of Admiral Robert E. Peary Council and Blair-Bedford Council, Boy Scouts.

Approximately 100 scouters from the two councils will attend for the purpose of starting the large program of giving instruction to adults. Laymen will register at 3 p. m. in the main building at the college and at 3:30 o'clock Bishop Guilfoyle will make the address of welcome and will outline the purpose of the program.

Addresses by Bishop Kelly and Dr. Wyland will feature afternoon session. The evening program calls for a group meeting of the Catholic men under the direction of Boy Scout officials.

At least 40 new troops are planned for Catholic parishes in the territory served by the Admiral Robert E. Council.

CARMELITES FACE MONASTERY LOSS BECAUSE OF LOANS

Forclosure Sale May Be Forced Due to Unpaid 'Schwab Debts of Honor'

Due to the insolvency of the estate of the late Charles M. Schwab, the monastery of St. Therese of Lisieux, Loretto, may be sold at foreclosure sale.

This was revealed when Attorney Randolph Myers, Ebensburg, filed suit in the office of Prothonotary J. L. Hite to have 10 shares of preferred stock of the Penn-Cress Ice Cream Company transferred from Mr. Schwab, in whose name the securities were registered, into the hands of the monastery. The Charles M. Schwab estate, of which the First National Bank of Ebensburg is ancillary administrator, is also made a defendant in the suit together with the ice cream company.

The late steel magnate, it is charged, had the monastery corporation go on 20 notes totaling \$20,000 for him. The notes, according to the bill of complaint filed in the suit, were signed by a monastery official merely as an accommodation to Mr. Schwab, who, it is charged, represented to the monastery "that the use of the name of the monastery would be temporary accommodation and that he (Mr. Schwab) would pay the full amount of the obligation during his lifetime or provide for the payment thereof in the event of his death."

When the monastery official agreed to indorse the notes as an accommodation, Mr. Schwab, it is alleged, executed in blank an assignment of 150 shares of the preferred stock of the Penn-Cress Ice Cream Company. The transaction was not put in writing, however, and the ice cream company and the ancillary administrator of the Schwab estate have refused to turn the stock over to the monastery without a court order. The stock when appraised as an asset of the Schwab estate was valued at \$5 a share.

PRIORITIES NECESSARY TO GET MINE EQUIPMENT
Richard Maize, Pennsylvania secretary of mines, states that producers of coal, firestone, limestone and kindred products obtained from the land must apply for priority ratings to get materials required in mining operations.

Urgency of the need for the materials is determined through an investigation by state mine inspectors, he said. Operators then may obtain the material, such as machinery and pit posts, according to priority serial numbers issued to the applicants.

For example, Maize said, an A-1-A rating would be issued where lack of supplies would force a mine to close or would cause a loss in production. In such a case the supplies would be forthcoming in ten days to two weeks.

The official also said operators are
