—Fly Nets were never cheaper than at the present time. The reason is no reason why your horses should be bothered to death by these troublesome insects when you can get a preventative in Wise's Fly Nets.

—The Clippers, of Wilkes-Barre, will cross bats with the home team at the Freeland Park on Sunday afternoon. Game called at 3 o'clock.

—The picnic of the Drifton Base Ball Association at Drifton was a very successful affair and was quite largely attended. The principal event of the day was the game of base ball at 4.30 between Jeaneville and Drifton. At that time the game came off and resulted in a victory for the former by a score of 13 to 2. The remainder of the evening was enjoyably spent by all present.

—The Audenried club will contest with Drifton on the latter's grounds on Saturday afternoon. The Drifton club has been much strengthened during the past week with several new players, and a good game is assured. Accident at Drifton.
A Poleander, named Wittel Krepscha, working as a gangway laborer at No. 2 slope, had one of his legs injured by a piece of coal falling on him on Tuesday night. He was removed to his boarding house on Pine Knot Hill and late last night the ambulance was sent up which took him from there to the Drifton hospital.

Stockholders Meeting.
A meeting of the stockholders of the Freeland Library Association, will be held in the Citizens' Hose Co.'s rooms, above the Council room, Monday August 11, at 8 p. m. Every member is requested to be present. F. Schlicher, T. A. Buckley, James Edgar, James Crawford, Thomas Birkbeck.

Killed a Rattlesnake.
Councilman Bachman, School Director John Smith and Landlord A. J. Thrash of the Central Hotel spent yesterday blackberrying in the swamp below Upper Lehigh, and while engaged at the berry picking one of the party saw a large snake and in his eagerness to get away from it upset his berries; but had it not been for the aid rendered by the others, Freeland to-day might be mourning the loss of one of its most popular hotel men. The snake was killed and taken home and measured 4 feet, 9 inches and had seven rattles. It was skinned by Isaac Donis of the Central, and can be seen in his stable. The party returned home late in the evening, and besides his snakeship they captured fifteen quarts of berries each.

Council Meeting.

Council met in regular session Monday evening, all the members being present. The minutes of the last meeting, as well as the special meeting held on July 23rd, were read and approved.
The following bills were read and ordered: R. M. Rinker, assessing dogs, \$ 7 00

The Treasurer's report was presented, and there being an error in it it was returned for correction, with instructions to have it corrected at the next meeting.
The street commissioner presented his report for work and labor done on the streets of the borough for the month of July, amounting to \$119.76; also an itemized bill of work done in removing the ground and fence, necessary for the widening of Centre street, on the Donop estate, amounting to \$18.00. The report was accepted and ordered paid and the amount expended on the Donop estate deducted from the amount to be paid for the ground according to agreement made with the heirs of the estate.
The burgess presented his report for the month ending August 1st as follows: Am't collected from fines and permits, \$6 45
Expenses, 4 50
Due borough, \$ 1 95
By am't due police for services on July 4th, and not included in last report, 4 00
Am't due burgess, \$ 2 05

The report was accepted and a motion made to draw the amount due the burgess.
Under the head of unfinished business, Mr. Winter appeared before the council and stated that he was desirous of complying with the action of the council in regard to the extension of the drain on Front street, but, after consultation with the other parties interested, they had refused to assist him in the payment of the proposed work. He asked council to allow them to divert the proposed drain so as to connect with the drain running between Front and Main streets, on Washington street, as the cost to them would be materially lessened. The proposition was accepted, and it was ordered that the parties interested are not willing to comply with the action of the council, a resolution was agreed to that there be notice served on the parties above referred to, to connect with the drain on Washington street within 20 days, after which the work will be done by the borough and the cost of the same, together with 20 per cent. additional, charged to the parties interested.

High Constable Rinker made a written complaint in his holding against Mrs. R. Ludwig, on Johnson's street, who was in a dangerous condition, and the street commissioner was authorized to notify the owner to repair the same, and if they fail to do it to fix it himself and charge the cost to the owner.
A petition was presented and read from Thomas Birkbeck, calling attention of the council to the condition of the gutter along his property on Main, from Ridge to Centre street, and requesting council to relay the same. It was by resolution referred to the street committee with instructions to report at the next meeting.

Councilman Depiero spoke about the expense incurred in hauling ash and garbage twice each month, claiming that there was too much expense incurred; but no action was taken thereon.
There being no further business before the council they adjourned to meet in regular session the first Monday in September.

Two "Heavenly Recruits."

