The following bills were presented, read and approved:

Report of street commissioner for the month of January (amounting to \$15.50) was presented and ordered paid. In this report is an item of \$2.50 for shoveling snow, to be collected from the property owners.

The burgess not being present there was no report received from that official.

The treasurer's report for the month of January was read as follows:

Bal. on hand from last report \$ 442 43  
Received from burgess 14 95  
" " Benj. F. Davis, shoveling snow 20  
Received from Mrs. Gallagher, shoveling snow 20  
Jan. 6 from Col. McLaughlin on duplicate of 1889 115 00

Expenditure as per orders 572 78  
Balance on hand 465 81

Under the head of reports of committees, the streets committee reported that they had consulted the borough solicitor in regard to the opening of Pine street, north to the borough line, and that they had prepared an ordinance for that purpose.

On motion of Mr. Donop seconded by Mr. Bachman, the following ordinance was read for the first time and passed:

Be it ordained by the burgess and town council of the Borough of Freeland, and it is hereby enacted by the authority of the same, that Pine street, in said borough, is extended, and will be opened from its present terminus at the blacksmith shop of Albert Washburn to the northern line of the Borough of Freeland, where said borough is bounded by the estate of Joseph Birkbeck. Said extension to be the width of thirty (30) feet exclusive of sidewalks.

On motion of Frank Depiero seconded by Henry Smith the ordinance pertaining to the extension of Pine street, north to the borough line, was called up and read a second time and passed.

The question of janitor was laid over until the next meeting, and Mr. Powell, the present janitor, was requested to continue on for another month.

Mr. H. Doubt, Tax Collector, presented a list of exonerations to council for their approval, and it was thought best to hold a special meeting for the purpose of examining his accounts, and a motion was made that there be a special meeting held next Monday, February 9.

There being no further business council adjourned.

**A Dastardly Outrage.**

Charles McGill, an old resident of Highland, while returning from Freeland on Saturday evening, was attacked by four burglars, who beat him almost to death. It appears that their object was robbery, and falling to secure the watch which Mr. McGill had in his pocket, they set about to beat him. Mr. McGill is an aged man and defended himself as best he could. Had it not been for a small boy who came down the road at the time, there is no doubt that he would be killed. In their haste to get away a revolver belonging to one of them was left behind. It may prove a clue to their identity. At the present writing Mr. McGill is very low.

**Nominating Conventions.**

The Prohibitionists of Foster Township at their convention nominated the following ticket for township officers:

Justice of the Peace, Edward Curran, Daniel Sweeney; Tax Collector, John Brising; School Directors, Charles P. Gallagher, William McGinty; Township Treasurer, William Wolfe; Township Clerk, Henry Klingler; Constable, Patrick Early; Township Auditor, John J. Campbell; Patrick O'Donnell, of Drifton, was elected permanent Chairman.

## Run Over By Cars.

Thursday afternoon last about 2:30 p. m., as the train on the Freeland branch of the L. V. R. R. was going down the grade at the Drifton Foundry, the engineer, John Pettitt, saw a man walking along the track in the direction of Drifton and immediately blew the whistle so as to draw his attention to the danger he was in. No heed was paid to it, however, and the freeman crawled on to the tender with the intention of further warning him, but the man kept walking on. He was also warned by the men who were employed on the repairs by shouting to him and making gestures to get off the track, but to no purpose, as the man kept right on until struck by the engine. He was cut in two, the legs and lower part of his body being thrown over twenty feet away from his trunk. As soon as it was convenient to stop, the train was stopped and backed up, and the remains removed from the track so as to allow trains to pass.

