

PATTON BRIEFS

The VFW held a dinner last Thursday night in their club rooms for the boys that will be leaving soon for service with the U. S. Army. There were 34 in attendance.

Miss Alva Whiteford spent last week at the home of R. E. Bowers of Johnstown, Pa.

Tec. Sgt. Richard W. Bowers of Orlando Air Base, Florida, spent the past week end at the home of Mr. and Mrs. William Whiteford.

Mrs. Donald Grief and son Ronald of Youngwood, Pa., visited among relatives here recently.

Mr. and Mrs. Edgar Eckenrode of Cleveland, O., spent the week end here visiting among relatives.

Mr. and Mrs. Orville Eckenrode of Patton R. D. announce the birth of a son March 14, named William Joseph.

LOST—Yellow gold wrist watch, black band. Probably lost in Eagles' Home or near it Saturday night—Mary Cox, Patton R. D.

Mr. and Mrs. Thomas Heig and Miss Margaret Conroy of Baltimore, Md., spent the week end with their parents.

Mrs. William Hoover spent the past week end in Pittsburgh.

Richard Shannon, of Mellon Ave., underwent an operation last week at the Miners Hospital, Spangier, for appendicitis. Mr. Shannon's condition is as good as can be expected.

The Ladies Guild of Trinity Episcopal Church wish to thank everyone who so kindly donated and patronized their Annual St. Patrick's Day Supper, the proceeds of which netted a very nice sum. The Guess cake was not won by anyone, as it contained two grains of oats. It was "devoured" by the ladies who helped at the supper.

Mr. and Mrs. Edward Rounsley and daughters went week end guests at the home of Mr. and Mrs. Abe Casher of Johnstown.

Miss Versada Cordel is visiting at the Paul Esley home in Hastings. Miss Eleanor McConagal, student nurse at Mercy Hospital, Pittsburgh, is spending a two week vacation at her home on Palmer Ave. Miss McConagal received her Cap along with 75 other students at the exercises held at the nurses' home on February 27.

The Annual Bake Sale will be held by the B. M. W. Sodality of St. George Church at Haisuka Myford on Holy Saturday, April 4. The girls will be there to serve you from about 10 a. m. in the line of baked goods—cakes, pies, breads, cookies, candies, doughnut and colored Easter eggs.

In orders just issued by Col. James A. Stevens, Commanding Officer, Indian town Gap Military Reservation, Corp. Wayland J. Fregley, Headquarters Detachment, son of Mr. and Mrs. Frank Fregley of Patton, was appointed Sergeant. Military authorities state that Sgt. Fregley's promotion was based on his attention to duty and soldierly qualities.

The room in the Good Building formerly occupied by the O. O. F. Lodge here has been rented by the Civilian Defense Council. It is planned to have telephones installed therein. These rooms will be used as general headquarters for the local Civilian Defense Council.

Thomas W. Munroe of Derry, formerly of Cherry Tree and well-known in Patton, has been called for active duty in the Army.

Sgt. Lewis F. Smith, located with the U. S. Army Air Corps at Bolling Field, Washington, D. C., spent the week end with his parents here.

Mr. James Baker, son of Mr. and Mrs. Harry Baker, spent the week end in Patton. He is employed by the Johnstown Traction Co.

FATTON GARDEN CLUB The Patton Garden Study Club met in the club room Tuesday evening with Mrs. Chas. Snyder presiding in the absence of Club President Mrs. Frank McConis.

The club's attention was drawn toward the display of flowering shrubs by Mrs. Worrell, who explained that in the collection she had two varieties of apple, one pear, one European larch, one Forsythia, one flowering crab, one Japanese cherry and a pussy willow, all in bloom.

Mrs. H. C. McWilliams then spoke of vegetable gardens and illustrated with slides. He advocated that a surplus of vegetables be grown to be canned for winter use, and explained the use of fertilizer around plants.

Mr. McIntyre of the local high school and Mrs. James Snyder both will have leaflets on garden troubles for distribution.

The next meeting of the Garden Study Club will be held April 20.

★ YOUR HEALTH ★

From the Board of Trustees of the Medical Society of the State of Pennsylvania of which the Cambria County Medical Society is a component...

Through the process of grinding and refining wheat into white flour, much of its vitamin B1 is lost.

Two years ago billions in all parts of the United States started making Enriched Bread.

Enriched Bread is bread to which vitamin B complex and a certain amount of iron have been restored.

These factors are the ones known to be removed to the greatest extent in the milling of white flour.

Thirty-five per cent of all white bread sold in the United States today is Enriched Bread.

In view of the fact that 98 per cent of the bread Americans eat is white bread, consumption of Enriched Bread should be widely increased.

People are becoming educated to the fact that Enriched Bread has in it vitamins and minerals often missing from the average person's diet.

Most people prefer "white bread"—it looks better, tastes better and is more readily digested than so-called whole grain bread.

Enriched bread is white bread fortified with valuable vitamins and calcium and high grade protein, all of vital importance to bread eaters of any and all ages.

The vitamin B1 content in the daily diet of more and more persons may be greatly improved by the eating of Enriched Bread.

