FREELAND, PA., NOVEMBER, 6, '90. This country has far more to fear

from millionaireism than it has from anarchism.

The news we set before our readers to-day, is such as to make every hon-est man in the State rejoice.

THE workingman who last year paid \$10 for a worsted suit will pay the coming year \$13. The time when his wages will be increased has not yet been fixed.

The next House of Representatives at Washington will contain a Mc-Kinley, but he hails from the first district of New Hampshire, and will vote with the Democrats.

Every fair minded citizen conceded Pattison's election last Tuesday but the politicians, under the instructions of Matthew Stanley Quay, attempted to subvert the will of the people by fraud.

The next victory to be gained by the people will be when they will be called upon to vote to eliminate from the constitution the clause pertaining to the numbering of the ballots.

WHEN the United States steamer WHEN the United States steamer Mohican called at Auckland, Nw Zealand, for coal last September the miners were out on a strike, and fuel could not be obtained. The Colonial Government, however, asked them to coal the war-ship, and they agreed to do so, going into the mine, bringing out sufficient coal, and then resuming their former attitude. These rude miners had probably never heard of international courtesy and comity; but they practiced it, none the less. Who will say that miners are un-grateful ? who will grateful?

THE Philadelphia Record, in com-The Philadelphia Accora, in com-menting on the treachery of some of the so-called Democratic voters in the Fourth Ward of that city, says: "The treachery of the people who call themselves Democrats in the Fourth Ward, on Tuesday was damna-ble. Their shameful figures are a blot on their honesty."

The parties who offered a bogus ticket to an old and respected citizen of the township at South Heb-erton poll, under the cover of dark-ness, is well known; and in future will be consigned to oblivion, from which he will never retire.

in its editorial column : The action of Lawrence and Lacka-wanna counties in electing and instruct-ing their delegates to the State conven-tion for ex-Governor Robert E. The TRIBURE, from the time of the Democratic convention until its last issue, kept its readers buoyed np with the assurance of Democratic suc-cess. Its facilities for obtaining news of the result of the Quay-Delamater revolt among the intelligent Republi-cans of the state were far ahead of any of its contemporaries, and to day we take a pardonable pride in having been in a position to take an active part in the battle for an honest Gov-ernment and the defeat of a most cor-rupt and corrupting enemy.
