#### EBENSBURG KIWIANS HOSTS TO FOUR CLUBS

The Ebensburg Kiwanians were hosts to fellow Kiwanians from Indiana, Johnstown, Blairsville and Northern Cambria at an outing held Thursday afternoon at the Ebensburg Country Club. Eighty members were in attendance.

A kickers handicap tournament was held in the afternoon and Ed Ashcom of Johnstown was the winner. Attorney Clarence Davis of Ebensburg was the low medal winner.

A dinner was held at the club in the evening. The lieutenant governor Edgar Heckman of Tyrone and the District treasurer Dr. Donald Matthews of Johnstown, were the speakers. H. C. McWilliams was toastmaster, Howard Hoke and David Yorgey put on a short comedy skit; Congressman Harve Tibbott sang a solo and Dan Auchenbach was the song leader.

#### RESTAURANTS TO POST THEIR CEILING PRICES

North county restaurant patrons will soon be able to see and check the ceiling prices of the meals and food items they buy, Mr. M. W. Nedimyer, chairman of the Hastings War Price and Rationing Board, asserts. In cooperation with the National Restaurant Industry Advisory Council, OPA has issued a restaurant ceiling price regulation which became effective July 31st, requiring every public eating and drinking establishment to post prominently the prices of 40 basic food items. The items were selected by the OPA and the District Restaurant Advisory Council. The posters for displaying the prices are provided by the War Price and Rationing Board. Each proprietor must list the 40 items selected in clearly legible lettering.

Posters must be displayed by August 15, 1944, Mr. Nedimyer said, and three copies of the prices listed on the poster must be filed with the Board by August 23.

Establishments which do not serve all of the 40 selected items must post the prices of those they do sell and add other commonly sold items until the poster is filled, Mr. Nedimyer explained.

#### PVK9 'Big Mooch'

SOUNDS LIKE CODE, but it's right, for the PV denotes the Navy Lockheed Venturas in which this cocker spaniel has completed four attack missions against Japan's Kuriles Islands, the K9 means canine, and "Big Mooch" is his name. Looking snooty, "Big Mooch" poses with his master, Navy Airman Frank Przybowski of Chicago, Ill., at a Navy base in the Aleutians. Official U. S. Navy photo. (International)

#### HUNTING PERMITS SHOW BIG DECLINE

Preliminary reports, released the other day by the state Game Commission disclosed that only 570,419 hunting licenses were sold to Pennsylvanians last year a decrease of 70,402 from the 1942 season.

The curtailment resulted, said Seth Gordon, commission executive director, from the increasing number of nimrods entering the armed forces.

Resident licenses totalled 640,821 in 1942, and 673,434 in 1941, indicating a gradual decline since the nation entered the war.

The commission has suspended or revoked licenses for from one to five years of most of the 80 persons who were given hearings after they figured in hunting accidents last season.

#### EBENSBURG CHOSEN AS SITE FOR NEW PLANT

First steps toward establishing a machine shop in Ebensburg which eventually may employ more than 100 men, have been taken by George Lesak of Ebensburg, formerly of Detroit, Mich.

Buildings formerly used as sheds for equipment of the State Highway Department have been purchased by Mr. Lesak. For the past year the property had been leased to the Business Men's Club of Ebensburg which suggested to Mr. Lesak that the shop be established there. The buildings were owned by John P. McNally of Somerset.

A native of Colver, Mr. Lesak attended Ford training schools at Detroit, and for five years was a teacher in an apprentice school. He expects to train his own workmen at Ebensburg. He established a shop at Detroit which was employing three hundred men when he sold his belongings there recently.

#### Save Seed Oats.

Indications of a generally poor oats crop in the nation lead extension specialists of the Pennsylvania State College to urge Pennsylvania farmers to save their own or locally grown seed for planting next spring. All seed saved should be placed in a pre-cleaned vermin proof bin or in clean bags.

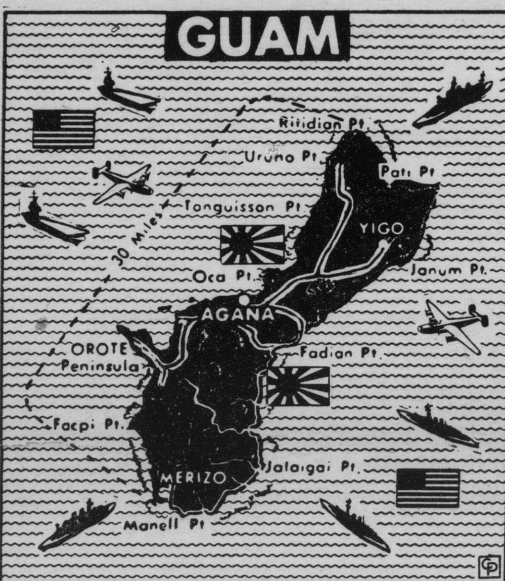

**ELECTRIC IRONS COMING.**  
Of the 2,037,838 electric irons already authorized for civilian production, about 9 per cent will be household models, mostly automatic, and the remainder commercial models, WPB says. The irons will not be rationed and some of them are expected to be available in the fall.

