Council Meeting.

The date fixed for the collection at St. Ann's Church, Woodside, will be Sunday, October 19, at which it is expected that each adult member of the congregation will contribute according to his means.

The object for which the appeal is made is a noble one, and one that should excite the sympathy and charity of all. The circular is as follows:

THE BISHOP'S CIRCULAR.

REV. DEAR SIR:—The financial condition of St. Patrick's Orphan Asylum at this time requires an urgent appeal to the clergy and faithful of our diocese. The building and the comforts of the children are all that we can desire. They have a good home and are cared for in a motherly manner by the good sisters, servants of the heart of Mary. But the number of inmates late has increased to a large extent. Formerly two hundred dollars monthly was sufficient for their support, but lately it has increased from 50 to 135. Hence we find it necessary to urge upon you and your good people to give greater consideration to the support of these, our wards, deprived of their natural guardians, and now left to the mercy of a cold world, unless cared for and reared by you and us in that faith which is most dear to us all.

To contribute to the needy and destitute is one of the great duties of Christian charity, and a duty performed which on the last day will appear in our behalf to the mercy of God, who will be called upon to give an account of our stewardship. We are all aware of the strong teachings of sacred writ, in which "He that giveth to the poor lendeth to the Lord," and "He that giveth to the destitute in clothing and food, our blessed Lord will say on the last day: What we have given to them we have given to myself, and these poor orphans are classed among the most destitute on account of their helpless condition.

We therefore appoint the present month as a time for the collection to be made, leaving the fixing of the Sunday to the discretion and prudence of each pastor. The sum raised will be forwarded to Rev. P. Christ, rector of St. Mary's Church, 421 Hickory street. We close our appeal for this most worthy charity, hoping that all will bear in mind the words of our Blessed Lord: "Suffer little children to come unto me, and forbid them not, for such is the kingdom of heaven."

Given at our residence, Scranton, 3d of October, 1890. WM. O'HARA, Bishop of Scranton.

The Department of Public Instruction is being formulated some tables bearing on the compensation of female teachers. Here are a few of the figures and facts. Allegheny county, with 196 male teachers and 1402 female teachers, pays its men an average of \$57.61 per month, and its women teachers \$39.50. Lackawanna county has 62 male teachers and 397 female, and men receive an average salary of \$48.37 a month, while the women receive an average of only \$29.64. Luzerne county has 183 male teachers, 498 female, while it pays the men an average of \$50.34 a month, and the women an average of \$34.31. Philadelphia, with 89 male teachers and 2435 female teachers, pays the men an average of \$133.20 a month, and the women an average of \$67.20 a month. The same rate holds good throughout all of the counties. The district of Allegheny Northampton county, offers a remarkable exception to the rest of the county in which it is situated. Allen is not large, but it does business on business principles. It employs ten teachers; five are men, five are women; each teacher, regardless of sex, receives an average salary of \$35 per month. Compared with the preceding year, there has been a decrease in the State of 812 in the number of male teachers, and an increase of 168 in the number of female teachers. Notwithstanding the fact that the salaries of men have always been far out of all just proportion to those of the women, the salary of male teachers was increased last year by an average of 46 cents a month, while the salary of the women was increased only an average of 15 cents a month.

Weekly Coal Report.

The anthracite coal trade is in a satisfactory condition, and the fall activity has fairly begun. There is reported a good demand for egg, stove and chestnut sizes, and all orders accepted are taken only at or about the new circular prices. The inquiry for coal from the East is better than had been expected on account of the large quantities which had previously been shipped to the New England and Long Island Sound ports, and the demand for coal from the West is in excess of the ability of shippers to forward immediately on account of the scarcity of cars. The local anthracite trade is quite active, and the return to the city of many folks who make their summer residence elsewhere has greatly stimulated the retail trade. The prices for anthracite to the line and city and harbor trade were advanced on the 1st instant 15 cents per ton for broken, egg and stove and 10 cents for chestnut, and a like increase was also made in the prices to the Baltimore and Washington trade. The shipments of anthracite to Western lake ports thus far this year are considerably less than the quantity forwarded last year to the corresponding date. The Southern lake steamer coal business is soon expected to begin, and vessels will be diverted from the Eastern ice trade and will seek lumber and other cargoes from Southern ports.

The total amount of anthracite coal sent to market for the week ending September 27, as reported by the several carrying companies, was 801,731 tons, compared with 779,615 tons in the corresponding week last year, an increase of 22,116 tons. The total amount of anthracite mined thus far in the year 1890 was 24,971,101 tons compared with 25,436,028 tons for the same period last year, a decrease of 464,927 tons.—Ledger.

—Two lots are offered for sale on Ridge Street. For terms apply to Condy Heeny, Lansford, Pa., or to T. A. Buckley, Freeland.

An Appeal for the Orphan Asylum.

The Right Rev. Bishop O'Hara has addressed the following circular to priests and people of the Scranton Diocese in behalf of the St. Patrick's Orphan Asylum at Hyde Park.

The collection will be taken up in the different churches of the diocese at such time as will be most convenient to the respective pastors. The date fixed for the collection at St. Ann's Church, Woodside, will be Sunday, October 19, at which it is expected that each adult member of the congregation will contribute according to his means.

The object for which the appeal is made is a noble one, and one that should excite the sympathy and charity of all. The circular is as follows:
