The Place to Get Your Clething.

I. Reiforwich, the clothing merchant and gents' furnisher, is at No. 37, Centre street, Freeland, with a stock of goods, that for quality, cannot be surpased in this region. Hats, Caps, Boys' and Men's Clothing a special feature. A large stock of suits made to order for \$25.00 reduced to \$17.00. This is a saving to persons of limited means over ready-made clothing. Clothing made to order by experienced workmen at short notice and at the lowest prices. A large stock of piece goods to select from. Ready-made clothing of all sizes and styles.

About five o'clock yesterday afternoon an accident happened at the old station at the Lumber Yard. Patrick Helierty, a single man, aged 35 years, employed for the past two years on the strippings at Hazle Brook and Stockton, while returning from up the road towards the tunnel, got on the rear end of a moving coal train, and, while jumping off near his boarding house, fell and in some manner got under the wheels and was terribly mangled.

T. A. Buckley, Dep. Coroner, was notified by the R. R. officials and upon his arrival an investigation was had and the body viewed. The Coroner decided that there was no need of an inquest, as the death was caused by his own neglect. Not being an employe of the road he had no business on the cars.

Undertaker Boyle from Hazleton arrived shortly after 8 p. m. and took charge of the remains. The deceased was about 2 years in this country and boarded with John Dennion and was never before known to ride on the coal cars.

BASE BALL.

—The York club—better known as the Cuban Giants—will contest with Freeland at the park on Sunday afternoon. The York team has been considerably strengthened since they played here last season and will no doubt put up a good game. The manager of the Freeland club will also place an exceptionally strong team in the field and a good game is assured.

good game is assured.

—The famous Lehighton team will come to Drifton on Saturday afternoon and cross bats with the team of the later place. The Drifton club is anxious to redeem the defeat given them at Lehighton on Friday last and will put up a strong game against their opponents. Do not fail to attend as this will undoubtedly be the most exciting game of the season. Usual admission. Game called at 3.30 p. m.

DRIFTON AT LEHIGHTON.

The Drifton club went to Lehighton Friday afternoon to play the team at that place, and the unanimous verdict of the audience was that the game was one of the prettiest ever witnessed on those grounds. The contest throughout was as brilliant an exhibition of ball playing as any person could wish to see. Sharp fielding and scientific playing were noticeable features from beginning to end. The batteries were Heiser and Mulvey and Rothermal and Jennings, and the umpires Boner and Bartholomew. Drifton had a slight advantage in batting, but Lehighton put up the finest fielding. Errors at critical periods of the game is the only cause that can be assigned for Drifton's defeat, and those were made by two of the most reliable men of the team. The friends of both clubs were out strong and the interest was unabated until the winning run was made. The following gives the runs, hits, errors and a summary of the game:

Drifton....... 0 0 0 0 0 1 1 1 0 -3 8 6

Drifton.....0 0 0 0 0 1 1 1 0—3 8 6 Lehighton...0 0 0 0 0 1 1 1 0—3 8 6 Lehighton...0 0 0 0 2 0 0 1 1—4 6 1 Earned run, Lehighton 1. Two-base hit Mulvey. Bases stolen, Lehighton, 3; Drifton, 5. Bases on balls, Drifton, 3; Lehighton, 2. Struck out, Heiser, 5; Rothermal, 8.

Accompanied by about twenty of their admirers the Tigers drove to Summit Hill on Saturday and won a game by the score of 15 to 8. The day was unsuitable for base ball playing, a high wind and cold weather having a tendency to cause many errors on both sides. As soon as the game began the Tigers found the ball and pushed it far and often into the outfield. So persistent were they at this work that Kelly, Summit Hill's pitcher, was forced to retire at the end of the fourth inning. Several times the home I. Reiforwich, the clothing merchant and gents' furnisher, is at No. 37, Centre street, Freeland, with a stock of goods, that for quality, cannot be surpassed in this region. Hats, Caps, Boys' and Men's Clothing a special feature. A large stock of suits made to order for \$55.00 reduced \$17.00. This is a saving to persons of limited means over ready-made clothing, Clothing made to order by experienced workmen at short notice and at the lowest prices. A large stock of piece goods to select from. Ready-made clothing of all sizes and styles.

In the evening a "camp fire" will be held in Kaier's Opera House, at which Governor Beaver, ex-Governor Curtin, General Louis Wagner, Colonel T. J. Stewart, and other leading spirits of Grand Army circles will be present.

been for the best interests of his constituents.

