St. Benedict Ladies See Demonstration

Twenty members attended a meeting of the St. Benedict Homemakers Club last Wednesday afternoon at the home of Mrs. Clarence Hunter in St. Benedict.

Feature of the session was a demonstration of a dish dinner by Mrs. June K. Griffith of Ebensburg. Cambria County home economics representative Mrs. Griffith made three casseroles using as her main ingredient, beef, fish and liver. During the afternoon she spoke briefly about the seven basic food groups and made comparison of the value of various meats in the diet with an emphasis on the use of liver.

The next meeting of the St. Benedict group will be held next Wednesday, Jan. 17 at the home of Mrs. Joseph Symons. The feature of this session will be a demonstration of the preparation of desserts.

Civilian Defense Set-Up Furthered In Barnesboro

Richard T. Todhunter, Barnesboro burgess and director of the county's civilian defense program, appointed a deputy director and division chiefs at a reorganization meeting in the Barnesboro Fire Hall last Friday evening.

The reorganization was necessary, according to Mr. Todhunter, to meet standards set up by the national government.

Named to the deputy director post was Ralph H. Greenwood. Education and welfare, Dr. W. M. Leonard; security, Maurice Tibbott; communications, Dennis Keenan and O. T. Scollon; utilities, transportation and industry, R. W. Scollon; medical service and evacuation, Dr. Gerson Faden and Paul J. Watson.

Dispersal and registration, Guy McDardell; technical defense, George Atkins, and auxiliaries, J. Henry Clarke.

A report on the state civilian defense meeting last month in Harrisburg was presented by the defense chief during the business session. Mr. Todhunter then requested each division chief to organize his department and to make necessary appointments without delay.

Personnel Changes Made In County; Announce Holidays

The Cambria County Commissioners last Friday made two personnel changes on the county payroll.

Miss Olga Saula of Johnstown was hired as a clerk in the commissioner's office at a monthly salary of \$175. She replaces Ruth Fesko of Johnstown, who resigned.

John Passarella of Carrolltown was added to the staff at the county home for the aged. He will receive \$140 monthly as an attendant at the county home hospital. He replaces Joseph Jones of St. Benedict who resigned.

Meeting as the salary board, the commissioners also granted one pay increase. The monthly salary of Miss June Boney of Ebensburg was increased from \$212.50 to \$222.50 monthly on the recommendation of treasurer Ernest Appel. Miss Boney is employed in the treasurer's office.

Also approved was a 12-day holiday schedule for the coming year. Employees this year will enjoy two extra days' vacation because of the days upon which holidays fall.

Since Christmas this year will be on a Tuesday, the courthouse will be closed both Monday and Tuesday of Christmas week. Christmas Day—Nov. 11—falls on a Sunday this year and employees will be given a day off on Monday, Nov. 12.

Cambria County Begins New Year With Cash Balance In Treasury

Cambria County had a cash balance at the end of the year of \$347,000 according to Controller M. C. Chervenak Jr.

The money is in two funds which are used for day-to-day costs of operation. There was \$333,405 in the general fund and \$13,595 in the fund for the institution district, which includes the county farms, the county home and the children's home.

This was the largest year-end balance in recent years, but a sizable part of it was earmarked for future payments on the new children's home now under construction near Ebensburg.

Chervenak's report shows that the new home will cost more than was expected. The original estimates placed the cost at between \$225,000 and \$250,000 but expenses to date have reached \$286,872.

Of the latter amount, \$174,977 is paid. The \$101,850 mentioned above is set aside to complete the construction. In addition, \$10,245 must be earmarked for installation of a sprinkler system which has been contracted for.

Deducting the funds already earmarked, the county had approximately \$245,000 with which to meet operating costs until the 1951 taxes begin coming in or until temporary tax-anticipation loans are made.

This sum is expected to be augmented by about \$150,000 in 1950 taxes not yet paid. To date the county has collected \$1,422,766 in 1950 taxes, or nearly 90 percent of the total due.

About \$655,000 is in the various other funds administered by the county but this cannot be used for general operating purposes. The bulk of it belongs to county employes. There is \$487,674 in cash and bonds in the employes' retirement fund.

The liquid funds fund contains \$107,202. Money in this fund is earmarked for highway purposes such as paying off road bonds and road damage claims.

A small fund of \$3,148 will be turned over to the federal government. It represents recent income tax money withheld from employes' salaries.

Compensation Rate Revisions Listed

The State Insurance Department last Friday approved a revision of workmen's compensation insurance rates for the coal mining industry estimated to save Pennsylvania employers \$32,300 a year.

Artemas C. Leslie, state insurance commissioner, said a new schedule, effective last Monday, reflects an overall reduction in rates for anthracite mining of about 1.9 percent.

The new rates or bituminous mining indicate a reduction of 10.8 percent for service mining and a reduction of 4.2 percent for coal recovery and a reduction of 6.7 percent, and for coke burning a reduction of 11.1 percent.

Leslie said the revision also includes a 10.8 percent increase in the anthracite mining occupational disease rate. No change will be made in the rates for bituminous mining occupational disease.

County Gets \$5.70 Bid On Coal for Heating
Cambria County Commissioners received only one response to its advertisement for bids on about 2,000 tons of coal for heating the Courthouse in Ebensburg and other county-owned buildings.
The Victory Coal Co., Barnesboro, was the lone bidder. The firm offered to provide the coal at \$5.70 per ton at the mine. The county officials took no immediate action on the bid.
Big Game Oddities Include Antlered Doe
Game Protector James A. Gaman of Toga reports these incidents that occurred in his district during the 1950 big game seasons:
A cinnamon bear was killed on Nov. 13 near Landrus.
A doe deer was killed Dec. 28 at Taylor run. She possessed a 5-point rack, still in the velvet.
One unfortunate hunter killed an antlered buck before the first day of doe season. He promptly reported the mistake to the local game protector. Later the same day the hunter killed a legal deer and hung it in front of his boarding place, only to have it stolen that night.
