

# WE ACTED FOR YOU...

## TO KEEP THESE FOUR PLANTS IN OPERATION

Sportswear, COALPORT

Sportswear, PHILIPSBURG

Sportswear, CURWENSVILLE

Sportswear, CLEARFIELD

# PLEASE BACK US UP!

The Committee of Community Leaders to confer with Mr. H. A. Trichon, President of Clearfield Sportswear and Officers of David D. Doniger & Co., New York:

| <b>Philipsburg:</b><br>Frank Eyerly<br>Lewis Stein | <b>Curwensville:</b><br>Frank Hoffman<br>Samuel Bressler |
| <b>Coalport:</b><br>Joe Helman<br>William Byers    | <b>Clearfield:</b><br>Howard Stewart<br>E. S. Shuck      |

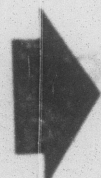

The people throughout the Philipsburg, Coalport, Curwensville and Clearfield areas were disheartened last fall when the Clearfield Sportswear Co. announced their intentions of closing its plants in these towns. It looked then like nearly six hundred people would be out of work. A final date of May 1, 1955 was set as the closing of these plants

Negotiations, looking toward the sale of this industry to some group which would operate in this area were conducted through the past several weeks.

The David D. Doniger & Co., producers of the McGregor fine line of wearing apparel finally responded to an offer by the Clearfield Sportswear for the sale of the equipment involved.

THE MAJOR ITEMS OF INTEREST TO THESE PEOPLE FINALLY REVOLVED INTO THE FOLLOWING PROBLEMS:

**3** Plant Rentals Permitting A Low Cost Overhead

**1** Competitive Costs Against A Southern Plant Operation

**4** The desire of the people throughout this area to cooperate with the Management in having a plant meeting . . . The Standards of Operations of the Doniger Co.

**2** Cooperation of the Unions of the Employees

**5** The Company's feelings that the existing Plants need Renovation to bring them up to standards of its other plants and that the local communities should share in the expense.

*Happily . . . We Announce The Successful Meeting Of All These Problems . . .*

1. Living conditions, home owning people, an abundance of available labor, a record of wholesome cooperation with employers persuaded the management that a "Southern Plant" would have no advantage over your area.

2. A pleasant and agreeable arrangement was promptly made with the operating unions.

3. The building owners have entered into a lease arrangement for rentals satisfactory to the proposed tenants.

4. Your committee, on your behalf have agreed to spend a total of \$11,000 on these four plants to bring them to a condition guaranteeing excellent working environment.

## AND NOW...Will You Do This...Give \$5 For Your Community's Future?

WE ASK EVERY EMPLOYED PERSON, BUSINESS AND PROFESSIONAL MAN OR WOMAN TO SEND IN \$5.00 TO YOUR LOCAL TREASURER (LISTED AT BOTTOM OF PAGE) FOR THIS FUND.
