## **Facts About** Cambria County

By MAHLON BAUMGARDNER Ebensburg, Pa.

FRANKLIN BORO (Concluded) Plans have been under consideration for some time the repla-cing of the narrow bridge that cing of the narrow bridge that carries both street car and auto carries both street car and auto traffic over the Little Conemaugh River between Franklin and Woodsale in Johnstown. A railroad crossing at the one end of the present bridge carries quite a bit of traffic, and travel here frequently is held up for a long time.

A Franklin Marine, Sgt. Strauk, was one of the men who helped put the U. S. Flag on Strabachi during World War II, a feat that will ever be held

in memory. The mills are a wonderful sight at night, particularly watching the trains unload red hot ingots of steel. One wonder that so few visitors consider touring the plant for it is much better to see it than to real about it.

## DALE BORO

Dale Boro is a very uniqu borough because of its boundary.
Coming into Dale, going from
Geistown, one must travel through part of the 17th Ward of
Johnstown. When you cross the oridge you will enter Dale.

This stream is known as Solomon Run, named after Solomon Adams, a pioneer inhabitant of the old town of Conemaugh, now Johnstown. This was on the historic road called Conemaugh Path which started in the Old Town of Conemaugh It is now known as which started in the Old Town of Conemaugh. It is now known as Bedford Street and the Bedford Pike after you get out of Johnstown area. The road was once called the Johnstown & Scalp Level Turnpike with toll gates.

In the left side of Dale in traveling the Bedford Street you follow on the division line of the site.

Diale was organized as a bor-

ough on Mer. 8, 1891, after the historic Conemaugh Valley flood of 1889. Although there were homes there prior to the flood, they were not affected by the waters. Before incorporation it was a part of Stonyereck Twp. The township slowly dwindled by several other boroughs being

taken from it. The writer remembers that at the time he was a youth horse-drawn street cars came into the Dale section—and these were in It might be stated that use even bufore it became a borough. It is a residential community, with many of its workers being employed in the steel mills.

It might be stated that the
Von Lunea is one of the oldest
roads in the county, as is Bedford
Street—the Conemaugh Path.

This path led through Stony-

Joseph Hummell, a civil war resident, was a prominent citizen and B. F. Stull, father of County Superintendent of Schools, Dr. A. will cover Westmont Boro. Superintendent of Schools, Dr. A. M. Stull and the late Howard W.

Cyrus Wissinger, a contractor who is 90 years of age, lived in Dale, but is now of Salix, where he still is employed as a carpenter. It is generally understeed that he is the oldest Democrat in Western Pennsylvania.

The State Liquor Control board has suspended the drink-dispensing permit of Levon A. Stosiell of Stossell's Tavern, Barnesboro R. D. The suspension effective on Sept. 16 is for 15 days. Stosiell was cited for selling beverages on credit

house, barber shops, etc. Years ago it was the home of Dale Terrace of the Johnstown City Hospital in charge of Dr. Frank J. Livingston. It was abandoned many years ago, probably because of its location. It was too near to the big hospitals in the city.

One of the pioneers was John Horner, whose name is familiar to many attorneys in abstracting titles to real estate. This also is It might be stated that the

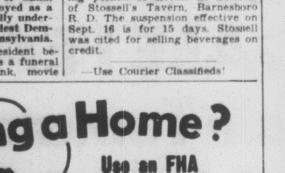

ing employed in the steel mills.

The old Evangelical Church was sold to men who converted it into a garage. The new EUB Church is a large, beautiful edifice located on Frongheiser Street. A number of hotels are located in the community, as well as a high school, to which an addition has been built.
