TERMINAL LEAVE LAW SIGNED BY PRESIDENT

President Harry Truman signed the terminal leave pay bill, passed by Congress shortly before it adjourned, last Friday. Under the new law, which will benefit an estimated 15,000,000 World War II veterans, the enlisted men will receive most of the money in bonds. Officers already have received terminal pay in cash. Questions and answers on the new law follow: Q. Who is eligible? A. Discharged enlisted men and women who served after Sept. 8, 1939; former officers, part of whose service was in that rank; and officers and enlisted men still in service who Sept. 1, 1946, have between 61 and 120 days leave to their credit. Q. How do they apply? A. Obtain application forms at local postoffices, fill out and notarize, mail along with discharge certificate to one of paying offices designated on instruction sheets. Q. How will payment be made? A. By mail. Q. In what form? A. If less than \$50 total, by a Treasury check. For any larger amounts, by bonds in multiples of \$25, with the balance in check. Q. When will the forms be available? A. Probably within 45 days. Q. When must applications be filed? A. By Sept. 1, 1947. Q. Are the bonds negotiable or transferable? A. No, but they may be used to pay premiums, loans or conversion costs on government or national service life insurance. Q. Must original discharge certificate or certificate of service be submitted? A. No. A true copy certified by an authorized state or local official or a photostatic copy will suffice. Q. Suppose the original discharge has been lost or destroyed? A. A certificate in lieu of discharge may be obtained from one of the following: Adjutant General of the Army, 4300 Goodfellow Blvd., St. Louis, Mo.; Chief of Naval Personnel, Navy Dept., Washington (25), D. C.; Director of Personnel, Hq. U. S. Marine Corps, Washington (25), D. C., or Commandant of Coast Guard, Washington (25), D. C. Q. Can a veteran who served as both an enlisted man and an officer collect leave for time accumulated while an enlisted man? A. Yes, within the overall maximum of 120 days. Q. When may the bonds be turned into cash? A. Five years from date they bear. This will be the first day of the quarter following the quarter in which the individual was separated from the service. Q. If a veteran held several different ratings when in service, which governs the rate of payment? A. Payment will be at the rate in effect at the time of last separation from service. Those still on active duty will be compensated for at the last enlisted grade or rating held. Q. If a veteran has died since leaving service, may his survivors collect? A. Yes, they will be paid in full by check. Q. How about those adjudged insane or otherwise incompetent? A. Their guardians may collect the entire amount by check. Q. Who will help fill out forms? A. Any of the 3,000-odd veterans' community information or advisory centers, or any state or county veterans' service officer.

THANK YOU for waiting for delivery of your NEW CHEVROLET We are doing our best to see that you get your new car as quickly as possible

We want to thank our customers and prospective customers for your friendly patience while awaiting your new Chevrolets. We know it is a hardship to wait for needed transportation; but we believe you will understand that we, and Chevrolet, are as eager to deliver cars as you are to obtain them. Unfortunately, production so far this year is far under expectations. Chevrolet Motor Division sums up the situation thus: "Even though our rate of production normally exceeds that of any other manufacturer, we have been able to build, up to July 1, only 12.4 per cent as many cars as we had built up to that date in 1941. Production is still far below normal, because of frequent shortages of essential materials and parts. Strike after strike at the plants of our suppliers has seriously impeded our progress toward full production, and the cumulative effect severely hampers every manufacturing and assembly plant. In June we were able to build only 29.2 per cent as many cars as we produced in the same month in 1941." While production is restricted, so—in proportion—are shipments of cars to us. As production increases, we are assured of getting our proportionate share of the total—and as quickly as cars are received, we will speed deliveries to our customers. Remember—Our CAR-SERVICE is your best CAR-SAVER. Keep your present car "alive" until you get delivery of your new Chevrolet by bringing it to us for skilled service now and at regular intervals.