#### REPORT BOX BURNING.

Large numbers of used containers are being destroyed because there have been no requests for them, the War Food Administration warns. Handlers of used orange boxes, for example, are burning them by the million.

—Victory costs money. Put your savings in Victory by buying War Bonds—the best investment of all.

#### WHERE YANKS MAKE NEW LANDINGS

EXPANDING OUR FOOTHOLD in the inner defense islands protecting Japan, American assault troops—believed to number 45,000 men—have seized beachheads on Guam, first American island to fall to the Nipponese in the Pacific war. Hundreds of carrier-based planes and huge battleship guns, coupled with fire from cruisers and destroyers, paved the way for the invasion with an almost nonstop bombardment that battered installations on the island for seventeen days. American forces are reported to be still pouring ashore against "moderate ground opposition" by surviving members of the Jap garrison. (International)

#### STATE RULES MARRIAGES BY MAIL ARE INVALID

Harrisburg.—Marriage by mail, as approved by the Army "is not valid in Pennsylvania," the Department of State ruled last Friday.

Deputy Secretary Samuel M. Jackson said the department had an opinion on the matter from the attorney general and "it very definitely conflicts with our laws."

"We went into the thing very carefully," added Jackson, "and even a marriage by proxy is not recognized in Pennsylvania."

The army early last week held marriages by mail okay, with the wife allowed to collect a bonus as of her soldier husband if the state in which the contract is made recognizes it as valid.

#### REDUCE OATS CEILINGS.

An average reduction of five cents a bushel in the ceiling prices of oats has been announced by OPA. OPA says the new prices will reflect parity to producing farmers during the current crop year.

#### Ordinance of Patton Borough. ORDINANCE NO. 188

An Ordinance providing for the vacation of a portion of Linwood Avenue South of a point 140 feet from the intersection of Linwood Avenue and Green Avenue to the line of East Carroll Township, and the vacation of a 20-foot alley laying between Mellon Avenue and Linwood Avenue from a point on said alley 450 feet South of the intersection of said alley and Green Street to the line of East Carroll Township.

Be it enacted and ordained by the Burgess and Town Council of Patton Borough, and it is hereby enacted and ordained by the authority of the same That all of Linwood Avenue South of a point 140 feet from the intersection of Linwood Avenue and Green Avenue to the line of East Carroll Township, and all of a 20-foot alley laying between Mellon Avenue and Linwood Avenue from a point on said alley 450 feet South of the intersection of said alley and Green Street to the line of East Carroll Township, be and are hereby vacated as public highways, and after the passage of this ordinance, the Borough of Patton shall no longer exercise the right of jurisdiction or control over, the same as public highways of the Borough of Patton, and the right of the public to use the same as public highways shall cease.

Enacted and ordained by the Burgess and Town Council of Patton Borough this 9th day of June, 1944.

THEODORE M. OTT,  
President of Council.

Attest:  
BERT J. DOUGLASS,  
Borough Secretary.

Approved by the Burgess of Patton Borough this 9th day of June, 1944.

LOUIS A. HALUSKA,  
Burgess of Patton Borough.

thousands, because many farmers have not yet accepted these usable boxes as substitutes to pack their particular crops. Orange boxes are adequate and suitable to send many different kinds of crops to market, and farmers are being urged to ask their suppliers for as many of these used containers as they may need. Farmers should get their orders in immediately since handlers of used boxes and baskets are saving only those they are asked to save, WFA says.

# WE WILL BUY ALL THE ELDERBERRIES

## That You and Your Family Can Pick!

THINK OF IT!

You can now earn money (50c for a bushel of 35 lbs.), by having the youngsters and women of your family clip the elderberry clusters and taking them to the receiving station in your area for us to pick up.

The clusters should be clipped with one-quarter inch stem. Pink, red, purple and black berries will be accepted.

These berries are going to be used in making jellies. You will be helping the WAR EFFORT in conserving a fruit which in the past has always been wasted.

BELOW IS A LIST OF RECEIVING STATIONS IN YOUR DISTRICT—

Central Trading Corp., No. 9	St. Benedict	Bush's Store	Barnesboro
Central Trading Corp., No. 4	Emeigh	C. J. Kirkpatrick	Spangler
