Coal prices will go up in 1952 more than any other basic indusif the industry gets its way. The National Coal Association to our nation.

a group of operators, sounded an "From coal must come our new appeal for price relief in a bulle-tin to memoers which said: chemicals and the thousand and one other items which are abso-"The plain facts are that gen- lutely indispensable to our de-

in a fair and honest profit—this our industry failed to secure a 1951. The condition should be cor-rected before 1952 is well launch-

d." Discussing the industry's "otili-rations," the NCA declared: "Unless coal's houses are kept or dubing a basic \$16.35 a day. UMW President John L. Lewia has not yet made his demands gations," the NCA declared:

in order by asking and receiving but if he wins a pay boost for his reasonable profits from its prod-uct, its obligations to the public are still another factor which cannot be met. Coal, probably boosts operating costs.

**Compensation** Pay **Increased Under Bill Signed Jan. 2** 

### Maximum Is Raised To \$30 Per Week

Gov. John S. Fine last Wednesday signed into law two measures boosting from \$15 to \$30 the maximum weekly payments made under workmen's compensation and occupational disease benefits.

Fine previously had granted as similar increase in unemployment compensation benefit payments. He sgned an additonal bill last Wednesday to facilitate accounting in jobless pay benafits.

The workmen's compensation and occupational disease benefit increases are effective immediately. The jobless pay boost took effect Oct. 1.

The jobless pay law also was amended to increase minimum weekly benefits from \$8 to \$10 and the maximum benefit period from 24 to 26 weeks. The minimum payment period went from 9 to 13 weeks.

under the Occupational Disease and Workmen's Compensation Acts went from \$12.50 to \$20, and the benefit period for injured workmen from 500 to 700 weeks.

To Be On Youth 4-H, FFA Boys Will Enter Contests of Skill

The 1952 edition of the Pennwhich will make it possible carry-which will make it possible carry-expansions will be necessary. On the youth today was termed "as necessary to the common-

which will make it possible carry-ing out of (the industry's) obliga-tions. "Coal's costs have risen more than many other industries, yet its pricing policies lag far bellind other industries and the show, scheduled in the youth of the common-wealth as upark plugs to an au-tomobile engine." Miles Horst, agriculture secre-tary, said the show, scheduled from tary to the common-wealth as upark plugs to an au-tomobile engine." sion. The country's pits now are from Jan. 14 to 18, "is designed other industries. "There is nothing inflationary producing at the rate of about 12 to provide incentive and assist-

> Among the many highlights of the 36th annual production will be talks by U. S. Senator Richard Nixon (R-Calif.) and Herschel D. Newson, master of the Grange. Officials making preparations for the event expect a recordshattering attendance again next week. Last year the various ac tivities attracted more than 591.

000 persons, an all-time high. To bolster their expectations the officials point to a new high in livestock entries and premiuma offered as prizes.

Last year some \$54,576 was paid to competitors in 24 depart. ments. This year the figure has been upped to \$55,100.

In addition, heavier emphasis on youth activities, and several new contests will brighten up the five days and four nights of the show's operation.

For the first time members of the 4-H Club and Future Farmers of America will participate in contents of skill and safety practices in the operation of farm tractors. They will be held in the large arena on the fourth day. Moreover, the youths will compete with exhibits of food, livestock, fruits and vegetables which they have grown.

All the activities and exhibits will take place on part of the 570,000 square feet of floor space encompassing the main and ad-jacent additions.
