 —The Junior order of American Mechanics of Freeland, will hold their anniversary entertainment and ball at Yannes' Opera house on the 19th of August Depiero's Orchestra has been engaged for the occasion.  
 —The St. Patrick's Cornet Band will hold a grand ball in Yannes' opera house to-morrow evening. The various committees have spared no pains to make this a grand success. Quigley's orchestra will furnish the dancing music.  
 —John C. Farrell, accompanied by his brother, Rev. Father Farrell, of Freeland, left on Tuesday night for West Chester to attend the commencement exercises at the State Normal school, from which their brother William is a graduate.—*Newsdealer.*  
 —Two games of base ball will be played at the Drifton Park to-morrow between the United Club, of Philadelphia, and the Drifton team. Stouch and Hartman will be the battery for the United and Welch and Mulvey will do the same work for Drifton.  
 —The Tammany has now on hand and for sale all kinds of legal blanks used by Justices of the Peace, such as warrants, summons, capias, executions, agreements, leases, land and warrants, notices to quit, receipts, etc., all done up in neat style and in an improved form. Call and see them.  
 —Ice cream at Jacobs'.  
 —The Drifton Base Ball Association has secured for an attraction at their park to-morrow the United Base Ball Club, of Philadelphia, who will play two games with the Drifton team. The game in the morning will be called at 10:15 and in the afternoon at 3:30. Refreshments will be sold on the grounds during the day.  
 —All lovers of base ball will be treated to a fair exhibition of the national game by going to the park to-morrow afternoon and see the contest between the New Boston and home clubs. The New Boston has beaten several of the best teams of the region including Tammany and Mahanoy City, twice each. They will bring their best material along to cope with our boys; and a good game is anticipated.  
 —*Fine Uniforms.*  
 While on a tour of investigation a few days ago our attention was called to the tailoring establishment of J. J. Powers, on lower Centre street, by observing what appeared to be a military uniform laying on the counter. Upon going into the store we were surprised to see that the old veteran was busily engaged making uniforms for the Kazimierz Pulawski (Polish) Beneficial Society, of South Heberton. The Society numbers twenty-five members, but about eighteen suits are being made at present.  
 The suit is made of the finest beaver cloth, and consists of coat and pants, with red trimmings and regulation buttons. They are finely made and we have no doubt will show to good advantage. Mr. Powers received the order but a short time ago—as it was not known until two weeks ago that the society would take part in the Fourth of July celebration—but with his usual business tact and army experience he knew what was needed, and so finished the whole of them on time.  
 Societies and military organizations in need of uniforms—where a neat fit, good material and first-class workmanship are the requisites—should consult Mr. Powers, from his large experience as a military man coupled with that of a good workman and fair prices, he will surely please them.

### Lecture and Entertainment.

The lecture and entertainment held under the auspices of the Young Men's T. A. B. Society, of Freeland, at Yannes' opera house, on Tuesday evening, July 1st, was one of the grandest affairs of the kind ever witnessed in Freeland. Long before the time set for the opening of the proceedings the large hall began to fill up, and when the Chairman of the evening, Mr. Frank Brady, stepped to the front of the stage there was scarcely standing room in the hall or gallery.  
 Mr. John Brady, in behalf of the society, made an address of welcome, and gave a general review of the society from its organization, in which he showed what had been accomplished by the members financially, morally and intellectually. His address was one of instruction and was replete with good advice as to the future policy of the organization.  
 The following programme was then carried through:  
 Quartette, "Moonlight Will Come Again"  
 Mrs. Hayes, Misses Reilly and Chas. Morschbacher.  
 Piano Solo, "The Robins Return"  
 Miss Mame Dougherty.  
 Address, "Rev. M. J. Fallihue"  
 Solo, "The Raft"  
 C. Morschbacher.  
 Recitation, "Suppose"  
 Miss Mame Hayes.  
 Solo, "My Heart's Delight"  
 Master George Reilly.  
 Recitation, "Little Boy Blue"  
 John McMenamin.  
 Medley of Irish airs, Jas. and Mame McDonald.  
 Silent Drill, St. Ann's Pioneer Corps  
 Piano Solo, "Music on the Water"  
 Mrs. Peter Reilly.  
 Lecture, "The Present Time or As We Are," Bernard McManus, of Wilkes-Barre.  
 Quartette, "Come Where the Lillies Bloom," Mrs. Hayes, Misses Reilly and C. Morschbacher.  
 The address of Rev. M. J. Fallihue was one that brought down the house. In it he advised the young men to beware of that disease commonly known as "a swelled head," and by way of illustration cited an instance of a Kansas postmaster, who became so full of egotism as to insist upon his patrons coming into the post-office with uncovered heads, but after a dose of treating, in the way of mopping up the floor of the post-office with him, he cried hold, enough, and thanked those who took such interest in his treatment, and was completely cured.  
 The Rev. gentlemen dwelt upon the fact, that to make a society a success all its members should work in unity, and gave by illustration the manner in which our National State and Municipal Governments are carried on. The minority is never found in open revolt against the majority, but work on no matter who is at its head, and so it should be in societies.  
 The lecture was enthusiastically cheered.  
 The lecture of Bernard McManus was the leading feature of the evening and the one all eyes were centered on. As Mr. McManus spoke with a tremendous applause which followed was tremendous.  
 The exhibition drill by the St. Ann's Pioneer Corps was good, and goes far to show what man is capable of doing under proper instruction.  
 At the close of the programme dancing was indulged in and seventy couples participated in the grand march, which was led by Mr. William Brogan and Miss Kate Rogan. Dancing was continued until morning, when all dispersed to their homes well pleased with the evening's enjoyment.  
 The St. Patrick's Cornet Band rendered some choice music before the meeting opened.  
 —*A Justice Outwitted.*  
 Tuesday evening while McClellan's circus was exhibiting near the L. V. R. R. depot an attraction of another kind was going on in a side tent in the shape of a trial with such concerns, a gang of sharpers follow and fleece the unwary. Some of Freeland sports got badly taken in and were sensible enough to say nothing about it. John Rasay, of the Points, was one of their victims, to the extent of forty-five dollars and at once had a warrant sworn out before Squire Davis, of the Points, who had one of the gang brought before him on a charge of gambling. At the trial a number of witnesses were examined, on both sides, the defendant having no less than thirteen, all of whom swore that he was not the man who they saw handle the walnut shells and pea balls; yet the prisoner was found guilty and in default of bail held to appear at court. The policeman of the borough, who made the arrest, was quietly talking to a friend outside the building while the trial was going on, and, not knowing whether the prisoner was liberated or not, saw him press out from the office and go about his business. Not until his honor came out bareheaded and asked in a stentorian voice, "where are the constables?" did anyone know that there was anything wrong. But such was the case, for while the justice was writing out a commitment, the wily fox, seeing his way clear, arose from the chair and the audience parted to the right and to the left and allowed him to escape.  
 Much sympathy was expressed for his honor by those present, and the expression was used by many that "it is hard to beat a man at his own game."  
 —*The Firemen to Pic-nic.*  
 The members of Freeland Citizens' Hose Company No. 1, met at their room yesterday evening and after going through the routine business, appointed a committee of nine to make arrangements for their annual picnic, which will be held on the 18th of this month. Invitations are being sent out to neighborhood bands and societies to take part in the festivities.

### The Unfurling of Our Country's Flag.

The committee having in charge the unfurling of our country's flag at St. Ann's Convent schools to-morrow, July 4, have agreed upon the following programme and request that all citizens who will meet at their respective halls at 12 o'clock sharp and march to the corner of Luzerne and Ridge street, when the parade will move as follows promptly at one o'clock p. m.:

ORDER OF PARADE.  
 Chief Marshal, Frank McLaughlin, Aids, Andrew T. Purrey, Jas. Dennison, Carriages containing speakers.  
 St. Patrick's Cornet Band.  
 Y. M. T. A. B. Society, of Freeland.  
 St. Patrick's Beneficial Society, of Drifton  
 Wagon containing children.  
 Kosciuszko Guards, of Freeland,  
 Pulawski Guards, of South Heberton.  
 Wagon containing children.  
 Parishioners of St. Ann's.  
 St. Ann's Pioneer Drum Corps.  
 St. Ann's Pioneer Corps.  
 Wagon containing children.  
 St. Ann's Cadet Society.  
 St. Ann's T. A. B. Society.

ROUTE OF PARADE.  
 On Luzerne to Centre, down Centre to Carbon, out Carbon to Washington, up Washington to Walnut, up Walnut to Ridge, down Ridge to South, South to Centre, up Centre to Walnut, counter-march down Centre to Luzerne, and on Luzerne to St. Ann's Church, where the ceremony of the flag raising will take place.  
 Arriving at the church the exercises will be as follows:  
 Freeland, St. Patrick's Cornet Band; presentation of the flag to the Sisters on Mercy on behalf of the T. A. B. Societies of St. Ann's parish, D. J. McCarthy; response, Rev. M. J. Fallihue, on behalf of the Sisters; song, "Star Spangled Banner" by the children of the convent schools; address, John Brady; address and unfurling of the flag, by Hon. Eckley B. Cox, of Drifton; a poem, "The Flag Beside the Cross," A. M. McNulty; song, "Red, White and Blue," by the young ladies of St. Ann's.  
 After the ceremonies a picnic will be held in the grove near the church for the benefit of the convent schools. The committee appeals to every member of St. Ann's Parish to be present and help to make this demonstration a howling success.

—*Mine Inspector Jonathan Dead.*  
 Mine Inspector David Jonathan, of this district, died at his home in Hazleton on Tuesday. Some time ago Mr. Jonathan was stricken with paralysis and ever since has been lying very ill. Mr. Jonathan was appointed Inspector of this district a little over a year ago. Deceased was about 49 years of age, and leaves a wife and ten children to mourn his loss. The funeral will take place from his residence in Hazleton to-day, and the remains to be conveyed to Wilkes-Barre.

—*ECKLEY.*  
 John Rodgers is lying dangerously ill. Squire Davis, of Freeland spent a few hours in town last week.  
 Dr. Keller and brother took a drive to White Haven Sunday evening.  
 Mark Campbell has resigned his position as coal shipper at No. 5 Eckley.  
 John Thomas, of Freeland, spent Sunday in town as the guest of David James.  
 Misses Anna Lutz and Tinnie Hines attended the Drifton picnic last Saturday evening.  
 James Norris, Conrad Hill and Edward Rickett were at Drifton Saturday afternoon and evening.  
 Jeremiah Thomas, of Lansford, spent a few hours in town last week calling on relatives and old friends.  
 John Jones, Albert Bieri, John Evans and Frank Johnson were in the ball game at Freeland on Sunday.  
 Divine service was held in the Presbyterian Church last Sunday evening. Rev. Bentley, of Jeddo, officiated.  
 William Aubrey went to Drifton last Sunday to see his friend, Thomas Williams, who was injured last week.  
 An Italian went through town Tuesday evening with the popular airs. Among the most noticeable was "Down Went McGinty."  
 Miss Ray James is meeting with great success with her summer school. Quite a number of new students were registered last week.  
 Quite a number of our people attended the funeral of Manus Gallagher, of Laitimer, last Sunday. He formerly lived in Eckley and was well known by everybody.  
 James Birkbeck, who has been shipping coal here for the past year, has gone to Beaver Meadow, where he will act in a similar capacity. Conrad Hill succeeded him here.  
 The Eckley Flusher Base Ball Club is about to be reorganized. This will be a strong team, and the Terrers will have to look to their laurels, or the Flushers will crawl over them again this season. Rah! for the Flushers.  
 The Highland Junior Gimlets will cross bats with Eckley Club, at Eckley grounds, next Sunday. A good game can be expected, as both teams are pretty evenly matched. Both teams will put their best men in the field.  
 The Eckley Base Ball Club went to Jeddo last Sunday afternoon and defeated the Jeddo Kickers by a score of 20 to 21. It was the worst exhibition of ball playing ever seen on Jeddo grounds. The spectators were disgusted, and the pitchers were hit hard and often.  
 A grand picnic will be given by St. Mary's T. A. B. Society, July 4th, at the grove on the Buckmountain road. Good music has been secured for the occasion. Refreshments will be for sale. A parade will take place in the morning by Camp No. 14, P. O. S. of A., and Sunday schools, headed by the Eckley Cornet Band.

