**Kiwanis Memorial Committee Named**

The weekly dinner-meeting of the North Cambria Kiwanis Club will be held in the Smith Hotel, Patton, this Thursday evening, Mar. 6, at 6:30 p. m. Due to the unusual weather conditions the regular program which had been scheduled will be postponed and an informal meeting with panel discussion will be held.

Last week's meeting, held at the Central Hotel, Carrolltown, was one of unusual interest. Dr. Fred Arble, secretary, had secured Herbert Kaufmann, forestry supervisor of the State Highway Dept., as speaker for the evening. Mr. Kaufmann gave an enlightening address and told the Club what the state was willing to do in connection with the erection of the proposed Memorial Park.

The state is willing to go further than originally had been hoped for. If Kiwanis provides the site for the park, the state will plan for, construct and care for the Memorial.

The committee of Kiwanis men appointed to secure a suitable site consists of Robert Caldwell, George Hoppel and Dr. Frederick E. Arble.

The district lieutenant governor of the organization will visit the North Cambria Club Mar. 13.

**Sugar Ration Hike Scheduled Apr. 1**

**New Allotment Will Be Set at 10 Pounds**

Mrs. Housewife will be pleased to learn that the government has announced Apr. 1 as the date of its long-promised sugar bonus. Just a few more weeks, and the housewife will get 10 instead of five pounds of sugar for each stamp she turns in.

Restaurants, hotels and other eating places also will get increased rations, adjusted to the rise in other consumer rations, according to a joint statement by the OPA and the Dept. of Agriculture.

The OPA also indicates that home consumers also may expect another sugar stamp (with the same 10-pound value) to go into effect on July 1, barring unforeseen reductions in the 1947 sugar crop and other adverse developments.

However, during 1947 the lady of the house can't count on an extra rationing allowance, as the OPA has announced no such stamps will be issued this year. The OPA and the Dept. of Agriculture issued their bonus announcement in the expectation that the sugar rationing program scheduled to expire Mar. 31 will be extended by Congress.

Biggest beneficiaries from the new sugar ration hike will be the preserve manufacturers, whose second quarter ration will be increased 30 percent. Soft drink bottlers, bakers and candy men will get 15 percent more. Like increased rations will be granted to other industrial sugar consumers.
