Maybe Mike's Plans Include Another Punch in the Nose!

Former Barnesboro Man Paying Co. \$1 Month

(From Johnstown Democrat) Some men just don't know when to quit.

Such a man is Mike Budyos—age unknown, address unknown, occupation unknown.

Mike didn't know when to quit the day he took a punch at Lester Krouse. That was in Barnesboro back in 1937.

Krouse came out on the short end of the battle. The doctor's fees for patching him up amounted to \$80.

Taken into court in March of 1937, Mike pleaded guilty to aggravated assault and battery.

Judge Ivan J. McKeenrick sentenced him to pay the costs and the doctor's bill for \$50. Besides he placed Mike on probation for three years.

No one seems to know where Mike Budyos is now. But it's obvious he still doesn't know just when to quit.

Mike's costs and the doctor bill amounted to \$125.37. He started to pay off the debt \$1 at a time.

For 11 years Mike sent one dollar a month to the Clerk of Courts of Cambria County. He's still sending them. The debt has been paid in full, but Cambria Co. still receives a monthly dollar from Mike Budyos.

It wasn't exactly a dollar. There were a half dozen exceptions. When things were good, Mike sometimes sent \$1.50. In some of the lean years he sometimes cut the ante to 50 cents. It was never more and never less and averaged an even dollar.

So far, there's been no stopping him. Each month a letter bearing a money order arrives. The money order bears the stamp of the Newton Falls, Ohio, postoffice and the letter is postmarked at the same place.

Clerk of Courts Joseph Wess has written to Mike in care of the Newton Falls postoffice. He wants to tell him to stop sending money. Newton Falls isn't a very big place.

The letter was returned, 'Address unknown.'

There's New Glamour in the Way it Goes

TAKE the glamour of its tapered gracefulness for granted, if you will. One glance tells you it's tops.

Take an inside peek at its newly fashioned interiors—and see if you're not dazzled by the luxury that greets your eyes.

But wait—just wait—till you learn what makes this banner beauty run off with the year's high honors on the highway. Dollars to drachmas—you'll fairly itch to get in and GO!

For now your right foot commands a Fireball power plant that's as eager as a panther on the prowl—yet is so quieted in purr and pulse you barely sense its telltale throb.

Now you slip through traffic or light out cross-country as relaxed as a baby with his bottle—in a body that's bountifully big, cozily cushioned, and insulated against the usual noises of traveling.

Now you experience the first scientific system ever devised to shield a car's ride against road noise, shake and the vibration build-up that previously took advantage of an automobile's tendency to play sound box.

Now you ride the washboard roads and cobbles as though they were carpet—thanks to coil springs all around—plus extra-low-pressure tires, carried on Buick's own wider, more stable Safety-Ride rims.

And last but not best, if a Roadmaster's your choice, you can enjoy the really effortless driving—in a new kind of drive that not only frees you of gear-shifting, but that doesn't even shift itself!

It's Dynaflo Drive—a drive that's devoid of all halt, lag and hesitation through all speed ranges—because here, for the first time, the power plant itself does what gears used to do.

Fact is, you'll find the new Buick sparkling with more than a score of new advances—in ten brilliant models that span three series and give you your choice of three wheel-bases and four power ratings.

So why dally? Here, certainly, is the dilly of the year for smartness and roominess—for the newest in driving ease and riding relaxation—and for all those basic bounties that are forever Buick's.

Place your order with your dealer now—whether or not you have a car to trade—and hasten the day when you'll reach those motoring heights you hanker for.

\*Optional at extra cost on Roadmaster models only. Tune in HENRY J. TAYLOR, Mutual Network, Mondays and Fridays
