

# 1952 St. Francis Scholarship Program Opens This Week

## Seven Of Varying Amounts To Be Available for North Cambrians

St. Francis College of Loretto, Pa., announced that the annual scholarship program will be opened this week. Seven scholarships, ranging from full tuition scholarships to \$100.00 a year grants will be made available to students in the area within commuting distance of St. Francis. The North Cambria district is included in this area. Any student living within commuting distance of St. Francis, however, will be eligible for the awards.

All awards made by the college will be good for four years. Every scholarship student is expected to maintain good scholastic and character ratings during the tenure of the scholarship. The new St. Francis Scholarship program was launched in 1949 and since that time increased interest in the awards has been shown by our area high school students. Fourteen area graduates are now studying at St. Francis under the present scholarship program.

Awards include the President's Scholarship, established in honor of the President of St. Francis. It is a full tuition scholarship. The Friends of St. Francis Scholarship, named in honor of the organization known by that name, carries a one-half tuition scholarship award. A similar one-half tuition award is available under the Prince Gallitzin scholarship.

Four other scholarships of \$100 per year each, for four years, have been named the Faculty Scholarship, Board of Trustees Scholarship, the Board of Advisors Scholarship and Father Benedict English Scholarship.

Ferdinand F. Bionaz, secretary of the St. Francis Scholarship Committee has asked all area high school guidance directors to advise their students that the deadline for the 1952 applications is Apr. 15. All applications should be submitted to the St. Francis Scholarship Board by mid-night of that day. Specific information to the board and instructions for entering the college scholarships program may be obtained by writing to the Secretary, Scholarship Committee, St. Francis College, Loretto, Pa.

Selection of the scholarship students will be made on the basis of financial need, the contents of the application blank and the results of the annual St. Francis College scholarship examination. The examination will be held sometime during the early part of May.

To be good citizens, first master the three R's of citizenship—right, respect and responsibility.

DURING A SPECIAL CEREMONY in Stockholm, King Gustav Adolf (left), of Sweden, presents the 1951 Nobel Prize in chemistry to Dr. Edwin M. McMillan. Award co-winner, Dr. McMillan, of the University of California, was one of three Americans honored. (International Radiophoto)

### Gov. Fine Moves To Bolster Guard

Gov. John S. Fine Monday of this week moved to increase the strength of the Pennsylvania National Guard by exempting the guardmen between the ages of 17 and 18 1/2 from the draft.

The Governor, acting under a Federal law, issued a proclamation declaring that the strength of certain guard units cannot be maintained through normal enlistments and appointments.

The action, in effect, permits youths between 17 and 18 1/2 to join the national guard units still not federalized and become draft exempt as long as they maintain satisfactory service in an organized national guard unit.

Youths already ordered to report for induction into the armed forces are not affected by the action.

### Barnesboro WAF At Carswell AFB

Sgt. Margaret Pardee of Barnesboro R. D. 1, is stationed at Carswell Air Force Base, Fort Worth, Texas.

The WAF sergeant is a graduate of teletype school at Western AFB, Cheyenne, Wyo. She is serving as a supervisor in communications section at the Texas base.

The Barnesboro girl, who enlisted in the WAFs in October of 1949, through the Johnstown Recruiting Station, is a graduate of Barnesboro High School. Sgt. Pardee received basic training at the Lackland AFB, Texas.

The sergeant recently wrote to her parents, Mr. and Mrs. Edward Pardee of Barnesboro R. D. 1, telling them that she expects to be assigned overseas the first of the year.

### Martin Kirsch President

Martin Kirsch was elected the president of Spangler Borough School Board at a reorganization meeting Monday night of this week. The remainder of the board is composed of Edwin Lantz, vice president; James Dunn, secretary; George Dawson, treasurer, and William McCombie.

### Trimly Tailored

Check wool flock.

By VERA WINSTON

SKETCHED for today is a wool dress that looks quite a bit different from the current crop of woollies. It has a trim top of black and white check and a skirt in solid black. Linking the two is a snug band of red, and there is a small bow-tied gilet of the red. The collar and checked revers are in black, and there are large black disc buttons.

### New Gallitzin Plant Will Employ About 60 Women Workers

Applications Will Be Received Next Week

McTague Manufacturing Company, garment firm with factories in Tyrone and Philipsburg, will open a plant in Gallitzin sometime early in 1952. This was announced Monday evening at a meeting of Gallitzin Borough Council.

The firm will have a plant in a building owned by Frank Salvaggio of Gallitzin. Formerly known as the Isaacson Building, the three-story structure was purchased by Salvaggio last Aug. 1. Councilmen said officials of the firm signed a 3-to-5-year lease yesterday. The firm expects to fill army contracts for the manufacture of a new combination Eisenhower jacket and heavy shirt.

