Belsano Man Killed In Freak Accident While Sweeping Mill

Broom Handle Thrown By Saw Strikes Head

Injuries suffered Monday evening in a sawmill accident have proved fatal to a 38-year-old Cambria County lumberman.

Paul Kummel of Belsano, father of nine children, died at 8 p. m. Tuesday in Miners' Hospital in Spangler of head injuries suffered the previous evening in the J. T. Rummel & Son Lumber Mill near Belsano.

Rummel was employed as a sawyer in the mill owned and operated by his father and a brother, Raymond. The mill is located on the Nicktown-Belsano Road about one mile north of Belsano.

Richard P. Wilkinson, Cambria County deputy coroner, listed a fractured skull as the cause of Rummel's death. The victim did not regain consciousness before his death. Coroner Wilkinson said death was accidental and that no inquest will be held.

According to reports, the fatal accident happened about 7:25 p. m. Monday as Rummel and another mill employee, William Adams, also of Belsano, were sweeping around the tracks of the large saw in readiness to close the mill for the night.

Adams, according to the coroner's report, was sweeping near the saw when the handle of the broom struck the whirling blade. The broom flew from Adams' hands and struck Rummel on the forehead.

Rummel suffered fractures both of the front and rear of the skull, resulting in a coma. Coroner Wilkinson said.

England has two of three queens—Queen Mother Elizabeth and Dowager Queen Mother Mary—who have survived their husbands. Similarly, the U.S. has four surviving First Ladies—Mrs. Harry S. Truman, Mrs. F. D. Roosevelt, Mrs. Calvin Coolidge and Mrs. Woodrow Wilson. The latter three have outlived their husbands by a goodly number of years. (Central Press)

Over 1.4 Million Trout To Be Placed In State Streams Prior to April 15

The State Fish Commission last Thursday reported a record 1.4 million trout will be stocked in brooks and streams in preparation for the 1951 trout season.

"This is the largest trout stocking program we have ever undertaken," said C. A. French, executive director of the commission, "and anglers ought to have a fine season."

He noted that last year's total was 1.2 million. "But that was the total for the whole year," he said. "There are two stocking periods each year—one before the season starts and one along about the middle."

"We'll put 1.4 million trout into the streams before the opening day—Apr. 15—and thousands more around the end of May. The season ends July 31."

French said the reason Pennsylvania has so many fish to put out this year is because of a large surplus left over from 1951. "Dry weather and educated sportsmen forced us to cancel all trout stocking last fall," he said. "We were afraid the fish would fall prey to snakes, turtles, foxes and raccoons in the shallow waters," he said.

He added that the commission has not decided yet whether to resume its former practice of stocking the streams with trout in the fall.

"We used to stock them three times a year," he said, "but now it has been reduced to only twice."

French stressed that only legal trout, those which are at least six inches long, will be put out for the fishermen.

He added that all the streams to be stocked have been inspected by experts and approved for fish habitation.

TV's Bride & Groom Newlyweds Guests At New York Hotel

They were Miss Virginia Ferry, daughter of Mr. and Mrs. Robert Ferry of Hastings, and Pfc. Wendell Routh, son of Mr. and Mrs. Elmer Routh, also of Hastings.

The bride was given in marriage by her father. Her sister, Miss Helen Ferry, was maid of honor and Donald Routh, brother of the bride, was best man.

The newlyweds both are graduates of Hastings High School. The former Miss Ferry has been employed at a Hastings store and Pfc. Routh is serving in the army with the signal corps and is stationed at Camp Gordon, Ga.

The couple will spend this week honeymooning at the Hotel New Yorker in New York City as the guests of the TV program. They were presented many wedding gifts.

Pfc. Routh's company commander at Camp Gordon gave the soldier an added surprise—a 15-day furlough.

The program was carried locally at 10:30 a. m. over Johnstown's Station WJAC-TV, with almost every housewife in this area witnessing the ceremony via television establishments closed during the 15-minute telecast. School children in the community were dismissed from classes in order that they could view the ceremony.

Officials of the program say that more than 1 million persons watch the "Bride and Groom" program which is presented daily, Monday through Friday.

Termed in simple, yet solemn phrases, the prayer expresses gratitude for the defenders who have been raised against "the forces of darkness."