The following despatch from Pottsville is taken from the Philadelphia Press of Tuesday:
Two men, who gave their names as John McClintock and James M. Brown, arrived here Saturday night. They applied to Rev. J. M. Rinker, pastor of the Evangelical Church, for lodging, claiming that they were members of a new evangelizing mission band known as "Heavenly Recruits," and that they had sold out their business in Philadelphia at a command from on high to go into the world and work miracles by faith. The pastor refused to keep them, but they obtained from him the names of some sick persons whom they called late that night. Near midnight they obtained entrance to a private boarding house, stating that Mr. Rinker had sent them.

On Sunday they made themselves conspicuous in local churches by their hearty ejaculations and interruptions in the services. Sunday night they attempted to cure Mrs. Stager, a bed-ridden paralytic, by prayer and song, which raised the neighborhood aroused. This morning they left for Drifton, where the landlady to understand that the Lord would settle with her for their board. They are believed to be fanatics rather than beats. Look out for them.

DEATHS.

JONES.—At Stockton, on the 1st inst., Ida, wife of Gomer E. Jones, aged 30 years, 4 months and 19 days. Interred on Sunday in Freeland cemetery.

BEAN.—At Sandy Run on the 4th inst., Lena, infant daughter of Daniel Bean, aged 5 months. Funeral took place on Wednesday to Eckley cemetery.

JONES.—At Freeland, on the 1st inst., Walter H. son of John and Annie Jones, aged 1 year, 10 months and 10 days. Interred in Freeland cemetery on Sunday.

To us for 22 anxious months His infant smiles were given, And then he bade us all farewell And went to live in Heaven.

Not Dead Yet.

Last week the TRIBUNE published an account of the biting by a rattlesnake of a son of Thomas Walk, of South Heberton. We are glad to say that the young boy is now out of all danger and can be seen around the streets each day; notwithstanding many of our contemporaries had announced his death, even going so far as to give the color of the skin after death.

Death of Mrs. Fallihee.

Mrs. Ellen Fallihee, mother of Rev. M. J. Fallihee of St. Ann's Church, died on Tuesday morning at the house of her daughter, Mrs. Thomas Campbell, Centre street, Freeland, of paralysis. The corpse was taken to Scranton on the 11 a. m. train yesterday, where she will be interred with her husband in the Hyde Park cemetery.
Mrs. Fallihee settled at Friendsville, Susquehanna county, this State, in the year 1849. She was married to John Fallihee, by whom she had seven children—four boys and three girls—who survive her. They are Edward Fallihee, of Hornellsville; Rev. M. J. Fallihee, of Cleveland, Ohio; John Fallihee, of Canton, Illinois; Mrs. Thomas Campbell, of Freeland; Mrs. Patrick Lynott and Mrs. Robert Cullen, of Scranton. She lived at Friendsville 35 years and for the past 15 years with her daughter, Mrs. Patrick Lynott, in Scranton.

Undertaker McNulty took charge of the corpse and prepared it for removal to Scranton. Tuesday evening Mr. Cornelius Donnelly, undertaker of Pittsford, who is a brother-in-law of the deceased, arrived and took charge of her remains, and accompanied them to Scranton. The pall-bearers from her late residence to the depot were T. A. Buckley, James H. Conroy, Condy Boyle, Maurice Ferry, John Conroy and Henry Kelly. A large concourse of people accompanied her remains to the depot.
May her soul rest in peace.

Death at Stockton.

Mrs. Ida Jones, wife of Gomer E. Jones, of Stockton, died at her home on Friday last. Mr. Jones formerly resided at Upper Lehigh, where he was foreman of No. 4 slope, but removed to Stockton some time ago, where he holds a similar position. The funeral was quite largely attended by friends and relatives of Stockton as well as a number from this side who joined the procession as it entered town and followed the remains to Freeland cemetery, where interment was made. Services were held at the home of the deceased by Rev. Bischoff of the Presbyterian Church of Upper Lehigh.

School Board Meeting.

The Freeland School Board met in regular session last evening with all members present. Minutes of the last meeting were read and approved.
The Secretary was directed to notify Mr. John Melley to surrender the bond which he now holds, the same being paid.
The building committee were instructed to hurry up the matter of placing the water pipes in the school buildings, so as to be in readiness for the opening of the school term.

A motion was made and agreed to that the Principal be held responsible for the school property, and that all doors, coal-house, water-closets and window-shutters are securely fastened after school hours.
Cash on hand from last meeting, \$710 05
State appropriation, 515 86
Total, \$1,225 91
Orders paid to date, 891 39
Balance on hand, \$334 52

WEEKLY COAL REPORT.

Messrs. Mark Campbell and Manus McFadden have entered the Hazleton Business College and will take a course of education therein.
We are pleased to state that John B. Carr and John Rodgers, who have been laid up through rheumatism in the mines, are able to walk the streets again.
Mr. Anthony O'Donnell brought a very valuable dog from Silver Brook last Sunday, but since then "Cesar" has taken a skip, and Anthony sadly mourns his loss.

