—The Terrors Base Ball Club, of Eckley, will hold a picnic on the base ball grounds at that place on Saturday next, June 14. A good time is anticipated. Depiero's orchestra has been engaged to furnish the dancing music. A game of ball will also be played at 4.30 p. m. between the Silver Brook and Terrors Clubs.

—Saturday evening, June 21st, the Tigers Athletic Association will hold its first annual picnic at Emmet's Grove. The committee of arrangements have everything completed to insure a pleasant evening's enjoyment for all who may be present. Refreshments of all kinds will be for sale on the grounds. Depiero's orchestra will furnish the dancing music.

—The examination of teachers for Freeland, Foster and West Hazleton will be held in Freeland on Tuesday, June 17. The County Superintendent requests all applicants for certificates to enter the class in the district where they expect to teach. Examinations will commence at 9 o'clock a. m. A cordial invitation is extended to all directors and patrons to be present.

—A trip through a suburb of Freeland and Butler Valley on Sunday last by a representative of the Tribune revealed the beauty of our surrounding country. Everything is in a blooming condition along the valley, the green fields and cultivated acres of the farmer presenting a glowing appearance. The fair weather which is prevailing in this region at present will undoubtedly give the farmer a good crop the coming season.

—A band of gypsies arrived in town on Wednesday of last week and tented near the old depot on the side of the valley road. They were dealing in horses, the way of business being to swap animals and get a neat sum to boot. Owing to a lack of patronage, however, they decamped on Saturday evening, only spending a few days in town. Our horse-owners are evidently becoming enlightened to the fact that it is usually poor stock is kept by such traveling agencies.

—A grand ball will be given in the opera house on Wednesday evening next, June 18, by Local Assembly No. 3457, K. of L. Those wishing to spend an evening of enjoyment would do well to be present, as the committees are well versed in ball management. Great care has been taken in selecting the various dances, which, no doubt, will be pleasing to all who may attend. Refreshments of all kinds will be sold in the ball-room. Quigley's orchestra will supply the dancing music.

Ex-Tax Collector Collins Vindicates Himself on the Proposed Land Sales.

EDITOR TRIBUNE:—Dear Sir:—Some time ago the Treasurer of Luzerne county caused to be published for sale a list of properties returned by the different collectors for non-payment of taxes. Among the many that were so published were some from the borough of Freeland. Some parties with the intention, no doubt, to do me an injury spread the report that all the taxes so returned were for the year 1887 and were returned by me. Now, many of those people whose properties were so advertised had paid their taxes and were settled for by me many months ago while others had paid later, and they felt very indignant when the news spread that their properties were advertised for sale.

In order to place myself straight on this matter I desire to say that there have been more collectors in Freeland borough since 1887 than me, and to show the public that all the names that were published were not returned by me I herewith present a statement together with the treasurer's receipt for all that I returned.

William Ashman	\$ 8 61
Peter Cunningham	2 12
Mrs. Patrick Campbell	13 40
Joseph Davis	4 51
Joseph Davis	20 23
F. C. Forehner	20 62
Rose Gaffney	8 40
Neal McNeil	14 70
Patrick O'Donnell	4 82
John Stahl	2 93
Henry Smith	5 59
James Welsh	15 90

The following receipt will show that all the taxes published, as belonging to Freeland borough, were not returned by me:

Received, Wilkes-Barre, June 5th, 1890, of James Collins one hundred and sixty-six dollars and eighty-three cents in full for the above transcripts of sealed land.

JOHN SMITH, JR., Treasurer.

I hope the parties who were so loud in their denunciation of and charged me with appropriating the above taxes to my own use will be so kind as to read the above list and compare it with the original one that was published, and then, if they be honest men, to give me the benefit of the doubt.
 This money has been turned over to the County Treasurer long ago, and there should not be any trouble had if been properly apportioned in the treasurer's office.
 Hoping that this may be satisfactory to all concerned I remain respectfully,
 JAMES COLLINS,
 Freeland Bor. Ex-Tax Collector.

BASE BALL.

HAZLETON DEFEATS DRIFTON.
 The Drifton base ball park was opened on Saturday with a game between Hazleton and Drifton. The Hazleton Club won the game by a score of 5 to 4.

THE HOME CLUB DEFEATED BY HAZLETON.
 Captain Johnny McGeehan and his aggression of ball tossers from the new county seat, accompanied by about fifty of their supporters and admirers, came here on Sunday afternoon and vanquished our local combination in a game played with numerous errors of every description by a score of 19 to 5. Zeirdt, the wild-eyed pitcher, was in the box for the visitors, and although his delivery was pounded hard and often the home club was unfortunate in placing their bats safe. Welch pitched a good game for the home club but he could not do himself justice as Johnny Carr could not handle his speedy delivery.

