### Milk Control Board Must Serve Farmer And Consumer First

#### Take It Out of Politics Urges State Candidate

By RICHARDSON DILWORTH Democratic Nominee for Governor (One of a Series)

Milk control, established under Governor Pinchot and made permanent under the succeeding Democratic administration, has been taken over by the distributors who keep their lobbyists right at the elbow of the MILK Control Commission.

The original purposes of putting a floor under the farmer's price and policing the middleman to prevent gouging of the consumer, have been discarded. Today the principal effect of the Milk Control Act is to give State sanction to practices which otherwise would be offenses under the anti-trust laws.

I propose to restore milk control to its original purpose and to take it out of politics, so that a farmer will not have to be a politician to stay in business.

I also propose to halt the sabotaging of Federal farm programs by State agencies. The politicians at Harrisburg go along with soil conservation and other nationwide activities only when they are able to control and obtain political benefits from those programs.

The guerrilla warfare which the State's farm agencies under Governor Duff have been waging against Federal farm activities is senseless, paralyzing, costly to the farmers of Pennsylvania. State and Federal agencies can and should work together harmoniously for the benefit of Pennsylvania agriculture.

The farmer is an individualist, and I respect him for it. As Governor it is my purpose not to tell him what to do or how to do it but to find out where the State Government can do the most good in developing agriculture as a great and basic industry.

### Help Wanted Ad Draws 20 Replies In One Day

A classified ad in the Union Press-Courier really brings results.

Joe's Cut-Rate Store, Barnesboro, last week advertised for a girl to work in his store, and within a day after the paper was out, he had received more than 20 calls.

Incidentally, Joe hired one of the girls, but we forgot to "pull" his classified—so we urge you not to answer the ad this week.

### Penelec Worker Jolted By Wires In Accident Here

#### Is Rushed to Hospital By Patton Ambulance

Ernest R. Whited, 23, young Spangler lineman for the Pennsylvania Electric Co., was injured about mid-morning last Thursday when he fell 14 feet after stepping on a 2,300-volt line at the Penelec substation near the Stoltz Motor Co. in Patton.

Whited was rushed to the Miners' Hospital in the Patton ambulance. He is being treated for severe shock, bruising of the feet, head injuries and body cuts and bruises.

The young, blond-headed Spangler man and a companion were unrolling tarpaper on the roof of the substation building when Whited stepped on the high-voltage wires.

He either threw himself from the roof or fell. He told investigating officials that he remembers thinking it would be better to jump from the roof than to be burned severely by the wires.

His co-worker, Fred Feigh of Spangler, rushed to Whited's aid and administered artificial respiration until the ambulance arrived.

### Probation Officer Post Is Awarded To Regis Hoover

Regis A. Hoover of Johnstown, recently supervisor of the 1950 census in the 26th Congressional District, has been appointed Cambria County probation officer, a post that has been vacant for the past year.

He was unanimously appointed by the court on the recommendation of Judges John H. McCann, George W. Griffith and Ivan J. McKenrick.

The new official's pay was set by the salary board at \$3,300 a year after some discussion during which Judge Griffith had sought to have the salary set at \$4,000.

Judge McCann announced, following the appointment, that the position "is not a political job. The probation officer serves all the people of Cambria County and the job should be absolutely non-political," he said.

Since the court directs the activities of the office, Judge McCann was the court's representative on the salary board. Other members are Commissioners Pat Farrell, Thomas A. Owens and Cyrus W. Davis and Controller M. C. Chervenak Jr.

Both McCann and Griffith favored setting the salary at \$4,000 a year but the commissioners and controller said this sum was too high for a new man on the job. Judge Griffith sat in on the session but was not eligible to vote.

McCann's motion that a \$4,000 salary be fixed did not pass, and Cyrus W. Davis then moved that the salary be set at \$3,275 per month. This motion was approved with Judge McCann casting the only dissenting vote.

Atty. Walter Criste, Cresson, a lawyer also had his name up for consideration but was rejected due to the fact that he could not devote full time to the job.

### Joseph Haluska

(Continued from Page 1)

Associated with him in business are three sons—Emory, Joseph A. and Theodore, and Francis Zurenko, a son-in-law. All four served during World War II. Emory was in the army, Joseph in the Air Corps, Theodore in the navy and Francis in the army.

Mr. Haluska was born July 25, 1895, in Canonsburg, a son of Mr. and Mrs. John E. Haluska. The family moved to Patton when Joseph was a child of four years. His father worked in the mines and now is retired.

The garageman is married to the former Mary Yenko. Last August 17 they marked their 30th wedding anniversary. In addition to the three sons, they have also three daughters—Mary Louise, wife of Francis Zurenko, Carrolltown; Dorothy, wife of Charles Sullivan, Patton; and Miss Elizabeth Jane, at home. There are also seven grandchildren.

Mr. Haluska is a brother of State Sen. John J. Haluska; Dr. Edward Haluska, Patton Borough Secretary; Albert Haluska, Louis Haluska of the Standard Motor Supply, Patton; Stephen Haluska who is employed by the Barnesboro Atlantic & Pacific Store; and Emory Haluska, who is employed in the South.

A member of St. George's Catholic Church, the Patton man also belongs to the Patton Eagles and Moose. He also is a social member of the Patton Veterans of Foreign Wars, Patton American Legion, Sons of Italy and Slovak Club.
