J. KENDALL CO., ENOSBURGH FALLS, VT. We feel confident that our patrons will appreciate the work and be glad to avail themselves of the opportunity of obtaining a valuable book.

It is necessary that you mention this paper in sending for the "Treatise." This offer will remain open for only a short time.

### The State Road Commission.

The bill was partially drafted and the committee then adjourned to meet in Philadelphia Wednesday morning, where the preparation of the bill was completed and submitted to the commission. ### Allentown's Inadequate Court House.

It is reported that the Library Committee of the Bar Association will recommend in its annual report extensive improvements to the court house. New offices with fire-proof vaults for the preservation of valuable documents are needed for the Prothonotary and Recorder of Deeds. In case of fire the records of these offices would be at the mercy of the flames, and the loss would be incalculable. More room is also needed for the library. The ladies' retiring room will be recommended. To accomplish all these improvements it would be necessary to erect a large addition.

### A Useful Christmas Gift.

Since 1878 many valuable improvements have been made in self-feeding pens. Of these a great part are due to the skill and persistence of Mr. L. E. Dunlap, of Boston, who, as a pioneer in this business, has spent the last decade in perfecting the self-feeding pen that bears his name. The Dunlap, Double-feed Pen, and in this very double-feed lies the secret of its success, is the latest perfected invention.

It carries a sixteen-karat diamond-pointed gold pen. With one filling of common writing-ink it will hold enough to write 10,000 words, and is deservedly popular in literary Boston, where authors want a pen that will invariably write when its point is touched to paper. The manufacturers do not hesitate to guarantee it to write instantly, always and under all circumstances. The price is \$4.00, but to further introduce it among the readers of this paper, the Dunlap Pen Co., of 280 Washington street, Boston Mass., offer for a short time only to send it by return mail on receipt of \$2.00.

An opportunity to purchase the best fountain and gold pen made, at less than half its actual value, the gold pen alone being worth the price asked for the whole, is one that should not be allowed to pass by ungrasped and become one of "might-have-beens" of life.

This pen makes an elegant and useful gift to a lady or gentleman and any of our subscribers wishing to avail themselves of this magnificent offer, can do so by applying to editor of this paper for circular and special rate ticket, entitling bearer to a discount.

### Card of Thanks.

The St. Ann's T. A. B. Pioneer Corps return their sincere thanks to Mrs. Birkbeck, John D. Hayes and James McLane for books and pictures donated by them to the reading room.

FRANK McLAGHLEN, Com.  
JOHN B. HAXLON, Secy.

### Irish Jaunting Cars.

It will, perhaps, strike most people as somewhat odd that there is a steady importation to this country of Irish jaunting cars. According to the carriage makers a certain number of enthusiastic Irishmen have a yearning after their native form of conveyance at certain periods of their lives and straightway send over to Ireland for a car. Once here, however, the cars are usually laid aside after the novelty has worn off. New York hackmen have occasionally appeared on Madison and Union Squares with the cars, but, although they are all right in Ireland, they seem decidedly uncomfortable in this country.

### Return of the Favorites.

It is with great pleasure that the TRIBUNE announces the return of the Justin Adams Company, which played so successful an engagement here but a short time ago. After the company left here the gentlemen of the Young Men's T. A. B. Society thought that if they could get Mr. Adams to play a return they would take the matter right into their own hands. It is needless to say that this end has been accomplished and the company will appear at the Freeland Opera House three nights, commencing Monday evening, December 15, when a very funny western drama will be presented, entitled "Old Pals." Mr. Adams appearing as Judge Lovetoddy and is said to be extremely funny.

On Tuesday evening "The Ragpicker's Child" will be repeated, by special request, the society thinking that to be an exceptionally strong piece, and that many missed a good performance by not attending it at its last presentation.

On Wednesday evening the drama "Under the Gaslight" will change the engagement. This is one of the best in the repertoire offered by the company. Its great railroad scene, in which a train of cars dashes across the stage, is said to be very exciting. The society is very popular in this town, as are also the company; therefore a large house will be present surely. Seats are now selling at Ferry and Christy's book and stationary store. Reserved seats, 35 cents.

Thursday evening, December 4th, at Yannes' Hall, Freeland, Company No. 29, of the Military Rank, Knights of the Mystic Chain was instituted by J. B. Roberts, General Commander of the military department of the order, assisted by Supreme Vice-Commander Chas. Navior, of the Supreme Castle.