The morning session was devoted to routine business, the election of officers and appointment of committees. The afternoon session opened at 2.30 o'clock, and after receiving the reports of committees, etc., the following names were presented for the nomination of representative: P. F. Boyle, Hazleton; James Collins, John Brady, Freeland; P. Duffy, Milnesville. The result of the first ballot was Boyle, 13; Collins, 13; Brady, 9; Duffy, 1. Twenty-eight ballots were taken without any change from this vote, and the convention adjourned until 7 p. m. Upon re-assembling voting was continued without any material change until the forty-second ballot, when Mr. Brady took the floor and in a short address condemned the actions of certain delegates, thanked those who aided him and stated as there was no chance in the convention for him he would withdraw from the field. The next ballot resulted: Boyle, 184; Collins, 164.

A new district committee was appointed and the following are the members from this side: James Maloy, Freeland; Wm. Gallagher, Sandy Run; George McGee, Upper Lehigh; John B. Carr, Eckley.

Important to Miners.

An invention of considerable importance to miners has just been patented by William K. Lord, of Mt. Carmel, and William Bullock, of Centralia, both of whom are miners of long experience. It consists of an annunciator, which is designed to be placed in mines, to warn employes of the presence of dangerous gases, and thereby prevent explosions and consequent loss of life.

The invention consists in a fan-wheel located in the air way of a mine which, by means of intermediate wheels and the pinion on the shaft, rotates a disk bearing a number of pins which actuate a lifter arm and completes an electric circuit at intervals. On the shaft is also a spring governor, which, when the air is passing at a normal speed, keeps the circuit open, but as soon as the requisite amount of air ceases to pass through the airway and the speed of the indicator slackens, the circuit closes and the telephone or alarm bells in the office or engine room ring continuously, notifying the officials at once that the air is cut off, and, if not soon attended to, the deadly mine gases will soon be gathering in the mine.

The annunciator is so arranged that

titlithe Committee on Contested Seats were ready to make their report, a motion to adjourn until 2 p. m. was made and carticle.

AFTERNOON SESSION.

A 4 2.30 Chairman English called the convention to order and the first business done was the reading of the report on contested seats.

The next in order was the report of the Committee on permanent organization who presented the following as the result of their deliberations: Chairman, Hon. W. H. Hines; Secretaries, T. C. Mullaly and Wm. L. Lubrecht; Tellers, Thomas W. Hart, Con F. Bohan, Chas. F. McHugh, John Kearney, Jerome Eckenrode, John Shovlin, Chas. Lavan.

Mr. Colan Din Shovlin Weekly Coal Report.

The anthracite coal trade, in the language of a shipper of upwards of 25 years' experience, continues in a state of almost unprecedented 'congested stagnation.' There has been so much coal already forwarded to New England points this season that the present low rate of vessel freights is no longer an inducement to dealers there to make additional purchases, notwithstanding the knowledge that freight rates show indications of stiffening and will soon be advanced. Considerable coal has also been "stocked" at Western lake distributing points, and the mining and carrying companies have a large accumulation of coal stored near the mines and at tidewater. In fact, until recently the restriction of output which had been agreed upon by the managers of the anthracite producing interests early in the year was not faithfully adhered to, and the present large accumulation of coal in first hands and the ruling low prices are the result,

—Scott Shoemaker, who was night clerk at the Forest house, Scranton, committed suicide by blowing out his brains on Tuesday.

—Andrew Barlock, a miner who was engaged at robbing pillars in No. 2 strip-ping, Hollywood, had his head cut off by a fall of coal on Monday afternoon. by a fall of coal on Monday afternoon.

—Mrs. Michael Cuff, of Ashley, was struck by a passenger engine on the Jersey Central railroad on Monday and injured so badly that she died shortly afterwards.

—Edward Gilmartin, of Hamtown, small place near Wilkes-Barre, had bot feet cut off on the Lehigh Valley Rail road early on Sunday morning. Gilmartin died a short time after the accident.

—Labor Day is to be celebrated by the workingmen of Wyofning and Lacka-wanna Valleys by a parade at Wilkes-Barre and a joint pic-nic at Mountain Park. General Master Workman T. V. Powderly will deliver an address.

—Two burglars, giving the names of George Myers and Patrick Brady, were arrested at Wilkes-Barre on Tuesday, after a desperate resistance. Myers, who is better known as "Bob Mills" has served eight years in the penitentiary. The men robbed houses in Parsons on Monday night.

—James Morris, of Silver Brook, was killed by one of the swings at Glen Onoko Friday afternoon. Morris was on the swing and working it at a rapid rate when he lost his balance and fell, but immediately arose again and the swing struck him a severe blow on the head. He lay for some time unconscious and revived again, but had only gone a hundred yards when he fell and expired.

Representatives of the different Pioneer Corps of the Scranton C. T. A. Diocesan Union will meet in Wilkes-Barre and Scranton next month for the purpose of organizing the different Corps of the diocese into regiments. Those of Luzerne county will meet at Wilkes-Barre on September 1st and Lackawanna county members will meet at Scranton on September 7th. Capt. Frank McLaughlin and Thomas Boyle will represent St. Ann's of this place.
