Labor Day in Freeland.

Monday being a legal holiday, known as Labor Day, was observed here by D. A. K. of L., holding a picnic at the Freeland Park, which was attended by a large number of people.
Early in the evening the St. Patrick's Cornet band paraded the streets and was followed by the Knights of the Golden Eagle band, the P. O. S. of A. band and the Pioneer Drum Corps. The best of order prevailed and all enjoyed themselves until a late hour.
The employees of Cox Brothers were all idle, while those of Upper Lehigh, Sandy Run, Highland and Jeddo were working. The object of the law was to enable the workmen of the State to have a day of rest, but no provision is made to compel employers to have their factories, workshops or mines closed. The enforcing of the provisions of the law is left with the workmen themselves, and for a time, at least, they must be content to allow it to take its own course.

Carbon County Democrats.

The Democratic convention of Carbon county was held in the court house at Mauch Chunk on Monday. The convention was all harmonious and a full ticket was nominated. John A. Quinn, of Lansford, was elected permanent chairman. The ticket nominated is as follows: Senator, W. M. Rapsler, of Mauch Chunk; Representative, J. E. Conroy, of Audenried; Treasurer, J. T. Mulhearn, of Lansford; Register and Recorder, F. Semmel, of Lehigh; Commissioners, H. Miller, of Frankfort township, and Daniel Cannon, of Rockport; Auditors, P. E. Faust, of Weatherly, and G. W. Mortimer, of Lehigh.

A meeting of the delegates of the various Pioneer Corps regiments and Carbon counties, for the purpose of organizing the different societies into a regiment, was held at Wilkes-Barre on Monday afternoon. The new regiment is called the First Pennsylvania. Capt. Frank McClain of St. Ann's was chosen Colonel.

BASE BALL.

—Another great game at Drifton on Saturday—Jeansville vs. Drifton.
—Jeansville defeated Tamaqua at the former place on Monday afternoon by the extraordinary score of 20-0.
—Remember the game at Drifton on Saturday between Jeansville and Drifton. Game called at 4 p. m. The batteries will be: Hayes and Schmeier and Heiser and Mulvey.
—The Lehigh team played two games at Wilkes-Barre on Monday afternoon with the Clippers and on Tuesday capturing both. The score in the morning was 9-1 and in the afternoon 4-0.
—The Clippers of Wilkes-Barre, will cross bats with the home club at the park on Sunday afternoon. The Clippers are determined to win this game and will bring down a strong team. Do not miss it.
—The Jeansville club will play again at Drifton on Saturday.

LEIGHTON WINS THE GAME AT DRIFTON.

The game between Leighton and Drifton at the latter place on Saturday afternoon resulted in a victory for Leighton by a score of 9-3. A fair audience was present and an exciting game was played. The visitors did good work at the bat and on the field and this was assisted by several costly errors by the Drifton club was the cause of their victory.

CUBAN GIANTS DEFEAT FREELAND.
Fully eighteen hundred people witnessed the game at the Freeland park on Sunday afternoon between the Cuban Giants, of York, and the home team. A larger crowd never gathered on any similar occurrence in Freeland and all were bent on seeing a good game. Their expectations were fully realized for it was the best exhibition of ball playing that was ever given in Freeland, both clubs doing very effective work at the bat and on the field. It was shortly after three o'clock when Umpire McNeils called the game and the enthusiasm among the spectators was duly commencing which lasted until the end of the contest. Knowing the exceptionally fine record of the visitors, a few of those present predicted a shut-out for the home team. This, however, did not occur as the Freeland boys were not in a mood on Sunday to be shut out and by their excellent batting succeeded in scoring two runs. Welch pitched a splendid game and was far more effective than his opponent, who was batted pretty hard at times. The visitors put up a first-class game away from home by batting and cleverly coaching managed to score eight runs. The principal batting of the game was done by Mulvey and O'Hara of the home team.

