"GOIN MY WAY" SAID TO BE CROSBY'S BEST YET

Nary a single person ever suspected that Bing Crosby as a man of the cloth, could give a heart-warming performance. From all reports though Bing's characterization as a priest in Paramount's "Going My Way" brings him into the limelight for top Academy awards. A major share of the credit must go to Leo McCarey for his delicate direction of this great motion picture which will be the attraction at the Grand Theatre next Sunday, Monday and Tuesday, Oct. 15, 16 and 17, with a matinee on Sunday at 2:30. His understanding of human elements blessed the production with goodness from the very start. People in this section of the county have been patiently awaiting the coming of this great picture, and the management of the Grand Theatre has arranged for three days of showing. You will want to see the picture from the beginning. Feature begins at 6:55 and 9:22 each evening. Show begins at 6:45 each night.

CRESSON MAN HEADS STATE VOLUNTEER FIRE-MEN'S ASSOCIATION Robert A. Jones, Cresson, one of the most active members of the Volunteer Firemen's Association of Cambria County and Vicinity, was elected president of the Pennsylvania State Firemen's Association at the closing sessions of the 65th annual convention last week in Hazleton. Jones, who served as vice president of the association in 1942, did not conduct an active campaign for the presidency. He attended the convention as a member of the state association and not as a delegate from the county organization. He had not sought indorsements from the Cambria or Somerset County organization and it was believed in Cresson he was drafted for the position. The new state president who is about 40, spent his entire life in the Cresson district. He is employed as a mechanic at the Cresson sanatorium. He has been a member of the Cresson Volunteer Fire Company many years. Keep on buying war bonds, as your continued help is necessary.

Telephone furlough to home

A Long Distance call is almost as good as being there in person. Helps a lot when there aren't too many other calls on the wires. So whenever you can, please keep the circuits clear from 7 to 10 each night for service men and women. Those evening hours are their best chance to call from camps and naval stations.