—*The Place to Get Your Clothing.*  
 I. Reifortler, the clothing merchant and gent's furnisher, is at No. 37, Centre street, Freeland, with a stock of goods, that for quality, cannot be surpassed in this region. Hats, Caps, Boys' and Men's Clothing a special feature. A large stock of suits made to order for \$25.00 reduced to \$17.00. This is a saving to persons of limited means over ready-made clothing. Clothing made to order by experienced workmen at short notice and at the lowest prices. A large stock of piece goods to select from. Ready-made clothing of all sizes and styles.

### STATE NEWS.

—The Coroner's Jury found on Monday that Mrs. Kamper, of Huntsdale, Dutchess county, who died last week was poisoned by her husband, John Kamper, who is in prison at Carlisle.  
 —Anthony Dougherty was smothered to death on Monday at the Big Mine Run culm banks near Ashland. He was employed extinguishing the fire raging there, and while at work was covered by a rush of dirt.  
 —Difficultly with the men caused a shut down of the rod mill of the Barb wire works in Allentown on Tuesday. The men wanted the mill placed under the rules of the Amalgamated Association of Iron and Steel Workers.  
 —A sad case of poisoning is reported from Plymouth, where John Mosser, a Polisher, his wife and one child died on Monday. Mosser and his family ate sausage for supper one evening last week, and immediately afterward were taken very ill and died in a short time. It is generally believed they were poisoned by the sausage.  
 —Tuesday was the day fixed for the hearing of argument on the motion for a new trial of George W. Moss, convicted of murder, but owing to the absence of counsel and the fact that they desired more time to prepare exceptions to the charge of the court, the hearing was continued until July 31.  
 —The work of rescue at the Hill Farm mine at Dunbar has been abandoned. The mine is full of smoke and the deadly black lamp. A party dug through into the mine on Tuesday morning and two dinner buckets and coats were found, but no traces of the bodies. It is thought the men were burned to death.  
 —Work was stopped on Tuesday at the Delaware colliery of the Delaware and Hudson Company, at Mill Creek. The miners at this colliery notified their laborers that on and after Tuesday a reduction of 18 cents a day in their wages would take place. This the laborers refused to accept and went out thus throwing the colliery idle.  
 —Last week Paymaster Atkinson, of the Wynn Coke Works, in Uniontown, was seated in the company's office counting the money to pay the employees. Atkinson had just counted the money \$1200, in convenient envelopes, when suddenly a masked man covered him with a revolver and ordered him throw up his hands. Atkinson ran out of the office and gave an alarm. The robber seized the money and fled.  
 —Eight hundred men employed at the Fishbay rolling mills of the Pottsville Iron and Steel Company, in Pottsville, struck on Monday morning, because the president and general manager refused to sign the wages scale. This scale has been signed by iron workers all over the country, and is the effect that the employers will continue the present rate of wages until there is an advance in the price of iron, when they will increase the wages.  
 —At Wilkes-Barre on Tuesday Judge Rice handed down a decision in the case of the Mine Workers' Association of America against General Superintendent A. M. Phillips, of the Lehigh and Wilkes-Barre Coal Company, who was charged with criminal negligence in connection with the recent Nottingham disaster, where eight men were burned to death. The Judge discharged Mr. Phillips on the ground that the evidence at the hearing failed to show such negligence as would constitute criminal negligence.

—*Freeland Defeats Hazleton.*  
 The numerous patrons of the Freeland Base Ball Club assembled at the park on Sunday to see the second contest of the season between the Hazleton and home teams. The Hazleton Club had their old-time pitcher (Ziert) in the box, who has but little effect on the boys of this side, and was consequently knocked in and out. The Judge discharged Mr. Phillips on both sides, though the batting and fielding of the home team was proven to be the best, when, at the end of the ninth inning, it was found they were the victors by a score of 12-6.  
 Score by innings as follows:  
 Freeland..... 0 0 2 0 4 4 1 1—12  
 Hazleton..... 0 2 0 1 0 0 0 2—6

—*JEANESVILLE WINS FROM DRIFTON.*  
 The Jeanesville club crossed bats with Drifton on the latter's grounds on Saturday afternoon. There was quite a number of spectators present who also attended at the picnic of the association held at the park during the evening. Jeanesville carried off the honors by a score of 7-3.  
 The Drifton club will play two games with the United of Philadelphia to-morrow.

