

W. A. Eckenrode, Carrolltown, Dies At Age of 70 Years

William A. Eckenrode, aged 70 years, a former Carrolltown Borough Councilman, died at 5:30 o'clock last Wednesday evening at his home there. He served on the Carrolltown Council from 1924 to 1940.

Mr. Eckenrode also was well known as the operator of the Carrolltown Flour and Feed Mill. He had run that business from 1904 until health forced him to retire in 1941.

Born May 20, 1876, he was a son of Henry J. and Sara Ellen (Owens) Eckenrode. He and the former Bertha Meloy of Chest Springs were married Nov. 20, 1906.

Surviving are six daughters—Madeline, wife of Bernard Flynn; Ellamae, wife of Paul Parabagh; and Dorothy, wife of Alfred Kline, all of Carrolltown; Grace, wife of Louis Kline, Barnesboro; Miss Sara Ellen Eckenrode, R. N., Altoona; and Miss Barbara Eckenrode, at home. A son, Henry J., is dead. Mr. Eckenrode also leaves a sister, Mrs. William Karheim, Chest Springs; and two brothers—Ray and John Eckenrode, both of

East Carroll Township. He was a half brother of Matt Eckenrode, Pittsburgh.

The deceased was a member of St. Benedict's Catholic Church and of the Holy Name Society.

Funeral services were held at 9 o'clock on Saturday morning with a solemn high mass in St. Benedict's Catholic Church. Rev. Father Nicholas Lesko was celebrant. Assisting were Rev. Father Valentine Koehler, O. S. B., and Very Rev. Father Thomas Wolf, O. S. B. Interment was made in the church cemetery.

G-Men Are Placed on 48-Hour Week

Fair warning to lawbreakers: The G-Men are going on a 48-hour week, effective immediately.

Director J. Edgar Hoover of the Federal Bureau of Investigation announced the extension from the normal week of 40 hours in government service to take care of accumulated cases.

Attorney General Tom Clark declared last week that some 10,000 F. B. I. cases are awaiting investigation because of a manpower shortage.

F. B. I. employees will receive overtime pay for the hours over 40. It will amount to time and a half for those in the salary bracket up to \$2,900 a year, scaling down for salaries above that figure.

Jones Is Relected Head of County Agriculturalists

Other Officers Again Chosen for This Year

Relection of officers and election of nine directors highlighted the 32nd annual meeting of the Cambria Co. Agricultural Extension Assn. last Wednesday in the Ebensburg courthouse.

Edward Jones, prominent Wilmore farmer, was relected president of the organization for his seventh consecutive term. Farmers also relected Mrs. Frieda O'Hara, Ebensburg, for her 13th year as secretary. J. Norman Griffith, of Ebensburg, was again chosen treasurer, and Galen Metzger of Johnstown, R. D., was named vice president.

Directors named for the year include Fred Bloom, Donald Dumm, Mrs. John Bloom, Eldred Gitting, and Mrs. Russell Edwards, all of Ebensburg; R. D. 1; Edward Westrick and Mrs. A. J. Yahner both of Patton; R. D. 1; Mrs. Myrtle Myers, Portage; R. D. 1, and Mrs. George Leiden, St. Lawrence.

In a resolution the farmers agreed to produce as much as possible to relieve hunger and suffering and in turn called upon industry to supply them with machinery and equipment to make possible expanded production.

The farmers adopted a resolution voicing opposition to military conscription in peacetime. They also asked for curtailment of sugar in non-essential commodities so that there might be an ample supply for manufacturing dairy products.

In his report County Farm Agent H. C. McWilliams praised the work of leaders in the organization. He also declared the potato chip industry is becoming a profitable market for Cambria Co.

Guest speakers at the meeting were J. K. Stern and H. R. McCullough, both of Pennsylvania State College.

Farmers must find a solution to their problems by working together, advised Mr. Stern, who is a member of the agriculture economics department at Penn State.

Mr. McCullough, assistant director of agricultural extension at Penn State, said a 12% per cent increase in extension activities has been reported in the last year. He urged the group to give thought to farm structures, marketing, health program and production.

E. A. Mintmier, assistant county farm agent, reported on 4-H Club activities during the year. Miss June Kunkle, home economics representative, announced plans for holding a home-makers' day in the near future.

Local Postmaster Warns of Chain Fad

Postmaster George A. Lehman of Patton this week issued warnings to all those who may be tempted to answer chain letters that sending of such letters is punishable under postal laws.

Lehman stated that the fad again seems to be gaining in popularity.

One type of letter currently going the rounds states that the one who breaks the chain will have bad luck, while those mailing copies of the letter to their friends will have good luck.

"This may work just the opposite," says the postmaster, "for those caught will be penalized under what the postal laws define as the 'endless chain enterprise'—an illegal business.

Postmaster Lehman points out that such letters should be torn up. Even if they ask for no cash they are still illegal.

Passport to ETO for Tourists OK'd

Proof of Reservations Must Be Submitted

If you want to take a trip to Europe this summer as a tourist, you can get a passport to do so—but there are a couple of "ifs" connected with the whole deal.

Prothonotary Jack Hite of Ebensburg announces that Americans may visit Europe in 1947 provided they comply with two requirements in order to receive passports.

1. They must have confirmed round-trip transportation reservations.

2. They must have confirmed hotel or other living reservations in such countries and submit evidence thereof at the time of applying for passports.

