PHILADELPHIA AVE. BARNESBORO

## MINUTES OF LAST PATTON BORO COUNCIL'S MEETING

Patton Borough Council met in regular session for the monthly meeting on July 10. Nehrig, Little, Ott, McLaughlin, Yahner and Zahursky were present.

Mr. I. S. Horton, manager of the Water Works Operating Service, was present and explained a proposal to make maps showing the location of all main and service lines, valves and curb boxes. For this work he quoted \$400 for which the Borough would receive a set of black line prints showing the location of all water lines, service lines, valves and curb boxes.

After consideration, upon motion by Yahner, seconded by McLaughlin, it was voted to accept the proposal by Mr. Horton to furnish the Borough with said set of maps for \$400, the understanding being that the work is to be started about the 15th of Sept.

and payment to be made at the completion of the work.

It was agreed that Chief of Police Bender would take his vacation beginning August 1, for a period of two weeks, and the burgess was instructed to hire a policeman for that time.

The matter of street lighting was deferred until the next meeting.

President of Council reported that he had authorized a letter to be written to the WPA requesting the reopening of the Sewing Project. The action was approved. Council was advised that prices of calcium chloride for Beech Ave., as there remains a possibility that asphalt may be secured for use in covering this street with bituminous surface.

Council was advised that Pennsylvania Edison had quoted a price of approximately \$150 to put in a private power line to the Recreation Center. Upon motion by Nehrig, seconded by Little, it was voted to authorize the company to proceed.

Upon motion by Zehursky, seconded by Yahner, it was voted that the Borough accept the swimming pool project as completed, and the fiscal officers be instructed to execute the necessary forms as requested by the WPA. A letter was received from C. Hasson, Borough solicitor, in reference to incorporating the Recreation Center into the Borough. After discussion the secretary was instructed to have the necessary maps drawn up for filing with the Court to proceed with the incorporation of the land.

The Recreation Commission presented the following report to the Council:

Income for June	\$822.57
Expenses for June	\$372.28
Net Income for June	\$450.29

Bills were read and ordered paid, and Council adjourned.

Cancer is not contagious or due to a germ.

Cancer, in its early stages, is seldom accompanied by pain.

The modern laboratory and early diagnosis form the front battle line against cancer.

**YOUR HEALTH**

From Editorial Committee of Board of Trustees of the Medical Society of Pennsylvania, which Cambria County Medical Society is a component . . .

Half of the people in the United States do not know that cancer may be cured if treated in time.

Two-thirds of the people are not familiar with symptoms of cancer.

A disease that ultimately kills one person in every ten should be given wide publicity as a national calamity.

From 30 to 50 per cent of the number of cancer deaths can be prevented if public and the physicians take advantage of known facts concerning its control.

The medical societies of Pennsylvania have consistently and by various means warned the people of cancer.

Here are a few simple facts about cancer, one of the oldest known diseases.

Cancer is frequently curable when adequately treated in early stages.

Cancer is always fatal if left untreated.

Cancer is a disorderly growth of cells within the patient's body.

Cancer is a rapidly growing tissue serving no useful purpose in humans.

Cancer is at first a local growth that spreads to other organs if not destroyed or removed.

Cancer is often preceded by visible tissue changes recognized in many cases as a precancerous stage and therefore preventable.

Cancer is stimulated by prolonged irritation of the tissues in which it occurs.

Cancer is treated successfully by one or more of the following: surgery, x-rays and radium.

## BOYS OF SCHOOL AGE ALLOWED FOR FARM WORK DURING WAR

Boys between 14 and 16 years of age may obtain farm work permits to assist in harvesting plants and crops during summer months, Dr. Francis B. Haas, state superintendent of Public Instruction, has announced.

Shortage of adult farm labor during the war prompted the order permitting the hiring of youngsters for farm work during the peak periods, Dr. Haas explained in instructions to school authorities throughout the state.

Proof must be shown through local U. S. Employment Service offices that labor in the higher age levels is not obtainable. Dr. Haas instructed school superintendents to issue farm work permits to the 14-16 group even though the economic circumstance of the parents does not require it.

Commenting on the new order, Dr. J. Ernest Wagner, head of the Johnstown schools, said that heretofore issuance of farm or domestic service permits has depended primarily on evidence that such grave financial distress exists in the family to make necessary the employment of young boys and girls to help increase the family income.

School laws permit issuance of work permits to minors 15 and 16 years of age if they have completed the sixth grade and to 14 year olds upon completion in public or private schools the equivalent of the highest grade of the elementary school organization prevailing in the public schools of the district in which the minor resides.

**"TWIG THIEVES"**

So acute is the shortage of fuel for cooking in Chinese cities that every available twig is utilized and "twig thieves" reap a harvest in stolen twigs. They roam through city back streets, stealing small lower limbs from the trees by means of a hook on a bamboo pole.

**WEDDING BELLS**

**BENKO-NEILSON.**

Miss Patricia Neilson, daughter of Mr. and Mrs. G. T. Neilson of Sonman became the bride of Dr. J. H. Benko son of Mrs. Amalia Benko, at a beautiful wedding held in the Lutheran

church at Portage on Wednesday, May 27th, at 10 a. m. The Rev. Uhler officiated and Miss Viola Hess played the organ and sang "I Love You Truly" and "O Promise Me." The bride was given in marriage by her father, Mr. G. T. Neilson, formerly of Patton. She was attired in a long white gown of brocaded sheer nylon with long sleeves and sweetheart neckline, particularly designed and made by her mother, Mrs. G. T. Neilson. Her long tulle veil, edged in rose point lace and held in place by a tiara of seed pearls, was gracefully carried by her tiny sister, Peggy Ann. She carried a bouquet of peach blended talisman roses. The groom wore a rosebud in his lapel. Miss Theda Neilson, sister of the bride, acted as maid of honor, and was attractively groomed in pink chiffon. She wore a lace and ribbon wreath and carried a bouquet of pink and white peonies. Miss Georgetown Neilson, another sister of the bride, and Miss Annabelle Sutton, were bridesmaids. Miss Neilson was Sutton wore an aqua chiffon gown with baby sequin trim. She wore a

pink satin ribbon in her hair. Miss Sutton wore an aqua chiffon gown and an aqua satin ribbon in her hair. Both bridesmaids carried bouquets of pink and white peonies. Dr. Ernest J. Benko, brother of the groom, was the best man. Mr. Andrew Kittell and Mr. Patrick Neilson, brother of the bride, served as ushers. They wore white gardenias on their coats. Dr. Benko attended Carnegie Tech and is a graduate of the University of Pittsburgh. Miss Neilson attended Mt. Alloysius Academy at Cresson and Vogue Beauty School at Altoona. The newlyweds will make their home in Portage. A reception was held in the evening at the bride's home. Among the out of town guests was Mrs. Alfred Sweedburg, of Patton, grandmother of the bride.

## A King Takes a Ride in a Jeep

Shown in this picture are Edsel Ford, Detroit manufacturer, and King Peter of Yugoslavia, as they take a ride in a "jeep" at the Ford River Rouge plant, in Detroit. This "shot" was taken when the boy king visited the great defense plants in the former automobile manufacturing center. Before stopping at Detroit, Peter visited in Washington.

## As Nazi Saboteurs Went on Trial for Lives

"Black Maria," right, with guard on rear, pulls into the archway of the Justice Department building in Washington, filled with eight Nazi saboteurs who were tried by a military commission. The armed military guard rides on the rear step of the "Black Maria" and a U. S. armored car follows closely to prevent any possibility of a "slip."