Deputy Coroner Buckley was immediately notified and proceeded to the spot and examined the following jury: Hugh Malloy, foreman; Ignatius Gross, John B. Quigley, Hugh Dever, Phil C. Miller, James Davis, who viewed the body and adjourned to meet on Friday morning at 11 o'clock. A number of witnesses were subpoenaed to appear. On Friday morning the jury met pursuant to adjournment, and after examining seven witnesses adjourned to meet on Saturday morning at 9 o'clock and hear the evidence of one man who was at work. A subpoena was served on him, and at the hearing on Saturday morning his evidence was given. After hearing the evidence the jury rendered the following verdict:

That the said John Polaschock came to his death in Foster Township, County of Luzerne and State of Pennsylvania on the 29th of January, A. D. 1891, by being struck and cut in two by a passenger train on the Freeland branch of the L. V. R. R. while walking on the track of said railroad and his death resulted from his own negligence, and no blame is attached to any of the employees of said train, as from the testimony submitted it appeared that they used all the precaution necessary to prevent his death.

The deceased lived at No. 1 Drifton and worked for John Wagner, outside superintendent for Cox Bros., and was returning from Freeland to his boarding house. He was a single man, aged 26 years. The remains were taken in charge by Undertaker Brising. The funeral took place on Friday afternoon, interment being made in South Heberton cemetery.

**Death By Water at Jeaneville.**

A terrible mine disaster that brought destruction and desolation to the homes of many people occurred at Jeaneville yesterday morning. The accident was caused by the water in an abandoned mine breaking into where the men had been working, and about seventeen persons are reported to be entombed. Following are the names of the victims:

Lawrence Reed, James Griffiths, Bernard McClosky, Patrick Kelly, Edward Gallagher, James Ward, Samuel Potter, Harry Ball, Joe McGeehan, Joe Ash, Boso Finko, Thomas Geik, John Berno, Mike Smith, Jake Masto, John Tomaskusky.

The mine in which the awful accident took place is No. 1 slope operated by J. C. Haydon & Co. The water broke through a breach which was being worked by Charles Boyle and Daniel Call. Both these men escaped and were the only ones to explain how the horrible event came about. Mr. Boyle stated he had fired a blast and while returning to his breast was swept away by the heavy current of water and washed into an old manway, where he made his escape. He also stated he had never expected to strike the water. No precaution could be made against the heavy stream and it rushed through the mine with terrible speed carrying with it death and destruction to everything. It will require several weeks to drain the mine and it is feared the bodies of the dead men cannot be recovered before it is entirely emptied.

**Election Officers Arrested.**

Patrick Freil, John H. Boyle and Charles Quinn, the election officers of the second election district, Hazle Township, Ebervale, were defendants in a suit before Squire Laubach on Monday evening. The charge against them was refusing to receive the vote of Stephen Clark, at Saturday's delegate election. Freil, who was judge of election, refused to receive Clark's vote unless he certified that he would support the Democratic ticket, Clark being a Republican. The latter refused to make the affirmation but claimed the right to vote, as he supported the Democratic candidate for Governor at the Fall election. Daniel McGeehan, of Ebervale, was prosecutor. E. P. Kinsner became bondsman for the defendants, who waived a hearing.—*Hazleton Standard.*

**Weekly Coal Report.**

The anthracite coal trade has fallen into a very flat condition, and we are without any new feature to note this week. There is little new demand for coal, and much of the newly mined production is being stocked at various places. On account of the dull condition of the anthracite trade the Lehigh Valley Railroad was last week compelled to cease shipping coal to market for two days, and the high coal and Navigation Company curtailed its production by suspending mining operations at all of its collieries for three days, while the Reading Coal and Iron Company had a number of its collieries idle, and several of the individual operators in the Schuylkill region were likewise compelled to stop mining coal until they can get a sufficient number of orders to enable them to resume. Some of the collieries in the Upper Lehigh and Lackawanna regions were also reported to be idle last week. The managers of the anthracite corporations met at New York on last Thursday and decided to restrict the production for February to 2,000,000 tons.

The total amount of anthracite coal sent to market for the week ending January 24, as reported by the several carrying companies, was 684,839 tons, compared with 499,929 tons in the corresponding week last year, an increase of 184,910 tons. The total amount of anthracite mined thus far in the year 1891 was 2,425,343 tons, compared with 1,901,795 tons for the same period last year, a decrease of 523,548 tons.—*Leader.*