Mr. Hite has received this information from the passport department of the Dept. of State.

Due to lack of transportation facilities to and from the ETO, the lack of living accommodations and the shortage of food in many countries, it will be impractical to abandon all restrictions on the traveling to Europe this year, according to authorities.

Many thousands of American citizens in the ETO at present have been awaiting transportation to the State for months, and to permit tourists to travel freely would aggravate the situation.

The relaxed passport policy for those who have housing and also transportation reservations applies to Europe, the British Isles and Ireland.

Diplomatic and consular offices in those areas are not in a position to assist tourists to obtain transportation back to this country if they do not avail themselves of arrangements already made before leaving the States, Mr. Hite says.

—Many a successful marriage has been knitted by a sharp tongue.

Cub Pack Entertains Mothers With Program

Members of Cub Pack 71 presented an entertainment for den mothers, cub committeemen and visitors last Thursday evening in St. Benedict's Parochial School, in Carrolltown.

The program included a minstrel show, a skit by Dick Bradley, Jr., and Christian Boslet, a piano solo by Bede Bender, Jr., and a poem by Gary Messerman. Songs, accompanied by Lois Bender, were sung by the various dens. The youthful cubs also displayed bird houses which they built.

Committee members and den mothers decided at a meeting after the program to meet the fourth Friday of each month in the parochial school.

Wertz Bros. Mine, Dysart, Visited by U. S. Inspectors

Further adherence to the federal mine safety code is urged at the Wertz Bros. Coal Co. mine near Dysart in a report issued during the past week.

The report on the Acco No. 1 Mine was made in a report issued following a recent detailed inspection.

The report recommended the use of permissible electric cap lamps and called for a ban on smoking in the pit. It also made recommendations on explosives.

The Acco mine was acquired by the Wertz interests from the Laurel Run Coal Co. a short time ago. There are 34 men employed in the pit.

State Road Deaths At Present on Upgrade

The State Bureau of Highway Safety at Harrisburg this week reports that there was a 23 percent increase in highway accident deaths in 1946 over the previous year. However, the 1,698 persons killed was still less for any year since 1928 with the exception of the year 1941.

The bureau reports that 988 of the fatalities occurred in rural areas and 710 in urban centers. This was still 80% less than the 2,348 persons killed in traffic accidents in 1941.

Colver War II Veteran Passes Away at Spangler

Michael Stefank, 36, a Colver World War II veteran, passed away at 6:30 p. m. Tuesday in the Miners Hospital, Spangler. He had been a medical patient there since Jan. 25.

A native of Ralston, Pa., he was born Feb. 3, 1911, a son of Michael and Susan (Wasisko) J. Stefank. He is survived by his widow, Mrs. Rose Stefank, and a three-month-old daughter, Darlene.

Mr. Stefank served in the ETO until about a year ago. Funeral services are incomplete.

Extension Meeting Set for Carrolltown Friday

Miss June Kunkle, home economics representative, and Hazel H. Kniep, her assistant, announce that a meeting, with the topic of living rooms, will be held at Carrolltown on Friday of this week, Feb. 21.

This home economics meeting is scheduled for 1:30 o'clock at the Municipal Bldg. Admission is free. Everyone is welcome.

Allport Lad Breaks Leg Sled Riding Near Home

Charles Richards Jr., 17-year-old son of Mr. and Mrs. Charles Richards of Allport, received a fracture of his right leg near the hip when the sled upon which he was riding crashed into a parked car last Thursday evening.

The young lad was admitted to the Miners' Hospital about 8 p. m., and the leg "set" at that institution.

—If some one calls you a snake—coil up and strike him.

Mine Safety Meet Set for Friday at Hastings

A safety meeting of Rich Hill Coal Co. miners at Hastings has been scheduled for Friday evening of this week, Feb. 21.

The safety discussion will take place at 7:30 p. m. in the Hastings Veterans of Foreign Wars Home in that community.

A full turnout of miners is expected, as an interesting program has been worked out.

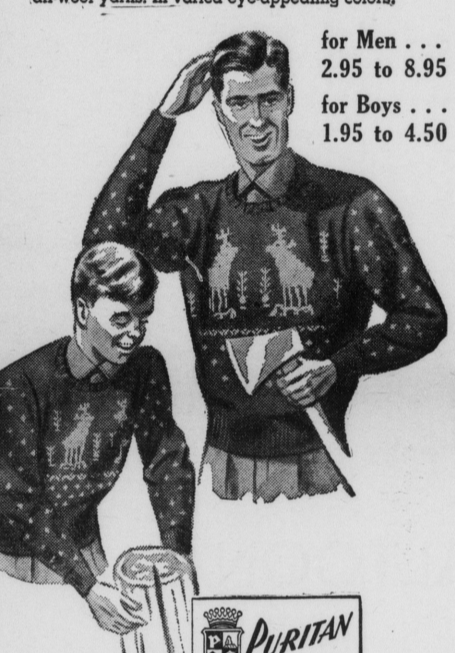

ADMIRAL'S DOG HITS HIGH C

Fleet Admiral Chester W. Nimitz listens as "Freckles" reaches a high note to the accompaniment of Mrs. Nimitz, at their Washington, D. C., home. The pet of Admiral and Mrs. Nimitz will appear at a benefit concert of the National Symphony Orchestra. (International)
