COURTESY PAYS
on party-line telephones, too

Little courtesies, like offering your seat to a lady, help to make life happier.

Consideration for the other fellow is the basis of good party-line telephone service, too. If you are always courteous on the telephone, you're sure to find your party-line neighbors the same. Remember the three R's of party-line courtesy — Relinquish the line as soon as possible when you hear others try to use it; Replace the receiver gently when you find the line in use; Regulate your calls so that others may use the line in-between.

Cambria County Red Cross Chapter's blood collections attained a new high during August. County residents donated 812 1/2 pints of blood. This total represents 90 percent of the county's 900-pint quota, according to Mrs. H. G. Diefenderfer, blood program chairman.

The entire region served by the Johnstown Center collected 2,087 pints or 63 percent of its 3,300 pint goal. This topped the total in July, when 1,705 pints were collected.

Mrs. Diefenderfer pointed out that the blood program cannot be a complete success until all goals are achieved. The needs include supplies for area hospitals and whole blood and plasma for the military.

More Jobs Open In Area Than New Job-Seekers

More jobs were open in the area last month than there were new job-seekers.

This is shown in the monthly report of Johnstown office of the Pennsylvania State Employment Service.

The office said it had 697 new calls for workers during August. However, only 462 additional persons applied for employment through the agency in the same period.

Light conversation often has plenty of scandal power.

Marines Will Take Men Next Month

October Draft Calls Increased to 44,600

The marine corps asked for more manpower last Thursday, so the Defense Department increased the October draft call from 41,000 to 44,600 men. The October call is the largest since March, when 80,000 men were requested, all for the army.

The corps announced it wanted 8,600 new men next month, instead of the 5,000 it previously asked. The army's needs remain at 36,000.

The November call was set at 53,700, with the marines getting 4,700 of them. The others will go into the army.

PEGGY LOU SALVAN

She appeared with "Sylvania Varieties" held at Jaffa Mosque, Altoona, and also has sung over six radio stations in Cambria, Indiana and Blair Counties. At the present time and for the past four years she has been a regular vocalist on the Kiddies Carnival over WARD, Johnstown. She is very grateful to everyone who has urged her on in her singing career and wants to continue singing because she enjoys it and hopes everyone else does, too.

Peggy Lou likes to meet people and make new friends. She also appreciates letters and cards and answers all correspondence.

Camels Reported Still Roaming U. S. Deserts

Camels once roamed desert lands in the United States. In 1856, the U. S. Government imported 20 camels to be used as pack animals. The project didn't work out as planned and the camels were set free. Soon they grew in number. As recently as 1947, reliable witnesses reported seeing some of the wild camels around Denver.

The last Indian tragedy in Pennsylvania occurred in Butler County.
