Patton Bowling League Banquet Held At Fire Hall Sunday Evening

By ALBERT L. MALONE (Pitch-Hitting For R. D. Bruner)

The annual Patton Bowling League banquet was held at the Patton Fire Hall last Sunday, May 13. A fine chicken dinner was served by the Fire Company Auxiliary. Anyone leaving this banquet hungry or thirsty just wasn't in the mood for a fine meal.

The annual trophy award went to the Eagles team, led by "Harm" Weltsch, captain. The Eagles did a wonderful job in copping this coveted trophy. High single score and high average was given to Paul Hudak. High 3-game average went to Ted Yahr.

It was a fine get-together. The president of the league, Joe Gtoznic, gave a fine talk, as did other officers of the league—Secretary Frank Kinkead and Treasurer Columbo Lisherelli.

Special thanks go to the pin boys, who are just as much a part of the bowling alleys as the alleys themselves. And we can't forget Barney Bruner, who gave the fine write-ups in the Union-Press Sports Page. It was something to look forward to each week, anyway. I must say that this past winter season, Barney really had some nice write-ups, he left nothing out and gave credit where it was due. Nine work, Barney. Besides, Barney did his share of high class bowling during the league season.

The VFW team, although ending up in the cellar, deserve mention, also, as well as congratulations. There are times when the lowest team drops out, with nothing to gain in sight. Captain Tony Zungali, unable to get regular players, rounded up some young boys, sons or brothers of veterans, and they did a good job. This is a fine example of keeping in the game, regardless of the odds.

All in all, it was a fine gathering and some splendid remarks were made by Jesse Cogley of the Legion, Leonard Reda of Sons of Eagles, Rip Boback of the VFW, Andrew Senita Sr. of the Slovak Club, and Pete McCann of the Moose.

Record Number Rabbits Trapped In Pennsylvania During Winter

Almost complete accounts show that well over 57,000 cottontail rabbits were live-trapped in Pennsylvania last winter. The largest number so trapped in any previous period was about 40,000, taken in the winter of 1944-45.

The Game Commission's accelerated program of last winter brought in many thousands of bunnies from northern towns, from ordinance depots and other areas hitherto untrapped or incompletely worked. Included in the total are cottontails taken from newly established rabbit farms.

This record catch is of particular interest to hunters, who realize that "home grown" stock released in depleted coverts gives them the highest possible returns in production. Gardeners and nurserymen, too, are pleased to be rid of the furred creatures, which they do not consider "cute."

The live trapping program terminated the last of March. As natural summer foods appear it is seldom possible to lure rabbits into traps. Persons pestered by the bunnies this spring and summer are advised to report the problem to their district game protector who will inform them on repellents and, next winter, will direct a commissioned agent to remove the little rascals.

Cottontails have three or four broods between late winter and fall. It would be inhumane, even if possible, to take females from their young during this period.

Fish-Stocking Program Outlined At Meeting of County Sportsmen

Cambria County Federation of Sportsmen's Clubs last Wednesday night discussed progress of the federation-sponsored Human Dam project and outlined the May fish-stocking program during a meeting in the Ebensburg Courthouse.

It was announced that the Department of Property and Supplies of Harrisburg has released specifications for bids on the Northern Cambria area dam and recreation project. Results of the advertisement will be known within a period of two weeks, it was revealed.

Fish committee announced that 3,000 brown trout were stocked yesterday in Black Lick Creek. Equipment was furnished by the Blue Goose Sportsmen Club. Yesterday's stocking also included 1,600 brook trout in Upper Chest Creek, near Patton, and 1,500 brown trout in Howell's Run near Ebensburg.

All three of the streams had been closed to fishing since last Friday.

John Troutman, new district game protector of Southern Cambria County, was introduced. His residence will be Portage R. D. 2.

The federation opposes legislation which would grant a special archery season for deer and also opposed a game commission bounty of \$1.50 on rattlesnakes and copperheads.

The next meeting will be held in Ebensburg Courthouse on Wednesday, June 13.

Stock Car Racing to Be Sunday Feature At Ebensburg Fairgrounds

In an action filled feature race at the Ebensburg Fairgrounds this Sunday, June 17, a contest of Lewisville held off the best attempts of 14 other lead-footed fender benders to streak home first after 25 laps of motor mayhem.

A total of 34 stock cars were on hand to take part in the day's events, and one of the largest crowds ever to witness a stock car race at the Ebensburg Fairgrounds.