—*VICTORY AGAIN FOR THE TIGERS.*  
 The Tigers aggregation of base ball tossers, accompanied by a large number of their most ardent admirers, journeyed to South Heberton on Sunday afternoon and played a game of base ball with the Soapies of that place, in presence of about 500 spectators. The Tigers took the lead in the first inning and kept it until the end of the game, when they walked off the field the victors by a score of 20 to 4. The Soapies were helpless in the hands of Brislin, while McGuire was erratic and batted hard.  
 The score by innings as follows:  
 Tigers..... 5 9 1 1 0 0 3 1 x—29  
 Soapies..... 0 1 0 0 0 0 2 1—4

—*Pattison the Choice.*  
 The Democratic State Convention met yesterday at Scranton and nominated as their standard bearers the following gentlemen: Robert Pattison, of Philadelphia, for Governor; Chauncey F. Blok, of York, for Lieutenant Governor, and William H. Barclay, for Secretary of internal affairs. William Harry, of Philadelphia, was elected State Chairman to succeed Hon. Elliott P. Kiser, whose resignation takes place on the 10th inst.

—*Make Your Ad. Attractive.*  
 Nearly every merchant takes special pains to keep his store looking attractive. The object is to please the eye of the customer; it has the desired effect. A little pains taken to have your ad. bright and attractive will also pay you. Advertising pays those who harness it properly and make it work.

### Weekly Coal Report.

The Anthracite Coal Sales Agents met at New York on Tuesday last week and agreed upon the July output, which was fixed at three and one-quarter million tons, or about the actual quantity that was mined in the month of June, for which month the actual production exceeded that which the managers had previously agreed to mine by about half a million tons. An increase of from 10 to 15 cents per ton on the domestic sizes, to take effect on July 1st, was also ordered at the sales agents' conference, and this had the effect of hurrying in to the hands of shippers many orders for coal at the old prices, fearing they might be compelled to pay the new figures on and after July 1st. It is not unlikely that the July production of anthracite will considerably exceed the allotted tonnage for that month if the present movement of coal may be taken as an indication. There is apparently a more confident feeling on the part of the producers regarding the outlook for the trade during the remainder of the year, and the mining and carrying corporations are reported to be now working very harmoniously and actively in better to the circular prices for anthracite.  
 The Pottsville *Miners' Journal*, in its weekly review of the anthracite trade, says: "The only important event of the week has been the fixing of the rates and allotment for July. The former shows an advance of 10 cents on eggs and stove and 15 cents on broken. The latter has been fixed at 3,250,000 tons, as against 3,627,523 tons for July, 1889. The estimated allotment for the balance of the year is 4,000,000 tons, for all but December, which is put at 3,000,000. This will give a total of about 38,000,000 tons for the year. The trade is quiet in all quarters. Much coal is in storage waiting for a brisker demand, which will close it out at a good price and will help out the deficit for the earlier part of the year in which it was mined. The stored coal was mined at much less than the prevailing prices. The storage system for this reason seems likely to considerably add to the profits of the trade and render it reasonably remunerative, provided the harmony heretofore existing continues and no ruinous rate wars occur.  
 The total amount of anthracite coal sent to market for the week ending June 21st, as reported by the several carrying companies, was 835,017 tons, compared with 753,742 tons in the corresponding week last year, an increase of 81,275 tons. The total amount of anthracite mined thus far in the year 1890, is 14,328,278 tons compared with 14,344,198 tons for the same period last year, a decrease of 15,920 tons.—*Ledger.*

 Carrots and Re-issues secured, Trade-Marks registered, and all other patent causes in the Patent Office and before the Courts promptly and carefully prosecuted.  
 Upon receipt of model or sketch of invention, I make careful examination, and advise as to patentability free of charge.  
 With my offices directly across from the Patent Office, and being in personal attendance there, it is apparent that I have superior facilities for making prompt preliminary searches, for the more vigorous and successful prosecution of applications for patent, and for attending to all business entrusted to my care, in the shortest possible time.  
 FEES MODERATE, and exclusive attention given to patent business. Information, advice and special references sent on request.
