

ARE YOU ON A PAYROLL OF HONOR?

Our Country, Your Country, is at War. We are at war because of a treacherous attack by a Totalitarian Nation opposed to every ideal Americans hold dear.

Democratic America is slow to arouse, but when we go to war we go in to win. We MUST win, for we have our heritage of freedom, our legacy of independence at stake.

Moreover the freedom of men and women in all the Democracies of the world hangs in the balance in this war.

All-out war, total war, costs money. The price will be billions of dollars and those billions of dollars must come from the pockets of the American people, your pockets. No price is too dear for us Americans to pay for the right to live our way of life; no cost is too great for the defense of our sacred Bill of Rights.

Our Government has provided a method which will help provide the necessary funds to meet the cost of war, and in addition will give every man, woman and child who so invests, a comfortable savings nest egg for the future—the lending of our money through the sale of Defense Savings Bonds or Stamps.

For us it's either a question of Bonds or Bondage. The American, and the Democratic, way is for the volunteer purchase of Defense Savings Bonds or Stamps, regularly, systematically, without pressure or coercion.

So, let's do it the American way. The easiest, the most efficient and the most businesslike way is through some Payroll Savings Plan, whereby each payday we authorize our employers to set aside a specified sum for the purchase of a Defense Savings Bond.

Systematically, universal Defense payroll savings from the forty million workers in America is the simplest, easiest method to reach this goal to provide the necessary money to defend adequately America by providing our fighting men with the supplies and equipment they need on the battle fronts.

So let's make every payroll in the Nation a Defense Savings one. Let's make it a payroll of Honor. Are you on such a payroll?

Refugees See Parents Starve

Children Land in New York, Faces Haunted by Sight At French Camp.

NEW YORK. — Fifty-six refugee children, some of them aged beyond their years by the experience of seeing their starving parents begging for bread through the barbed wires of a French concentration camp, were among 301 passengers who arrived recently from Portugal aboard the Portuguese liner Sepira Pintia.

The worn-looking children, already saddened to hear that some of their shipboard playmates were ill, broke down and wept when telling how they said good-by to their parents at Camp de Gurs in France.

"It's horrible that the children are sick," said a little brown-eyed blonde girl, "but it's not as bad as throwing bread to mommy."

Some of the children said they had seen their parents die of starvation and punishment they had suffered. Others were appalled at the changes in their parents after months in the concentration camp.

Thin and Frightful. "Daddy looked frightful and old," another little girl said. "He used to be big and fat. He looked as thin as a snake."

The children represented 15 different countries, but most of them came from Germany, Austria and Czechoslovakia. They were brought to the United States by the United States Committee for the Care of European Children and were met at the ship by representatives of the Hebrew Sheltering and Immigrant Aid society and the Joint Distribution committee.

Berlin Boy Breaks Leg. One of the fever victims was 11-year-old Claus Peter Gossels, a native of Berlin. An active youngster, he entertained himself the first few days at sea by scrambling about the ship's rigging. Then, one day he fell, and suffered a double fracture of the left leg. The broken leg was set at a hospital in Bermuda.

More Jobs in Prospect For College Students. AUSTIN, TEXAS.—Young Americans asking to work their way through college will have an easier time this fall than ever before if expectations of Dean Arno Nowotny, head of the University of Texas student employment bureau, prove correct.

some 2,000 young men and women obtain jobs each year, said defense work and the draft have taken many workers.

"Consequently, we expect the largest number of part-time job openings for students in history," he added.

Total income of working University of Texas students last year was \$57,000,000. More than 60 per cent of the students work.

Potato spray materials, especially copper sulphate, should be ordered early, caution Penn State extension pathologists. Those that delay may find themselves without materials when the season arrives.