Results of other races were as follows: First heat—Troxell, Cearick and Mowery. Second heat—Breen, E. McCordle and Fisher. Third heat—Snyder, Ford and G. McCordle. First semi-final—E. McCordle, Repligle and Mowery. Second semi-final—G. McCordle, Breen, Snyder and Conatation. Breen, Sellers and Fisher.

Stock Car Racing at the Ebensburg Fairgrounds will continue every Sunday afternoon under the promotional direction of George and Buster Keller until Memorial Day, May 20, when a gigantic 100 lap feature will be presented. Time trials begin at 1 p. m., and the feature events get under way at 2:30 p. m.

Generally O.K.

Scoring both runs in the top of the ninth inning, Indiana State Teachers College made the most of two St. Francis errors to come from behind to hand the Frankies their sixth straight loss, 2-1, last Wednesday afternoon in Lovett.

The Indians also racked up a 10-3 conquest over the Red Flash in a tilt that was not completed at Indiana Apr. 19. Indiana had led 8-2 in the seventh inning when the game was called as the home team could eat their supper on time. Last Wednesday the game was continued from the 7th with Indiana the home club in that contest.

The Frankies tallied in the opening inning. Howley scored from second as second baseman Smith threw the ball wild over first in an attempt to retire Smith. Indiana scored their runs in the final frame. The summary:

Indiana—Smith 2h, Conley 3b, Black D. Breen 2b, Mowery 1b, Repligle 2b, Troxell 1b, Banner c, Miller p and Hill p.

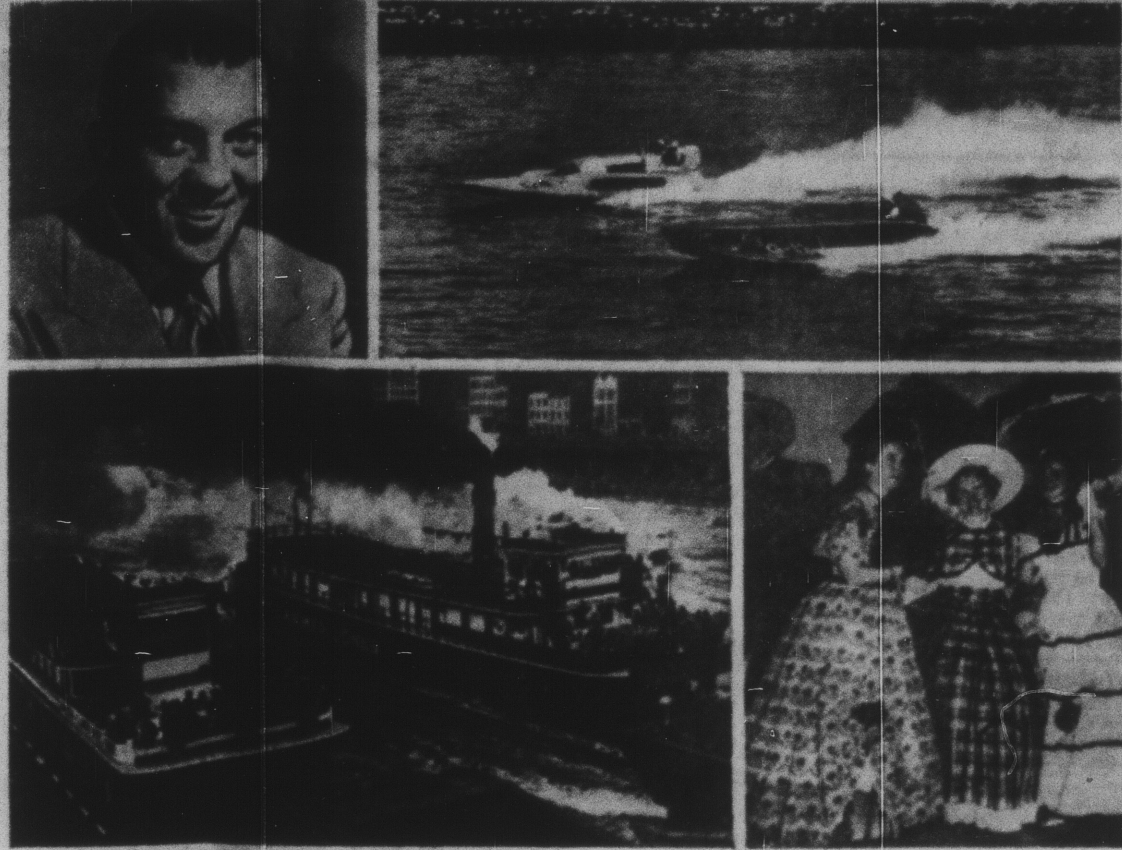

St. Francis—Howley cf, Torrell 2b, Grady 2b, Bills ss, Douke c, Delaney 1b, Sautman lf, Vecechia lf and Pinesse p.

