Agriculture Funds Ready
Cambria County Agriculture Conservation Association on Monday night of this week announced additional funds are available for use by farmers to cultivate pastures and soil conservation crops.

It was announced additional information can be had from local community committees.

Coffey Caravan Is Touring District

Plans to Visit Every Town in Drive for Votes

The "Coffey for Congress" caravan which entered the second week of its tour Monday is being received with mounting enthusiasm.

Mrs. Robert L. Coffey Sr., Democratic candidate for Congress in the 26th District, Cambria, Indiana and Armstrong Counties, is accompanying the caravan in its visits to every

community in the three-county district. Neither bad roads, clout or dust or mud puddles stopped Mrs. Coffey in her determination to meet as many voters and their families as possible.

After the caravan enters the community, its arrival is proclaimed over the loud speaker atop the trailer. Crowds are on hand to greet Mrs. Coffey with obvious friendliness and interest.

As the evidence of this friendliness, the Democratic candidate is being besieged with requests for autographed photographs everywhere she goes. Each day her tour brings out more people as the word is getting around that Mrs. Coffey is in the vicinity.

WOLF'S BARNESBORO

We say FREEZING is the modern way to preserve
it's easier! it's cooler! it's quicker!

NO hot-water baths! NO arduous boiling for hours! NO scalding of jars, rubbers and lids! NO cooling jars to watch and turn!

Some day you'll wonder why you ever stood over a hot stove for hours to preserve, when it's so easy with a home freezer.

Just picture yourself preserving this modern, easier way:

1. You scald your vegetables.
2. Pack and seal them in sanitary, airtight containers.
3. Put them in your home freezer! And that's all!

We have the General Electric Home Freezer that's roomy enough to hold 280 pounds of food. There's also a smaller model—4-cu-ft—that holds 140 pounds. You can preserve foods the year round—and keep them delicious and fresh up to a year.

General Electric Home Freezers are available in 4- and 8-cu-ft models. Immediate delivery.

General Electric Home Freezer \$219.00

THE G-E Home Freezer is, we think, the finest home freezer you can buy. We say this after making comparisons throughout the field.

For one thing, it's dependable. In the General Electric Home Freezer is the very same type refrigerating system used in the General Electric Refrigerator. And, more than 1,700,000 of these systems have been in use ten years or longer.

The General Electric cabinet is called the "Perfect Seal." Repeated laboratory tests have proved that the cabinet keeps food frozen for several days after the current has been shut off.

After all, we don't have to sell you on the General Electric name. You probably have as much faith in this great electrical organization as we have.

With the General Electric Home Freezer, you get a written five-year protection plan, consisting of a one-year warranty against defective material or workmanship—plus an additional four-year protection on the sealed-in refrigerating system.

Remember, when you're buying a home freezer you're making a long-term investment. So invest in the best. Invest in a dependable, proved General Electric Home Freezer.

You may use our CONVENIENT PAYMENT PLAN to purchase your new G-E Home Freezer.

For quick-freezing foods at home... For storing the frozen foods you buy.