THE GIANTS AGAIN VICTORIOUS.
While the Cuban Giants were in town on Sunday, Daniel Cox, the manager of the Drifton club, secured an engagement with Manager Kreiter of the visitors to play at the latter place on Tuesday. The game came off at the regular time and was also witnessed by a large crowd. It was very interesting from beginning to end. The game opened with the Drifton club at the bat, who scored 2 runs before they were retired. The visitors were next at bat and by a few safe hits and a couple of errors by the home players scored 3 runs. Both clubs failed to score until the seventh inning, when the Giants took a spurt and before the inning was out placed 4 more runs to their credit. Drifton scored another run in the eighth inning as did also the visitors. Drifton failed to score in the ninth inning and the game was officially awarded to the Giants.

The funeral will take place to-morrow at 9 o'clock and proceed to St. Ann's Church, where a Requiem High Mass will be held. Interment afterwards in St. Ann's cemetery.

Republican Conventions.

The Republicans of the Fourth Legislative District met in Hazle Hill, Hazleton on Monday, August 31st, at 10 o'clock, in the afternoon. The meeting was called to order by C. W. Kline, Christ Miller, of South Heberton, was elected permanent chairman and Thomas J. Moore, of Freeland, Secretary. Resolutions were adopted favoring the administrations of President Harrison and Governor Beaver, commending the course of Congressman Osborne, endorsing the tariff bill and the State ticket and also favoring the formation of a new county. The nomination of candidates was then in order and but two names were placed before the convention. They were as follows: Reese, Lewis D., Drifton, by H. K. Connor, Wm. R. Jeffrey, of Freeland, by George C. Farrar. A vote was taken which resulted in the election of Mr. Jeffrey on the first ballot.

COUNTY CONVENTION.

The regular Republican convention of Luzerne county convened in Landmesser's Hall, Wilkes-Barre, on Tuesday for the purpose of nominating candidates for the various offices to be filled this year. The convention was called to order at 10:30 and after the minor business was gone through and a set of pallid resolutions adopted the nomination of candidates for the different offices was called for. The first in order was the endorsement of Judge Woodward, who was nominated two weeks ago by the democrats, which was done with the unanimous consent of the delegates. There was but one candidate for Congress, George W. Shook, of Plymouth, who was nominated by acclamation. For treasurer John B. Graham, of Ashley, and A. C. Laycock, of Kingston, were named, and at the first ballot Graham was declared the nominee. Philip J. Boyle, of Hazleton; Philip Rineman, of Hanover, and M. E. Walker, of Shickshinny, were placed in nomination for Register, but before the balloting had proceeded far Messrs. Boyle and Walker withdrew and Mr. Rineman was consequently elected. For commissioner there were eight candidates as follows: Harry Gordon, Dorrancourt; W. O. Ruggles, Lehman, Thomsen, Smith, Marbletown; Harry Evans, Pittston; Peter Brown, Hazleton; J. W. Seeley, Necopecte; Geo. J. Liewellyn, West Pittston; Jno. D. Woodworth, Huntington. Evans was chosen on the first ballot and Jacob was elected on the second. The following candidates were named for Auditors: George Rymer, Sweet Valley; Chas. H. Jacobs, Plymouth; Anthony Lewis, Wilkes-Barre; J. D. Williams and Wm. Oldfield, Nanticoke. The candidates were elected on the first ballot. After this the convention adjourned.

Killed at Stockton.

Edwin Willoughby, a miner, working at Stockton and living at Hazleton, was instantly killed on Tuesday afternoon by a rush of coal. The accident was of such a nature as to necessitate the holding of an inquest. Mine Inspector Lewis notified T. A. Buckley, Dep. Coroner, who, last evening, appointed the following jury: Edward Polgrain, foreman; W. A. Evans, Daniel Reed, Mathew Minor, John Heberton, and Gabriel, who viewed the body and adjourned to meet at the Mine Inspector's office this evening at 7 o'clock.