Indiana 100 000 00-2 8 2
St. Francis 100 000 00-1 4 2

Pittsburgh's Welcome Week Coming Up

The welcome mat is set again as the Pittsburgh Chamber of Commerce prepares for its annual big show, Welcome Week, which features steambest and speedboat races, celebrities, marching bands, and an old-fashioned steamboat ball. This year, it's June 1 through 3. For a week before that, Pittsburghers and visitors from the 47-state area will see every major downtown street decorated. They will also see Ed Sullivan (top left), popular TV star, who will originate his Toast of the Town television program from Pittsburgh Sunday, June 3. Among other major events scheduled are a festival of bands, a speedboat regatta (top right), steambest race (bottom left), and the nostalgic steamboat ball (bottom right).

UP and Down the Ladder

Folks, you recall this column used to be known as Down the Alley, but due to a certain reason I've changed the name.

The reason for the change I will explain as I go on down this column. I'm back again to let you in on a little secret. There has been a little squabble as to which team should get second place honors—the SOI, who finished in second place at the end of the first half of the Legion, who was setting on the same perch as the end of the second half.

Last Wednesday evening a playoff was rolled and the SOI boys flattened the Legion in a 3-game match by 207 pins, thus giving them the undisputed position of second berth.

So you see what I mean by "Up and Down the Ladder." The SOI climbed up and the Legion climbed down.

Holy cow, I see some of the fellows are still in pretty good shape after being off the alleys for five weeks.

Plasco had a 186-bah and 198 good for a-421 total and Schilling—170, 174 and 159. Hey, Charlie why didn't you get that other pin in your first game, see what I mean, 155, 156 and 156. Cammarata wasn't feeling so good his first game, but his second game was 180 and Jimmy stood three tooth picks on end for 111. The Legion boys saw Merriman with 173 and two other scores; Bobby with 160 and two others. Oh yes, Bobby tried to tie Jimmy but he could only find two tooth picks for 110. Lapenna had a 158 and two minus scores; Burley rolled three very good games in the 140's and Laurito rolled three in 130's. Lallemand and Rosian were in a class of their own. Rosian rolled 19 balls in one game and Lallemand had 41 balls in two games. The box score:

American Legion	
Lapenna	120 147 158 425
Bobby	180 120 110 400
Merriman	135 173 149 457
Lallemand	120 143 283
Rosian	142 114 114
Burley	162 147 145 454
Totals	687 147 197 2100

Sons of Italy	
Schilling	170 174 156 494
Dibello	155 156 156 467
Laurito	131 136 139 406
Leon	111 123 189 311
Cammarata	186 147 198 531
Plasco	170 174 156 494
Totals	753 736 823 2312

Here's Where the Pounds Pay Off

No other car provides all this:

First thing that people notice when they take over a Buick is the sure-footed stance this fine automobile has on the road.

You head into a curve and hold firm and true. You travel a turnpike without sway or wander.

While your wheels may dance when you hit a stretch of washboard gravel—your car holds its level course.

A lot of things account for this beautifully poised performance, but it starts with stiltward structure and ample weight—plenty of pounds where pounds are needed.

Please don't get us wrong. This isn't

"deadweight." Though a Buick like the one pictured here tips the scales at more than two tons, it's as nimble as an antelope at play.

It has a generous hoofful of valve-in-head Fireball power—packing a powerful punch of velvet velocity.

It comes with the smooth magic of Dynaflow Drive*—a lightness of steering that's gently responsive to a lady's hand—a front-end geometry that's pure genius—the finest brakes ever put on a Buick.

And every wheel rides on shock-eating coil springs that are carefree and trouble-free for the life of your car.

You'll also find—by a few moments of simple arithmetic—that the pounds in this bounteous beauty pay off in another way. On a cents-per-pound basis, it will cost less to buy than anything else near its weight and power and size.

Why not visit us real soon—like the first thing tomorrow—and let us show you why you and your budget will both be happy with this Buick?

*Standard on ROADMASTER, optional on every year-in-recent Buicks. Other better automobiles are built BUCK will build them.
