## DIRECTORS UPHOLD STULL'S PAY RAISE

Three School Men Attack Salary Hike at Meeting; Members, Delegates Selected

In the face of bitter denunciations of their action in raising the salary of Dr. Arthur M. Stull, county superintendent of schools, from \$6,000 to \$8,000 per year, and those of his three assistants from \$4,000 to \$5,000, the Cambria County School Directors Association went on record Thursday afternoon of last week by a vote of 11 to 25 in upholding the pay hike.

The vote came near the close of the second session. Before the vote was taken at Ebensburg on the report of the resolutions committee in which the pay raise was upheld, the directors listened to strong opposition from three directors while one took the floor to voice his approval.

Principal opposition was voiced by R. M. Niebauer, of the East Carroll Twp. School Board, who, as a member of the executive committee of the Pomona Grange, previously had scored the action of the school men in increasing salaries of Dr. Stull and his aides.

M. W. Nedimyer, Flinton, and Harvey C. Hunt, Jackson Twp., were re-elected as members of the county board of directors for six-year terms. Judge Ivan J. McKenrick, Ebensburg, and Dr. Leadbetter also were nominated but withdrew before the vote was taken. M. C. Lynch, secretary of the board, but not a member, was also a candidate.

Attorney Clarence E. Davis, Ebensburg, and Mr. Appleyard were elected as delegates to the state convention of school directors to be held in Harrisburg next February. Other candidates were Donald Hunt, Conemaugh, and William P. Brown, Barnesboro.

J. T. Luther, Richland Twp., was elected auditor without opposition. Speakers were Dr. J. M. Usher and Lawrence Davis, both of the Indiana State Teachers College. P. O. Van Ness, executive secretary of the State School Directors Association, Dr. C. Howard Witmer, second vice president of the state association, and Miss Leah Thorpe, Norristown.

## EVANS URGES RETURN TO FORMER WAY OF INDUCTION IN STATE

Col. Benjamin F. Evans, acting state selective service director, has submitted to Washington authorities a formal request for return to the former plan of "immediate induction to eliminate 'damaged morale and definite hardships' on registrants for military service.

In a letter to Maj.-Gen. Lewis R. Hershey, national draft chief, Evans

## One word that can win (or lose) the war!

WHEN YOU ADD it all up . . . When you cut through the fog . . . One word is going to win this war or lose it.

That one word is . . .

IF.

We're going to win this war . . . if we spit on our hands. If we work till it hurts. If we SWEAT instead of perspire.

If we roll out far more guns—far more tanks—far more ships—far more planes.

And if we don't forget for a minute that guns and tanks and ships and planes cannot pay for themselves!

If we remember it takes money. Lots of it. The Government is asking us to lend it. Not just our spare cash. But every blessed dollar we can afford.

The Government wants us to buy Stamps and Bonds with it. And still more Stamps and Bonds.

Let's not make the fatal mistake of sitting back and letting the other fellow do it. Let's do it now. Everybody. You. Me. Us. All. Start now buying Stamps and Bonds every pay day.

Show the man behind the gun, the man on the sea, the man in the air, that you're going to see this thing through—and see it through NOW!

Remember, you can start buying Bonds by buying Stamps for as little as 10 cents and that you get a \$25.00 (maturity value) Bond (Series E) for only \$18.75.

pointed out protests by many of the commonwealth's 422 draft boards and civic and veterans' organizations against the present "immediate induction" plan instituted on April 1.

The state plan, used nationwide for a year until last month, gave the registrants passing final physical examinations 10 to 30 days to settle their affairs. Under the present system, physically sound draftees are sent to the Army reception center immediately and rejected men are sent home.

Evans said he favored return to the former plan "even though the period of time allowed inducted men to straighten out personal affairs be reduced to 10 days." He emphasized the present system works a hardship on both accepted and rejected men, particularly the latter, who sever civilian ties and leave jobs—only to come back home.

Under the state plan, embarrassment and humiliation were avoided because potential soldiers didn't have to worry about immediate induction or rejection and could maintain their normal status without anyone knowing the difference.

## A. F. L. AND C. I. O. AGREE ON PROCEDURE SETTLING UNION-OWNER DISPUTES

The presidents of the A. F. L. and C. I. O. have agreed on a procedure for settling all union jurisdictional disputes for the duration of the war.

In brief, the agreement provides for mediation of such disputes by labor's representatives on the War Labor Board. If that fails, the parties agree to resort to arbitration.

"Under procedure worked out with Philip Murray, president of the C. I. O., and William Green, president of the A. F. L.," said an announcement by WLB Chairman William H. Davis, "all jurisdictional questions in cases coming before the War Labor Board will be referred as a matter of course to the labor members of the board for adjustment."

## Immediately after an air raid is a critical time

That's when calls FOR HELP are most important

That's when Air Raid Wardens or other officials must call for ambulances, for doctors, for fire-fighting apparatus.

If the telephone lines are crowded with other calls, the calls which may mean life or death do not get through.

DURING AND FOR AN HOUR AFTER AN AIR RAID, DO NOT USE YOUR TELEPHONE. KEEP TELEPHONE LINES CLEAR FOR EMERGENCY CALLS.

This is vitally important—for the protection of yourself, your family and the whole community.
