### Westrick Reports Still 5,000 Cambria Dogs Unlicensed

Up to the present time, 5,000 dog owners in Cambria County have failed to secure a dog license for 1952. The 1951 dog license expired Jan. 15.

This is the report just released by County Treasurer Dennis L. Westrick, who further stated that all mail requests for the licenses have cleared from his office.

While we do not enforce the dog law, we are interested in having our county folks know that the time for securing 1952 licenses as established by law is now 90 months past.

"While they law enforcement officers are now busy checking all stray and non-licensed dogs," continued Mr. Westrick, he also stated the fact that the epidemic rabies among foxes in several sections of this state makes it most urgent that all dogs be licensed and kept under proper control.