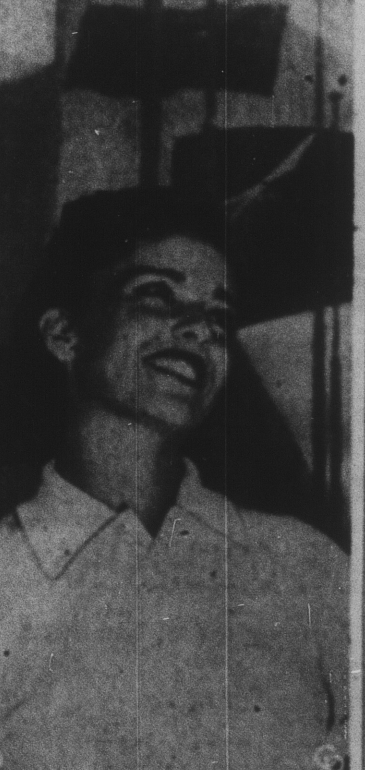

The factory will occupy the second and third floors of the Salvaggio Building. The second floor will be utilized for storage and for mechanical equipment and the third floor will be used by the sewing department. Officials of the firm said the second floor may be used as a cutting department.

The firm expects to employ 60 women at the start and eventually may employ 100. Men will be employed almost exclusively in the cutting and mechanical departments with a few to be given work in the sewing department. Officials said that applications will be received next week from prospective employees.

It is expected that operations at the new plant will get under way shortly after Jan. 1. Representatives of the firm Monday evening expressed confidence that Gallitzin and the surrounding communities will provide a sufficient number of workers. Joseph Slotz of Philipsburg will be the manager of the plant.

Council members Monday evening also revealed they plan to sell a 100 by 150-foot plot of ground on South Main Street near Liberty Street to Pennsylvania Electric Company. The company plans to build a booster station there.

### Has Good Racquet

ONE of the big attractions at the Bolivian "Little Olympics" at Caracas, Venezuela, is Andreina Pietra, tennis singles champion of her country for three years. She poses against a background of the \$12,000,000 stadium, said to be the most modern in the world, in which the contests are held. (International)

### Women May Enlist For 2-Year 'Hitch'

#### New Regulation Cited By Area WAC Recruiter

North Cambria Women's Army Corps for a two-year term. This information was made public today by Pfc. Kloe of the U. S. Army and U. S. Air Force Recruiting Service, Barnesboro.

Pfc. Kloe has recently been assigned to this area, to actively represent the WAC in its current drive to enlist 30,000 young women before July 1952.

Previously, Pfc. Kloe commented, the shortest enlistment term was three (3) years or longer. Now area girls will be able to actually experience the career advantages of service in the WAC without obligating themselves for long periods of enlistment.

Regulations regarding age, mental, moral and physical requirements remain unchanged. Service benefits afforded a two-year enlistee are identical with those offered girls who enlist for three or more years.

### 2 Miners Injured in Pit At Revloc

#### Coupon Man Victim Of Fall of Coal Monday

Two employees were hospitalized Monday with injuries suffered in two separate accidents in the Revloc Mine of Bethlehem Mines Corp.

The injured men, both in Johnstown Memorial Hospital, are Wm. McCloskey, 38, of Coupon, a fire boss, and Kenneth Lohy, 33, of Revloc, operator of a coal cutting machine.

McCloskey suffered head injuries about 11:30 a. m. when he was struck on the head by falling coal, jarred loose from the coal face by nearby blasting.

Louis H. Ripley, general superintendent of the Revloc mine, said Monday evening that McCloskey was working in a place adjacent to a section where a shot was fired. The fire boss was in a

stooping position at the time and coal jarred from the coal face fell, striking him on the head and face.

Lohy, operator of a cutting machine, suffered a possible fractured back when he was caught beneath a fall of rock about 2:45 p. m. Ripley said Lohy was at work in a place which was well timbered and which apparently had good roof.

However, a piece of rock fell from the roof, striking Lohy on the back. The condition of both men is reported good.

### E. W. Powell Heads West Carroll Board

E. W. Powell of Bakerton was elected president to succeed William Wiseman, also of Bakerton, at a reorganization meeting on Monday night of West Carroll Township School Board.

Other officers are Henry Columbus of Bakerton, secretary; Elmer Yeaglin, Bakerton, vice president; and Fred H. Buck, a non-member, treasurer. Mike Grosko of Bakerton and Bert C. Miller of St. Benedict round out the board. Mr. Miller was not present at the session to be sworn in.
