A Little Plain Talk About Buying A Suit This Fall

Question Have we a quantity of 100% wool quality tailored suits available for you to choose from?

Answer Yes—although W.P.B. has drastically cut wool for civilian purposes—our foresighted buying still permits us to offer you a complete selection featuring Michaels-Stern Value-First Clothes.

Question Why are we recommending MICHAELS-STERN VALUE-FIRST CLOTHES?

Answer Because they're tailored in Rochester in fine custom woven fabrics—because they'll wear longer and thus help conserve wool—because stitch for stitch, yard for yard, dollar for dollar Michaels-Stern Value-First Clothes are your best wardrobe investment for the duration.

DOUBLE FEATURE SHOW TO BRING EXCITEMENT AND ROMANCE AND WAR NEWS

On Friday and Saturday for this week the Grand Theatre, Patton will truly have a stellar double feature attraction that you should not miss. In "Prelude to War," the first attraction is depicted the many things that led up to the present conflict. This picture was considered so vitally important to the members of our armed forces that the military authorities ordered it shown to the soldiers. It is something that you should all see in order to get a proper slant on the aims, preparations and ambitions of the Axis.

The other picture is a thrilling chapter in the secret history of Naval intelligence — "Flight for Freedom"—newest co-starring vehicle for Rosalind Russell and Fred MacMuray.

Filled with exciting glimpses of aerial warfare and peacetime record flights, the story turns on a flying

romance which becomes involved with U. S. Naval espionage in the South Pacific at the time when the Japs were illegally fortifying the mandated islands.

Miss Russell, MacMuray and Herbert Marshall are the trio of fliers concerned in the romance, with the girl trying to make up her mind between the two men, both of whom are in love with her. Believing she has come to a final decision, she starts out on what was to be her last flight a solo trip around the world. But the Navy intervenes, secretly tells her how vital it is for this country to know just what the Japs are up to in the South Pacific, and arranges for her to conveniently become lost while flying in that region.

Actually, she is to land at a remote island, where a Navy vessel will pick her up—after Navy planes have scoured that area searching for her, and, incidentally, photographing Jap bases and airfields. But as she is about to take off from New Guinea for this particular leg of the trip she finds out the Japs know of the whole plan.

It is too late to alter arrangements and the girl knows how important it is for this country to have its information in case of war with Japan. There is but one thing for her to do, and she does it, bravely and cheerfully for a gripping climax to an unusual picture.

Although the Pennsylvania peach crop this year will be nearly half a million bushels less than last year the quality and size of most varieties should be excellent, according to the most recent survey conducted by the Federal-State Crop Reporting Service in the State Department of Agriculture. The indicated crop as of August 1st was for a total production of 1,274,000 bushels compared with last year's production of 1,771,000 bushels and the ten year average 1938 to 1941, of 1,649,000 bushels.

IN THE COURT OF COMMON PLEAS OF CAMBRIA COUNTY, PENNSYLVANIA.

In the Matter of the Petition of Goldie B. Stiffler to be Declared a Feme Sole Trader.

Notice is hereby given that on September 2nd, 1943, the petition of Goldie B. Stiffler, wife of Ribert Stiffler, was presented to the above named Court, praying the Court to make a decree that she shall have all the rights and privileges of a feme sole trader, and to grant her a certificate that she be authorized to act, have the power and transact business, as provided by the Acts of Assembly, in such case made and provided. Whereupon the Court fixed the 27th day of September, 1943, at the Court House at 10 A. M. for the hearing of said application, when and where all persons interested may show cause, if any they have, why the prayer of the said petitioner should not be granted. C. RANDOLPH MYERS, Attorney for Petitioner.

CATTLE AND HOGS ON INCREASE

CATTLE — ONE SYMBOL EQUALS 10 MILLION HEAD

HOGS — ONE SYMBOL EQUALS 10 MILLION HEAD

GOVERNMENT policy of keeping feed prices low in relation to livestock prices has brought about an increase in cattle and hogs on American farms. But along with this increase in cattle and hog population, the production of feed grains has fallen off and the shortage of corn in some sections is causing dairy farmers to reduce their herds. While such liquidation will temporarily increase the supply of meat, it will also have the longer-term unfavorable effect of reducing the supply of dairy products. The chart above shows the increase in cattle and hogs since 1940 with Department of Agriculture estimates on increases for the year 1944. (International)