The score by innings as follows:
 Freeland.....2 0 0 2 1 0 0 0—5
 Hazleton.....0 3 0 0 1 1 3 2 x—10

THE TIGERS SCORE ANOTHER VICTORY.
 The ball ground at Lattimer presented a novel appearance when the Tigers made their appearance there on Sunday afternoon. The whole population of men, women, boys and girls, and in fact all the people that the Census Enumerator could find when going his rounds last week were centered there to cheer their pet base ball club on to victory. Such was not to be, as the Tigers went there to win and win they did by but one point. The score up to the eighth inning was 9 to 3 in favor of the Tigers, but in this inning all of the vast number of Lattimer admirers arose to their feet and by hooting and yelling managed to rattle the Tigers, and as a result five runs were scored before the side was retired. Neither sides scored in the ninth and the game was won by the Tigers, making it their sixth victory of the season.

The score by innings as follows:
 Tigers.....3 1 0 2 1 0 2 0—9
 Lattimer.....2 0 1 0 0 0 0 5—8

NOTES.

The home team is badly in need of a good, reliable catcher.
 The Tigers will play the Jeddo Kickers at Jeddo next Sunday.
 The Jeddo Kickers defeated a picked nine from Drifton on Sunday. Score: 23 to 4.

The Glimers were defeated by the Eckley Terrors on Sunday by a score of 19 to 18.
 The Tigers record of six games won and one lost is one of which any club might justly feel proud.

The battery which the home club was to have on Sunday failed to come, owing to Catcher Jennings having his hand hurt on Saturday.
 Remember the Tigers picnic on Saturday, June 21. Be sure to attend and assist the boys who are furnishing good, free base ball during the warm summer months.

Don't miss the game of base ball at the park next Sunday, Tamaqua vs. Freeland. The reputation of the former club, is such that their presence here should gain for them a good audience. The Batteries will be Welch and Simmons for Freeland, and Christian and Gormley for Tamaqua. Game called promptly at 3 o'clock p. m.

Lightning's Freak.

During the storm that prevailed here yesterday evening a ball of fire was observed to fall from the sky near the well of the Donop Homestead, corner of Centre and Front Street, which exploded with a loud noise before it reached the ground. After the explosion smoke was observed issuing through the fence, but upon examination it was found that no damage was done to the fence or the surroundings.

Drowned at Upper Lehigh.

Mahlon McAvoy, a young boy, aged sixteen years, who was living with his grandfather, James Smith, of Main street, Upper Lehigh, was drowned while bathing in an old stripping at the Western end of the Upper Lehigh tract on Sunday last.

Young McAvoy, in company with about a dozen smaller boys, left home about 12 o'clock noon to go swimming, and while in the water (being unable to swim) is supposed to have taken cramps and sank. On coming to the surface the second time his companions threw an old raft towards him, but before he could reach it he again sank, and did not rise. An alarm was given, and Valdron and Thomas Rhoda arrived and went into the water, and in a short while brought the body to the bank. Word was immediately sent to T. A. Buckley, J. P., who, in a short while, arrived at the place where the body lay, and empanelled the following jury: James Jamison, foreman, Paul Dash, James Rhoda, Joseph Evans, Thomas Parry, Thomas Price. The jury viewed the body and then adjourned to the company store, where a number of witnesses were examined, and the following verdict was rendered:

We, the jury, empanelled to ascertain as to how, when and after what manner the said Mahlon McAvoy came to his death, do say that the said Mahlon McAvoy came to his death near Upper Lehigh, in Butler twp., County of Luzerne and State of Penn'a., from drowning, and said death resulted accidental, and the said jurors do further say that there was such story suspicious, violence or other unlawful acts at the hands of any person or persons as to render necessary the holding of an inquest.

The death coming as it did, so sudden, has caused a gloom to hang over the quiet and peaceful village; and the relatives of the dead boy have the sympathy of the whole community.
 Democratic Delegate Election.
 The Democratic Legislative Committee of the 4th district met at the Bralin House, in Hazleton, on Saturday afternoon and elected delegates to the State Convention to be held at Scranton on the 24th of July.

