A total of 178 cases were disposed of during the September term of criminal court in Cambria County, according to the quarterly report released Friday by Clerk of Courts Joseph Weas.

There were comparatively few trials as most of the defendants pleaded guilty to charges made against them. Guilty pleas were entered by 113 defendants, or 63 percent of the total.

In 12 trials, six defendants were freed and six others were convicted. The court itself convicted four defendants and acquitted eight. A total of 41 cases were dismissed by agreement of the court and the district attorney's office, with the defendants being required to pay prosecution costs in 22 cases.

Of the 123 defendants who either pleaded guilty or were convicted, the court meted out these penalties: State prison terms, 2; county jail terms, 19; probation, 22; fines and costs or costs only, 21; and support orders, 19.

**GI Bill Students' Checks Delayed**

Veterans planning to train this fall under the GI Bill should take enough money with them to tide them over until early November. This warning was issued by the Veterans Administration in Pennsylvania last Thursday when it became known that subsistence checks will not be ready until November.

The VA said this situation exists every year when thousands of veterans start or resume training under the GI Bill. Officials said that everything is being done to keep delays to a minimum.

Veteran-students can help matters, VA said, by not writing to the agency about the delays. Replies to letters take time that otherwise could be spent processing subsistence checks. When the checks arrive they will include all payments due from the time the veteran started class.
