The story of a faith that paid off

YOU KNOW IT'S TRUE BECAUSE IT'S HAPPENED TO YOU AND YOUR FRIENDS AND NEIGHBORS'

PROBABLY YOU'VE never thought of yourself as a maker of history. But you are. And here is how you, as a citizen of the United States, are creating the greatest success in all history.

Remember back in 1941 when the Defense Bonds you were buying suddenly had to become War Bonds? How you and your neighbors pitched in to buy them in ever-increasing numbers, to back our fighting men and to help achieve the victory of World War II?

to build a new \$10,000 mortgage-free home for every family in San Francisco—and Sacramento—and Salt Lake City—and Denver—and Kansas City—and St. Louis—and Indianapolis—and Cincinnati—and Pittsburgh—and New York City—and the whole state of Texas!

The face of the land has undergone some dramatic changes in those years since V-J Day. Now the landscape is dotted with new homes that Savings Bonds built. Thousands upon thousands of new automobiles travel the highways—Savings Bonds cars, bought with the product of individual thrift.

And this is only the beginning of the story. Even after accomplishing so much, millions of American families still enjoy the financial security of owning more than fifty billion dollars—fifty thousand million dollars in Savings Bonds. More than at the peak of war-time Bond holdings!

And every week, everywhere in America, new millions of dollars are added to the total—as crisp new Savings Bonds are typed up with your name on them.

For your security, and your country's too, save now through regular purchase of U.S. Savings Bonds