This is a saving to persons of limited means to order by experience workmen at short notice and at the lowest prices. A large stock of piece goods to select from. On a Lute Found in a Sarcophagus.

What curled and scented sun-girs, almond eyed,
What lotus blossoms in their hands and hair,
Have made their swarty lovers call them fair,
With these spent strings, when brutes were dead,
And memon in the sunrise sprang and cried,
And love-winds mused Paphos, and the bare
Black breasts of carven Busba received the cry.
Of suppliant bearing from far and wide!
This lute was outlasting Egypt; all the lives
Of violent passion, on the vast plain
That lasts in granite only, all the dead;
The little bird of song, the wailing heart
As fresh as when his fluting-note the heart
Last time the brown slave wore it garlanded.
Edmund W. Gosse.

Correspondence From the Capitol.

WASHINGTON, Sept. 2, 1890.
Between the visitors to the galleries, the grog in the restaurant and gambling in the committee rooms, the Capitol is about as well stocked with the ordinary every-day vices as could be desired by the most voracious. The restrictive game of poker is not only breaking a quorum in the House two or three times a week, but, if reports are true, is "breaking" some members also. These games in the committee rooms are played nearly every day, it is said, and before going into one of them members draw four, five or six hundred dollars from the sergeant-at-arms. The curious feature of it is that what many members take out of one safe is replaced by a corresponding amount left by another member in another safe in a big envelope, which has now grown to great proportions. The possessor of the envelope is a popular man from the West, who is said to be the most amiable man and the best poker player in the House. The other parties to the game do not keep an envelope.
Unless the enemies of the Louisiana Lottery Company bring a tremendous amount of pressure to bear on Congress, it doesn't look as if that concern can get much cause for alarm about hostile legislation during this session. While the House has plenty of time at its disposal in which to discuss and pass the anti-lottery bill, it seems hardly possible that the Senate will allow adjournment to be delayed by taking up the measure. Under the plan of prolonged discussion of the tariff bill, that measure is not at all likely to be disposed of before the middle of September at the earliest. Some of those who are urging the passage of the anti-lottery bill say that measure could be brought in even in the way resolution were adopted by the Senate, but others argue that even if this were so the Senate will be in no temper to take up the Lottery bill after the exhaustive discussion on the tariff, and before

Weekly Coal Report.

The Anthracite coal trade is improving. There is noted a better inquiry for coal, and the demand for the domestic sizes is increasing. While there is no special activity in the movement of coal at present the outlook for increased trade in the near future is encouraging, and the anthracite shippers and operators are accordingly happy. The representatives of the leading producing and carrying interests met at New York on last Friday and agreed to advance the circular prices for anthracite or tide-water shipment 15 cents per ton for eggs and stove sizes and ten cents for chestnut, to take effect on Monday. It was also agreed to restrict the output of coal in September to 3,250,000 tons. While the circular prices for the line and city trials were not advanced, it is understood that there will be a closer adherence in the actual selling prices to the last circular figures. This means that the dealers will be asked and expected to pay about 10 to 15 cents per ton more for coal in September than they have been obtaining it for the past month or two.
The Eastern trade is reported quiet, and new orders for coal from that quarter are not numerous. The Western trade is also improving, and there is a better inquiry for some sizes of coal from the lake distributing ports. The Chicago Coal Exchange has advanced prices 50 cents per ton, taking effect Monday. Birkbeck, Charles Duslock, John Wagner, Edward Snyder, William Kemp, Anthony Rudewick, Mathias Schwabe, A. Shive, John Smith.
The total amount of anthracite coal sent to market for the week ending August 23, as reported by the several carrying companies, was 703,167 tons, compared with 793,703 tons in the corresponding week last year, a decrease of 90,536 tons. The total amount of anthracite mined thus far in the year 1890 was 21,114,538 tons compared with 21,535,263 tons for the same period last year, a decrease of 420,725 tons.—Ledger.