It was noticed, when the committee was called to order, that a number of the regular committeemen were absent and that substitutes were present to act in their stead, among whom was James McHugh, of town, favoring the nomination of Hon. James Collins in the last Legislature and that any opposition to him be discontinued and that he be unanimously nominated for a second term. Objections were raised to this nomination of McHugh, favoring the nomination of James Collins, whom the voters of the district might put before the convention, would not have a fair chance for the nomination. In offering the resolution it was the intention of Mr. McHugh to gain the consent of the committee but he did not appear and was later knocked on the head by a resolution for recommending Hon. E. B. Cox, of this district, for Congress. A motion was made that the convention nominate a candidate for Assembly to convene in Hazleton on the 23rd day of August, 1890, after which the convention adjourned.

Suffocated By Gas.

Miss Martha Welch, who came to this country from Ireland last week to visit friends at Sandy Run, with the intention of stopping here, was suffocated by gas in the Mansion House, Mauch Chunk. She had reached Mauch Chunk on a late train and being unable to proceed to Sandy Run was compelled to stop over night at Mauch Chunk. She took a room at the Mansion House and next morning was found in her apartment apparently dead. A coroner's jury rendered a verdict of accidental death from suffocation by gas. Andrew Russell, of Sandy Run, a cousin of the deceased, was summoned to Mauch Chunk and brought the remains of the deceased also had relatives in Drifton.

UPPER LEHIGH.

Joseph Pesarick, a laborer for Evan Moses, was injured by a fall of coal on Tuesday at No. 4 slope.
 John Rhoda, son of James Rhoda, had his eye and arm injured at No. 4, by being caught between cars and props, while driving.

John Jones (Toot) received a severe cut on one of his hands, by a piece of coal breaking while loading a car, at No. 6 on Monday.
 Sunday last was Children's Day at the Presbyterian church here. Rev. Bischoff conducted the exercises. The church was crowded.

Rev. Theophilus Jones, of Wilkes-Barre, will preach in the Welsh Baptist Church at Upper Lehigh next Sunday at 10.30 a. m. and 6 p. m.
 Mr. Roberts, one of the rescued miners of the Ashley explosion, was a visitor to this place the fore part of the week, as the guest of William Owens.

Rev. S. J. Jones, of Upper Lehigh, preached at Lindy's Hall, in Freeland, last Sunday to a large and appreciative audience. The Rev. gentleman will preach at Woodside school house next Sunday at 10.30 a. m. and at 6 p. m.
 The Soapies and Upper Lehigh Base Ball Clubs crossed bats at the latter place last Saturday. Score: 7 to 3 in favor of Upper Lehigh. The battery for Upper Lehigh was Davis and Gouliou, while McGuire and Doggett done the same honors for the soapies.

Upper Lehigh has long held the proud distinction of having one of the best not being elected cow clubs in the county, and the germ of corruption seems to have entered it (so says one of our cattle raisers). The custom is to take nothing into the club but cows—calves and calves not being eligible are barred out. One of our citizens, a short time ago, tried to come it sharp over the management, producing his six months old beef, and claiming that it had a calf which died in the brush and was eaten up by dogs, and insisted that the once beef, but now a cow, should be entered on the roll of membership. It is needless to say that his request was not complied with. The club still exists notwithstanding the threats made by the irritated (would-be) member to boycott it. Next?

STATE NEWS.

—For bargains in paints, room moulding, calomine and wall paper, call on A. A. Bachman, opposite H. C. Koons.
 —On Saturday the court approved the petition of incorporation of the Retail Merchants' Protective Association of Luzerne county.

—The fire in the Best colliery at Ashland was reached last week and water turned on the burning coal. The mine officials have hopes of getting the fire under control in a short time.
 —Oliver Carlisle, Anthony Maley, William Flynn and Richard Scully, four prisoners confined in the county jail at Pottsville, escaped early on Sunday morning. A reward is offered for their arrest.

—Fifty weavers in the Bethlehem Silk Mill, in Bethlehem, went on strike, Tuesday, against a 10 per cent. reduction in wages. The weaving department of the mill is idle.
 —The Kingston Times has come to us enlarged. There is an evidence of prosperity in that place from the appearance of its morning daily which has just passed about six months of its existence.

—The Amalgamated Association of Iron and Steel Workers, in session at Pittsburg, has adopted in its platform a scale of \$5.50 per ton on the two-cent card rate. The remainder of the scale will be arranged this week.
 —Sylvester Rice, while drinking whisky with four companions in the woods at the northern end of Pottsville, on Sunday, dropped dead. His companions disappeared. His death is attributed to exhaustion and alcoholism.

