

NEW PRESIDENT IS NAMED TO HEAD ST. FRANCIS COLLEGE

Rev. John Boccella Chosen Successor to Father John Sullivan

A change in the executive personnel of St. Francis College, Loretto, and its affiliated organizations was disclosed yesterday by the Very Rev. John H. Boccella, T. O. R., minister provincial of the Sacred Heart Province of the Franciscan Fathers of the Third Order Regular.

One of the most important changes was the replacement of Rev. Father John Sullivan as president of the college.

Father Boccella, who studied in Rome and was in the Vatican City for several years, becomes the new president of the college succeeding Father Sullivan who held that important position for a number of years.

Rev. Father Adrian J. M. Veigle, T. O. R., a native of Lilly, was appointed to the post of college vice president and dean of instruction.

Father Sullivan was named college rector with Father Francis King as registrar and Father Ambrose Burke as librarian.

The new college president, who is a native of Audubon, N. J., and a graduate of St. Francis, attended the University of Angelicum, Rome, and received a doctorate in philosophy. He was ordained into the priesthood in March 1941.

Rev. Boccella continued his education in Catholic University, Washington, D. C., and was awarded the degree of doctor of sacred theology. He was religious superior in the House of Studies, Washington, D. C., before assuming his duties in St. Francis College.

Father Adrian Veigle, the new vice president and dean, received his early education in the parochial school in Lilly. He was graduated from St. Francis College in 1934 and completed his theological studies in the seminary there.

He was ordained into the priesthood May 22, 1937 in the Cathedral of the Blessed Sacrament by Bishop Richard T. Guilfoyle. Father Veigle taught chemistry in the college for two years and then attended Pennsylvania State College and received his degree of doctor of philosophy last June. He returned to the college last September and resumed teaching in the capacity of instructor in chemistry.

Several other changes in the officials of the various institutions connected with the college were also announced.
