

BAKERTON BRIEFS

Samuel Evans, a member of the Army Air Corps, stopped here en route from Lowry Field, Colo., for a few days' furlough with relatives and friends. He will be stationed in Greensboro, S. C.

zinski, brother of the bride, acted as best man. The bride wore a copen blue suit with matching accessories and her attendant wore a gray suit with rose accessories.

Due to the serious illness of the bride's mother a wedding dinner was held at the home for the bridal party and members of the immediate family only.

The newlyweds will reside in Ottawa, where Mr. Drummer is engaged in business. Members of the Fox-Peale Post, American Legion, are requested to put on their Legion uniform (War II Vets, their Army or Navy uniform) to attend the funeral of John K. Jones of Bakerton at the Bakerton Methodist Church Saturday afternoon at 2 o'clock.

CIVILIAN DEFENSE COUNCIL HERE TRANSFERS FUNDS TO LOCAL HONOR ROLL FUND At a meeting in the Scout Hall on Mar. 1, 1946, the Bakerton Council of Civilian Defense transferred all funds remaining to its credit to the Bakerton Honor Roll Fund. At the same time the Council voted to dissolve.

Notice of intention to transfer funds and to dissolve had been publicly advertised at least one week prior to the meeting.

Joseph Swerbinsky is spending a few days at his home while on leave from the Navy.

NAB KLEPTOMANIAC FRIDAY AT WILMORE

William (Curley) Drobnak, 21, of South Fork finally surrendered without a struggle last Friday evening when officers got the "drop" on him while he was attempting to hitchhike a ride near Wilmore.

Drobnak surrendered to Chief of Police James Davis of South Fork and Constable John Burkett. He was wanted on charges of larceny and burglary, and a 2-day search for him had been in progress.

Previously Drobnak had been arrested in South Fork, and at a hearing before Justice of the Peace John S. Wicks had bolted through the door and escaped. A gun fight with police and a posse of deputies followed Thursday night, after which Drobnak again eluded the posse with the aid of heavy fog.

The South Fork man is believed by police to be a kleptomaniac, being charged with stealing a large number of varied articles. He did not attempt to sell or dispose of any of the items—but merely hid them around his home. When he was captured he was unarmed.

ANNOUNCE BIRTH Lt. and Mrs. Kenneth P. Kirsch, the former a son of Mr. and Mrs. Lawrence J. Kirsch of Spangler, announce the birth of a son at San Antonio, Tex., on Feb. 23.

ROAD MILLAGE TAX HIKE PERMITTED IN E. CARROLL An order permitting E. Carroll Twp. supervisors to increase their millage to 14 for the current year was signed this week by Cambria County Jurists.

The legal maximum under law is nine mills and court action is necessary if an increase in the rate is needed.

MORE TELEPHONE SERVICE FOR FARMERS

and the kind of service farmers want

Rural telephone service is more highly developed in this country than in any other country in the world.

But we aren't in the business of resting on laurels won, and one of the main objectives of our \$150,000,000 expansion program is to give more and more farm families finer and finer rural telephone service.

A big program for extending service to farm families was interrupted by the war. BUT NOW A BIGGER PROGRAM IS UNDER WAY.

Right now, some 43 percent of the farms in our territory have telephone service. Since 1935, the number of rural telephones has increased nearly 100 percent.

New facilities, new methods, and new ideas have been developed to give them and the world a new concept of just how fine rural service can be.

A new, high-strength steel wire, for example, will enable us to allow longer distances between poles, thus extending lines into isolated areas not previously covered.

But all this won't grow like crops. It's one of the most complicated jobs on our program. Its completion will take materials, manpower, and time.

We're at it today . . . and we'll keep at it until it's done.

We are determined to give farmers in the rural areas we serve all the telephone service they want and the quality of telephone service they naturally expect us to give.

Here are THE THREE OBJECTIVES of our \$150,000,000* EXPANSION PROGRAM

1. To end all waiting lists for telephone service.

2. To provide the people of this State—city people and farmers—with finer and finer telephone service.

3. To make available the many new developments in communication, pioneered by the Bell Telephone Laboratories.

*Part of the Bell System's two billion dollar Expansion Program.

THE BELL TELEPHONE COMPANY OF PENNSYLVANIA

Good supplies of fresh fruits and vegetables, plenty of eggs, fair stocks of macaroni and spaghetti and abundant poultry supplies are in prospect for Lent, according to reports from 140 field-buying offices of the A&P Tea Co.

There will be enough eggs available during the next 8 weeks to satisfy the dietary needs of the Nation with sufficient stocks to take care of the traditional Easter morning egg hunt, reports say. The fresh fruit and vegetable situation for the next two months is more promising than a year ago although apples and onions will continue to be scarce items.

Potatoes, cabbage, spinach, tomatoes, beets and cauliflower, as well as supplies of citrus fruits, are expected to be plentiful, say A&P heads. A large strawberry crop is also expected.

Meager catches of fish are being reported from Boston, which usually supplies about 50 percent of the Nation's fish needs, except for salmon and halibut, but with the advent of favorable weather in the Chesapeake and the Great Lakes areas increased supplies are in prospect, but not sufficient to make up for the Boston lag.

Butter, cheese, and other dairy products will continue to be scarce but there will be the usual supply of "hot cross buns," traditional Lenten season delicacy.
