EDITOR TRIBUNG—Dear Sir — The near approach of the meeting of the Legisla-ture and the agitation now going on by certain parties in the Fourth Legislative District to have a bull introduced therein reating a new county, should interest every voter in the district. I say interest them; for should they allow this measure to be introduced without their consent to approval and it become a law they may be sorry for it hereafter. During a very extensive tour of the Fourth Dis-trict, previous to the late election, the writer made it a point to try and get the people to express an opinion as to their desire in reference to the new county scheme, and, in justice to all, we say that the answers were unfavorable to approve preseverance, provided them-solves a little home look upon the new county scheme, with distrust and say "that the present arrangements suit them" and that the promoters of the news of Hazleton, who have land to sell and who want office:" The people here yor so accustomed to allowing their naw-makers to rivet the shakeles on them, that it will be strange if they make any resistance this time. But in order that it may not be said that "no protest" was entered against the measure, I invite the people of the dis-trict to give their views on it, especially those of Foster township, as to whether they wan it or not. DAVIS, ARNOLD & KRELL'S Boot and Shoemaker -----Beer and Porter Always on Tap. Peddlers will no doubt in the future give Hazleton a wide berth. The mer-chants Protective Association is deter-mined to break up the nefarious busi-ness of peddling, and Borough Council has come to their assistance with an or-dinance requiring peddlers to take out a license before they can dispose of their goods within the borough limits. It will be remembered by our readers that a number of men were arrestal bere several months ago for peddling soapine from door to door. The men were fined by Burgess Maue, but rofused to pay the fine, and upon entering bail for their appearance at court were liber-ated. By some misunderstanding be-tween the Burgess and the District At-torney, no one appeared against the ac-cused when the case was called for trial in court, and they were acquitted. On Wednesday five more "Soapine" men were detected in going from house to house selling their wares. Acting under instructions Officer Wetterau arrested the three men and took them before Burgess Maue for a hearing. They fail-de to produce a license and were asked to pay the fine and costs, \$7.50 each. The forman of the party sail they were unable to pay, but telegraphed to the company for instructions. The company either failed to send the cash or deter-mined to fight the case, as the fines were not paid. Constable Martin on Thurs-at trial before court.—*Standard.* Dealer in Peddlers Arrested. Successful Treatment. On Friday evening Mrs. Phillips, wife of Conductor Archite Phillips of the Drifton branch of the Central Railroad of New Jersey, returned from Bethle-hem with her son, who, for the past three months, was an inmate of St Luke's Hospital, where he was under treatment for hip disease. Some time ago the little fellow showed signs of being troubled with hip disease, and under advice of Dr H. M. Neale and his assistant, Dr. Hare, the boy was taken to the hospital and placed under the special care of Dr. Eustis, Principal of the institution, for treatment, with such gratifying results that on Friday he was restored to bis parents sound and well in every respect. Mr. and Mrs. Phillips are profuse in their thanks to the gentlemen above named for the in-terest taken in their child's condition. Read the Blade.

Around Again. The many friends of John D. Hayes will be glad to know that he is able to be home for the past week with illness. Mr. Hayes was on the streets for a short time yesterday, but expects to he able to attend to his business at his office after to-day. Balls at the Opera House. Read the Blade.