—The annual State camp of the Sons of Veterans held sessions in Wilkes-Barre yesterday and will continue the same to-day. All the State officers of the order are present as well as a large number of delegates from all over the State.
 —The puddlers at the Blandon Rolling Mill, at Blandon, Berks county, last week had their wages advanced to \$4 per ton, which took effect on Monday. Puddlers wages in the Schuylkill Valley range from \$3.80 to \$4 per ton. The advance made at Blandon affects several hundred men.

—A union meeting of the Brotherhood of Locomotive Engineers was held Sunday in Wilkes-Barre. There was a secret session in the morning, following a public meeting in the afternoon, at which over 1000 people were present. General W. H. McCartney, Allen H. Dickson and P. F. Fenell made addresses.
 —While Green Hanlin and William Thomas a number of other workmen were riding down the slope of the Youngstown mine, at Connellysville, last week the cars parted and then came together with terrific force. Hanlin's leg and thigh were mangled and will have to be amputated. Thomas had his skull fractured but will recover. The other men on the cars escaped being hurt by jumping.

—A fatal fire occurred in Trembath's Hotel at Wilkes-Barre on Monday evening. The fire was caused by an explosion of a lamp which entirely burned the interior of the building. Paul Bumbach, a boarder in the hotel, was burned to death and Mrs. Treach, wife of the proprietor, and a servant girl were badly burned about the hands. The loss to Mr. Trembath for furniture and various other things will, it is believed, aggregate \$5,000. There is no insurance.

—An unsuccessful attempt was made on Tuesday to wreck a passenger train between Hazleton and Tompkins. Stones and railroad sills were placed on the track near a curve, but, fortunately, the train had been coming in a direction where the obstruction could be seen and it was removed. A lone Hungarian in the place, walking towards Hazleton, and on reaching the latter place was arrested on suspicion of having placed the dangerous pile on the track and now languishes in the lock-up awaiting trial.
 —On Tuesday evening a force of men were put to work cleaning up the workings of the South Wilkes-Barre shaft where a coal cave-in had taken place. The water was lowered to a considerable extent on Monday evening and a party entered the shaft, but, owing to a lack of sufficient ventilation, they could make no examination of the mine. It is not expected that the bodies of the victims can be reached inside of two or three weeks, as it will take much time in cleaning up the debris.

Elder Haas, of Philadelphia, will be present and will remain over Sunday, on which occasion he will preach on Baptism at 7.30 if the weather permits. Services will be held on Sunday forenoon. The service on each occasion will be held in the open air, on the site of the new building, at which the public are requested to be present.

The New Hospital at Hazleton.

An appeal has been made by the management of the new Miners' Hospital just built at Hazleton to the operators and workmen of this region for aid in their furnishing and filling out the institution so as to make it available for the accommodation of patients as soon as possible. It will be nine months at least before another State appropriation can be had, so as to be used for that purpose. A start has been made at several collieries on this side of the mountain and from the appearance of the lists the men are responding cheerfully.

Weekly Coal Report.

The anthracite coal trade is showing unmistakable signs of improvement. There is a considerable quantity of coal being moved at last month's prices, and during the past week many new orders have been received by the shippers of anthracite for coal at prices closely approximating the new circular figures, which went into effect on the 1st instant. This enables some of the individual operators, whose collieries have been idle for a month or two past, to resume operations at a profit even though it is small. Our advices from Chicago and other Western ports also indicate a much better tone to the anthracite trade there, though there has not been much activity developed as yet, but prices are much firmer and there has been an improvement in the inquiry for coal from that quarter. The coal sales agents of the Pennsylvania Railroad have marked up their prices to the Washington and Baltimore trade an average of ten cents per ton. The figures of Mr. John H. Jones, the Chief of Bureau of Anthracite Statistics, show that the total production of anthracite in May was 3,047,767 tons, compared with 3,084,003 tons in the corresponding month of last year, a decrease of 36,236 tons, and an excess of half a million tons over the quantity which it was agreed by the managers of the several companies controlling the output should be mined last month. These figures are subject to some official adjustment, but the changes are not likely to materially affect them.

The total amount of anthracite coal sent to market for the week ending May 31st, as reported by the several carrying companies, was 652,311 tons, compared with 663,545 tons in the corresponding week last year, a decrease of 11,234 tons. The total amount of anthracite mined thus far in the year 1890 was 11,888,421 tons compared with 12,240,622 tons for the same period last year, a decrease of 352,201 tons.—Ladner.
