tile Paralysis has sent a check for \$20,000 to Cambria County Chapter. The money will help provide care for polio patients in this area.

John A. Conway, chapter chairman, said the county group asked for funds from national headquarters when the local treasury became depleted. He explained that when March of Dimes funds are collected, haif of the money is kept by the chapter and haif is sent to national headquarters for research, professional education and emergency aid such as the check received last Tuesday. The District II president also said:

"Mr Stewart's organization apparently would like to bring about the same condition in the mining industry that existed from 1927 up until 1923, by methods of breaking down the miner's ginia."

"The UMW contract is the only thing that stabilizes the industry insofar as production cost around the mine is concerned. The UMW is putting on a drive to organize all the non-union mines of the country, which includes West Virginia."