Several of our oldest inhabitants will be in a short time. They complain that they are put into breasts where it is impossible for them to make a respectable living.
Our young men are deeply deploring the want of a barber, and from the appearance of many of them their statement is true. Who will venture to start a barber shop here?

Messrs. Wm. Hayes and P. J. Tolan drove to Silver Brook on Sunday with the hope of seeing the Terrors do up the club of that place, but, as usual, the Terrors lost. Will and Pete were sadly disappointed.
Weather permitting, the 16th inst. will be a day of pleasure to the people of this backward town. The committee having charge of the picnic and festival for the benefit of the Catholic Church is working hard to make it a success. An elegant dancing pavilion will be erected, and Maters's orchestra, of Hazleton, will furnish the music for those who wish to trip the light fantastic.

Foster's Supervisors Contest Settled.
At the late spring election William Jenkins and John Trimble ran on the Republican ticket for the office of Supervisor in Foster township, while Hugh Brogan and John McCaskey were their opponents on the Democratic ticket. The result of the election was that Mr. Brogan was elected by a large majority. Mr. Jenkins having a majority of three votes of Trimble, and being the next highest to Brogan filed his bonds with the Township Auditors, which were accepted and filed. Mr. Trimble also filed his bonds and took the oath of office but were not accepted by the Auditors. Not to be left behind in the work on the roads, going so far as to hire others besides himself, and has continued to work on them more or less up to last Thursday, when the case came up in court for final settlement.
Mr. Jenkins being in possession of the order books and continuing to exercise the duties of the office, the only course to do by Trimble was to have a writ of quo warrant issued, which was done, and served on Jenkins, calling upon him to show by what authority he held the office. Mr. Jenkins filed his answer, together with the affidavits of the election officers of the Woodside poll (where the irregularity was supposed to have occurred), and the case was before the court several times since.
Judge Rice, in giving his decision, read a very lengthy article, in which he reviewed the whole case, and summed up by declaring Wm. Jenkins, the defendant in the case, as being lawfully elected and as such entitled to hold the office,

Weekly Coal Report.

The anthracite coal trade has not been more dull at this season for many years past than it is at present. Some of the anthracite mining and carrying corporations, realizing the state of the coal trade, are now curtailing their production, after having made such an excessive output that the markets became over-loaded with coal, and in consequence prices have been weakened to about the lowest figures that have ruled this year thus far. The latest official figures do not show an excessive accumulation of anthracite stored at tidewater shipping points, but it is estimated that being reported at 720,000 tons, or about the output of three producing regions for a single week at their present rate of working. But it is all well known to the trade that a considerable quantity of coal has been stored by several of the producing companies at interior points awaiting a revival of activity in the demand for the domestic sizes, for which there is little inquiry at present, and, besides, much coal has been forwarded to Eastern and Western distributing points, from whence the requirements of the trade can be more readily supplied when the demand for coal improved later in the year. The individual operators are complaining of the unusual scarcity of orders for coal, and are comforting themselves in the knowledge that only one more month of summer remains and in the hopeful anticipation that the fall and winter season must bring to them the orders for coal which have been so long delayed, and that an increased demand for coal will warrant an increase in the selling prices to a profitable point. They also argue that, as the past two winter seasons have been so mild, the coming winter must be colder and consequently the consumption of domestic fuel will also increase.

The total amount of anthracite coal sent to market for the week ending July 26th, as reported by the several carrying companies, was 755,303 tons, compared with 874,654 tons in the corresponding week last year, a decrease of 119,351 tons. The total amount of anthracite mined thus far in the year 1890 was 18,162,848 tons compared with 18,316,133 tons for the same period last year, a decrease of 153,285 tons.—Ledger.

In the Political Field.

L. D. Kocher, of Lake township, candidate for commissioner, was seen on our streets yesterday morning. Mr. Kocher though a stranger to our people, made a very good impression on them and we would not be surprised to hear of his nomination on the 26th inst.

John S. McGroarty, candidate for county treasurer, made this office a pleasant call on Friday. John is a well known in this town to have us anything about him. The indications are that John's name will grace the ticket next November and if so there can be no question as to his election.

Tom English, if we are to believe some of our neighboring contemporaries, is about the worst abused man in the Democratic party. He is a candidate for re-nomination as commissioner and is making very little noise about it.

The latest style of dude is widely, devotedly and intensely English in every particular except one. Having still a faint glimmering of brains left he still buys his Whips and Fly Nets from Geo. Wise, at No. 23 Centre street, Freeland, or Jeddo.
