# Here comes Handsome

BREATHES there a man with soul so dead he doesn't relish a little open admiration from the

Can you name us a male, modest though he otherwise be, who fails to get a secret bang out of public appearances with a creation as gorgeous as this one?

Well, you need only take charge of this beauty for a while to see how much, much more it does for you than flatter your masculine ego.

Touch off the eager power in its eight big Fireball cylinders and see how your pulses start

Swing back the top with a touch on the handy control - run up the door windows as windscreens -

and feel the spirit of adventure start welling up in your soul.

Head out where you can match this Buick's easy stride against the stretching miles. Route yourself where ruts and gravel can pit themselves in vain against the flawless gentleness of fluid, allcoil springing. Get the sweet feel of this light and easy wheel -sample the heft and size of this ever-steady traveler.

In truth, here's the sort of playmate a man can spend a lifetime seeking. Here's good friend, boon companion, lively, dependable, eager partner for any frolic or any traveling task.

So why delay longer the time when you can call one yours? Reach a decision now on your long-range planning - and see us about getting your order in.

We'll take it, with or without a car to trade, and make equal effort dreams come true at the earliest moment in our power.

THE WIRING SYSTEM IN MOST HOMES CAN BE MODERNIZED EASILY AND AT LITTLE EXPENSE

that it wastes electricity by not work-

When your home was built, it's wiring was probably adequate to serve a few lamps, a flat iron and perhaps a toaster. Since then, "electrical living" has come of age and you have added many new appliances.

Your wiring system has been given many new chores and the chances are that it wastes electricity by not work-

You will be surprised how inexpensive this modernization can be and how many benefits you will obtain from it.
