"How's your invasion going?"

HIS seems to be doing all right.

On June 6th, this young fellow tackled the biggest, toughest, most audacious military venture of all time—and he's pulling it off.

Our part is to buy War Bonds.

But if you have the idea that our part isn't important—that the little bit that you personally can do—that the Bonds you buy don't really matter very much—get it out of your head.

—don't expect to get the whole story from your paper. Look at your own Bond buying—for a big part of the answer!

And here are 5 more reasons for buying Extra War Bonds!

1. War Bonds are the best, the safest investment in the world!
2. War Bonds return you \$4 for every \$3 in 10 years.
3. War Bonds help keep prices down.
4. War Bonds will help win the Peace by increasing purchasing power after the War.
5. War Bonds mean education for your children, security for you, funds for retirement.

But how's our invasion going?

We've got one on our hands—just as much as any soldier. Don't think for a minute that every one of us here hasn't a personal share in the job of breaking into Hitler's Europe and battering down the Wehrmacht.

There's not much glory goes with our part of the job. Not much pain or danger, either. Our part is to pay—to pay with cash instead of blood.

The supreme military effort of the war must be matched by a supreme financial effort here. That means every man and woman in this country has got to put more money into Bonds—often—than ever before in this whole conflict!

Make no mistake—we've got to get that money up, now!

If you want to know how the Invasion's going

Letter from Local War Prisoner.
The following is a letter written by Gus Donatelli, who is a Prisoner of War, of the German government, to his mother, here:

My Dear Mother and Family:
You probably know by now that I am a P. O. W. I am very sorry for having caused you any grief or worrying before you found out that I am alive and feeling O. K. I hope you do not feel that I have let you and my (our) country—(good old U. S. A.) down, by letting me no alternative under certain or such conditions. But, "Cest La Guerre."

You probably know that we are limited to 2 letters and 3 post cards a month, but we are allowed to receive any amount of letters you people or anyone else cares to write to me. When you decide to send me package consult the Red Cross for instructions on how many and when to send them, and also be sure the contents contain: Cigarettes (Cheserfields), Chocolate candy bars and tooth paste. Now all this, or the package, may take quite a while to get here, so use your own judgment on whether I will be here to receive them—Savvy?

I will end this continued letter by saying, "I miss you Mom and the rest of the family." (Don't forget Mistah Wayne.) Don't worry. Love, GUS.