A nation must feed its people properly if it is to be strong.

Enriched Bread, by giving back to the people vital nutritive factors lost through modern milling processes, is making an important contribution to the national diet.

It costs the consumer no more.

Parade Ground in Northern Ireland

There are now many U. S. troops stationed in Northern Ireland, several A.E.F.s of considerable size having landed safely. This photo, taken somewhere in Northern Ireland, shows part of the U. S. troops on the parade ground as they were reviewed by Maj. Gen. Russell F. Hartle and his officers.

MARSTELLER NEWS

Mrs. Peto McClelland of Barnesboro was a recent visitor at the home of her parents, Mr. and Mrs. Fred Shrock of Marsteller.

Miss Viola Leonard of Barnesboro was a recent visitor at the home of her uncle, William Leonard.

Treat Seed Oats

When untreated seed is planted, it takes a toll equivalent to one acre in eight, according to Penn State plant pathologists. They recommend treating oats from last year's smutty fields before sowing. Use organic mercury dust or the formaldehyde treatment at a cost of 2 to 4 cents per acre.

FOOD-FOR-FREEDOM SUCCESS DEPENDING ON HOME GARDENS

Village and suburban gardens will account for most of the increase in home vegetable production expected from the victory garden program, according to E. J. Hughes, Ebensburg, chairman of the victory garden committee of the Cambria County Council of Defense.

Hughes urges victory gardeners to enroll at the earliest opportunity with the number and area of intended gardens is needed in order to enable dealers to provide sufficient seed, fertilizer and insecticides.

Any gardener who plans to produce more food at home for the needs of the family will be recognized as a victory gardener in the "food-for-freedom" campaign to be carried out in Pennsylvania under the State Council of Defense.

Information and other services will be made available in reply to communications addressed to Chairman Hughes at Ebensburg.

LOVE, ADVENTURE, THRILLS ALL IN 'BARABARA PASSAGE'

A love story told in some of the most beautiful Technicolor to be seen on the screen of the Grand Theatre in Patton Sunday and Monday. The film, starring Madeline Carroll and Burling Hayden, is "Barabara Passage," and it was filmed in the West Indies, 4,500 miles from Hollywood.

The story is one of life on the salt-producing island of Salt Cay, a tiny, sparsely populated five-mile long bit of land located in the Atlantic Ocean. Yes, "Barabara Passage" was worth the trip to Salt Cay for its production, and it's well worth a trip on your part to the Grand Theatre.

METAL CURTAILED FOR NEXT YEAR'S LICENSES

The 1942 dog tags, auto licenses and postpaid licenses are going to have to last for the duration, the War Production Board has notified states, cities and counties.

In an order aimed at conserving annually an estimated 20,000 tons of sheet metal stamped for use on motor vehicles the WPB prohibited the issuance of new metal plates except to new licensees, or to replace lost ones.

Instead, small metal "date tabs," or strips not more than four inches square will be attached to old plates to bring them up to date.

Winners: Sat., Mar. 14

John Pysal, Harrisburg—\$25 Defense Savings Bond.
Mary Hollows, Marsteller—7-Way floor lamp.
Roteo Pampa, Barnesboro—Beautiful end table.

WOLF'S ARE OFFERING \$25.00 Defense Bond 7-Way Floor Lamp Beautiful End Table

The next drawing will be Saturday of this week, with drawings to be held every other Saturday. You may be the person that will receive one of the Free Gifts. Registration cards must be filled out between every drawing to be eligible to win.

MEN WITH DEPENDENTS MIGHT FACE ARMY DUTY

Fundamental changes in the draft system—changes that will affect most of the men now deferred from service—are now in the making.

The changes will result in a reclassification of those deferred by reason of dependents and those deferred as necessary to the "national health, safety and interest."

These changes are necessary because the supply of manpower is dwindling and the demands are rising sharply.

Class 3 will be split into two groups, 3A and 3B. In 3A will be placed those whose jobs are in non-essential industries or occupations, not directly connected with the war effort. In 3B will be placed those whose jobs are directly war-connected.

In the next few weeks draft headquarters will send local boards a memorandum on every industry, classifying it as war-connected or not.

Thereafter the emphasis is on classifying men, not on classifying their jobs. This does not mean that all men who have dependents will be called for service. A man who has three or four children probably never will be called.

But the marginal cases of dependency—for example, a man who contributes a small amount to a relative whom he does not live with—will be called.

Men with several dependents will have an incentive to shift from non-essential occupations to war-connected ones.

This change will be gradual, and men with dependents should not be unduly alarmed that they will be inducted soon, it was emphasized.

STATE AGENCY WORKERS GET SLIGHT WAGE INCREASE

Salary increases ranging from \$65 to \$125 a year were ordered Thursday for more than 600 workers in Bureau of Employment and Unemployment Compensation of Pennsylvania.

Lewis G. Hines, secretary of labor, explained the raises came "under regular procedure" governing civil service. The increases amounted to 25 cents a month for workers earning \$1,000 a year and were graded upward on a basis of former salary.
