The party rules provide the chairman and vice-chairman must be elected not earlier than the first Monday in May nor later than the first Monday in June, but that a ten day notice must be given the committeemen and committeewomen. Ross and Martin Are Winners in Primaries

McCloskey Wins Democratic, and Tibbott Republican Nominations for Congress; Ross and Davis Lead Their Parties in Cambria County; Voting Very Light in All Sections of State

State Auditor General F. Clair Ross, backed by National Committeeman David L. Lawrence, was nominated as the Democratic gubernatorial candidate with very substantial margins in Tuesday's primary. Judge Ralph Smith was second and Luther Harr a very poor third. On figures of early returns Speaker of the House Elmer Kirooy, is the nominee for Lieutenant Governor and Leo A. Achterman, Secretary of Internal Affairs.

Major-General Edward Martin, the Pew-Grundy organization candidate, apparently has won the Republican nomination for Governor over United States Senator James J. Davis, in a campaign that was full of mud-slinging, and the bitterest fight of the Pennsylvania primaries. John C. Bell is the nominee for lieutenant governor and William S. Livengood, secretary of internal affairs.

Cambria county gave substantial leads for Senator Davis, but Ross lead Smith substantially in the county.

County Commissioner Eddie McCloskey was an easy winner for the Democratic congressional nomination

in the 27th district, and Congressman Harve Tibbott ran away from his opponent, Col. Lampke for the Republican nomination.

Other offices had no contests in either party. In the Democratic field they are as follows: Supreme Court—Grover C. Ladner, Philadelphia County.

Assembly—First District—James Gatins and Edward T. McCall. Assembly—Second District—Thomas A. Owens, Carrolltown; Michael C. Chervenak, Jr., Portage, and Albert L. O'Connor, Loretto.

State Committee, Cambria County—George C. Hoppel, Patton, and Kathryn Q. McGuire, Johnstown.

Republican Assembly candidates unopposed, are Walter E. Rose and Paul H. Gross in the first district, and Albert Scott Beam, Upper Yoder township; Edith G. Miller, Geistown, and William R. Stich, Carrolltown, in the second district.

Cambria county's 1942 primary election set a new low in the number of voters who exercised the right of franchise. About 27 per cent of the registration went to the polls.

BOY FINDS FATHER CRUSHED TO DEATH

A thirteen year old Bakerton boy Saturday afternoon found the badly crushed body of his father under the brick wall of an abandoned mine building he was tearing down to obtain bricks. Victim of the unusual accident was Peter Dalpra, 60-year-old Bakerton coal miner. He was crushed to death about 11:30 Saturday morning when he was caught under a portion of the wall of the building when it fell while he was dismantling it. Coroner Patrick McDermott said the man's head and chest were crushed badly and that he probably died instantly.

According to authorities Mr. Dalpra had started to tear down the building Saturday morning to obtain the brick to construct another building at his home. The old sub-station was owned by the Barnes and Tucker Coal Mining Company.

When Mr. Dalpra failed to return home for lunch, members of the family became alarmed and started to search. The 13-year-old son, Clarence, found his father's body under the heavy wall. He returned to Bakerton and summoned neighbors. Four men lifted the wall off the body.

Mr. Dalpra had been employed as a miner in Bakerton for the past 22 years. He was born in Europe and came to this country 39 years ago.

Surviving are his widow, Mrs. Santa Dalpra, and these children: Mrs. Michael Bernicci, Colver; Mrs. Chas. Stricker, Pittsburgh; Guy Dalpra, of Ebensburg; Lucy and Elizabeth Dalpra, both of Pittsburgh, and Robert, John, James, Clarence, Anna and biatilda, all at home.

The victim was a member of Bakerton Local, No. 1269, United Mine Workers of America.

NOTED COMMENTATOR FOR COMMENCEMENT OF LOCAL HIGH SCHOOL

Robert Kazmayer, Writer and Lecturer on World Events to Feature Exercises.

The annual commencement exercises of the Patton High School will be observed with a fitting program at the Grand Theatre on Wednesday evening of next week, starting at 8 o'clock.

Eighty-eight pupils will receive diplomas from the hands of Dr. B. J. Overberger, president of the Patton School Board at this time, and music for the affair will be rendered by the Girls' Chorus of the High School and members of the Senior Class.

Principal speaker of the evening will be a treat for Patton people. He is Robert Kazmayer, writer, news commentator, and lecturer on world events. His topic at the Commencement program will be "The Challenge That is America."—"The factors that made—and will keep the United States the World's leading Nation."

Robert Kazmayer is unique among the speakers on the platform today, he has not only traveled over head-line countries, he has actually worked in them and lived among those who work—starting out directly upon graduation from high school, he spent two years working his way completely around the world, visiting Central and South America, Japan, China, Australia, India, Egypt, then in school for a year, and then to England, France, Germany, Poland, and Russia—since that time over Europe six times. Attended University of Rochester and was prepared for the Methodist Ministry in the Colgate Rochester Divinity School.

He was correspondent for a number of years for various national youth journals and as a speaker is a showman in the best sense of the word, utterly fearless, with the passionate intensity of the old-time Methodist circuit rider, to whose fellowship he belongs.

Patton, indeed, can look forward to a treat on commencement night. Mr. Kazmayer's unique experiences as a working wanderer, a true vagabond of the old school, to gether with his educational background make him not only a natural as an interpreter of today's news—they make him a find for any lecture service.

MINERS MAY GET EXTRA PAY DUE TO LOSS OF VACATIONS

Mines Secretary Richard Maize has disclosed that most anthracite and bituminous coal operators are planning to give employees extra pay in lieu of vacations this summer because of war-spurred solid fuel production.

One group of western Pennsylvania operators already have decided on that course and other groups in both the hard and soft coal fields are expected to follow their lead. The vacation period extends from June 27 through July 4.

At the same time Maize announced that coal production generally "is being curtailed" because many miners make a practice of taking time off unnecessarily.

Declaring that "the coal industry is the foundation of the whole war program," Maize appealed to miners "to keep the mines operating at capacity."

Maize commented on the fact that coal production was considered by national selective service men to be important enough to authorize draft deferment of key colliery employes.

Consequently, he said, "the miner's whole-hearted acceptance of his full duty during the present crisis will be looked upon by the Nation as a perfect act of patriotism," and he added that "I have no doubt of the miner's sincerity and willingness to aid the Nation in its struggle for peace and liberty once he's shown how he can best render this aid."
