

LEGION STAFF NAMED FOR CAMBRIA COUNTY

Edwin F. Green of Portage, Commander of the 20th American Legion District, has announced his staff for the ensuing year. Clay B. Harshberger of Johnstown, was named Adjutant and C. E. Eckenrode, of Cresson; H. A. Johnson of Conemaugh, and Fred Morley of Barnesboro, deputy commanders.

Other members of the staff are: Herman Riblett, radio; Paul Blough, Johnstown, service officer; B. Blake Horner, Sons of Legion; Joseph Nedlander, South Fork, traffic; Francis Green, Carrolltown, uniforms; Frank Morley, Barnesboro, World War II liaison officer; Walter Stinson, Ebensburg, publicity; Earl S. Keedy, Johnstown, national defense; Joseph A. Straub, Johnstown, membership; Dr. A. J. Bergstein, Gallitzin, junior activities; Os. Hampton, Johnstown, employment; Bernard Seifert, Johnstown, emergency unit; Edward Kaiser, Portage, service; Jay I. Reade, Portage, Boy Scouts; Miss Ann Flouman, Johnstown, auxiliary committee; Dr. James D. Lewis, Johnstown, athletic committee, and Louis A. Sheehan, Johnstown, Americanism.

SAFETY HINTS FOR THE DEER HUNTERS

The State Game Commission, scanning data showing 343 hunting fatalities in the last nine years, Monday gave some safety hints for sportsmen planning to hunt deer in the two weeks' season which began on Monday. Six fatalities occurred during the first seven days of this year's small game season.

"Almost all fatalities are caused by carelessness of the hunter himself," reported Seth Gordon, commission director.

He warned against "being mistaken for a deer by crawling on all fours through the underbrush" and added, "don't invite a pot shot from a hunter by carrying a buck on your shoulders or back—someone might think you're a deer. It's better to drag or carry the buck on a pole."

He warned game wardens and protectors will be on the lookout again for hunters carrying loaded guns in automobiles.

"That means it is unlawful even to stand a loaded gun against a car," he emphasized. "It is a serious offense and we will be checking zealously."

END OF TIRE CRISIS NEXT YEAR DOUBTFUL

Prevention of a transportation crisis in the country next year because of a shortage of tires hinges on five "M's"—muscle, military, machinery, materials and moderation, according to Rubber Director Bradley Dewey and the tire making industry.

To keep buses and trucks from bogging down and to keep all essential passenger car drivers on the road the following will be needed:

Production of between 400,000 and 650,000 truck and bus tires per month—almost double the number now being rationed monthly.

At least 30,000,000 new passenger car tires by the end of next year. That is six times the number being made this year, because production did not get well under way until the last quarter.

Inventories of tires built in peacetime have virtually disappeared, and the non-essential driver does not enter the tire picture at all.

SPEAKERS TO TALK BLOOD DONOR SERVICE

Speakers bureaus have been formed in each of the six branches of the Cambria County Red Cross Chapter to publicize the Red Cross blood donor service, it has been announced by Howard Carston, chairman of speakers.

Persons familiar with the donor program will appear before as many groups as possible to stimulate registration of volunteer donors.

Chairmen of branches in this section and speakers already engaged, are:

Allegheny Ridge—Ira P. Bradley, chairman.

Clearfield Branch—Rev. Father Vincent Schlenmer, chairman.

Mountain Branch—Judge Ivan J. McKenrick, chairman.

Susquehanna Branch—Miles Rank, Sr., chairman. Speakers, Louis Luxenberg, Thos. A. Owens and Dr. B. F. Bowers.

APPLE CROP.

Extent of drought damage to the Pennsylvania 1943 apple crop, commercial, was revealed the other day in a November 1 survey report issued by the Federal-State Crop Reporting Service in the State Department of Agriculture. A total estimated production of 5,070,000 bushels is reported for 1943, which is 4,961,000 bushels less than 1942 production. The report also shows that the 1943 apple crop is nearly 3,900,000 bushels less than the 8 year average, 1934 to 1941.

SAVE FIBER BOARD CARTONS

Shoppers can help reduce the load on the under-manned pulp and paper supply business by using and re-using fiber board cartons for taking food home from the market, says the war food administration. This is but one of the trifles which amount to imposing totals when saving ways are adopted by millions of families.

AMERICA'S GREATEST COFFEE Value!

Enjoy Finer, Fresher Flavor

Eight O'Clock Coffee—America's favorite—is a blend of finest Brazilian coffee. It comes to you in the flavor-sealed bean—then at the moment you buy, it's Custom Ground exactly right for your coffee maker. You get finer, fresher flavor. Remember, pre-ground coffees—days, even weeks old, cannot match the flavor of really fresh coffee. For real economy, buy Eight O'Clock in the big 3-pound bag!
