FREELAND, PA.

Office, Birkbeck Brick, 3d floor, Centre Street Entered at the Freeland Postoffice as Second Class Matter.

FREELAND, PA., JUNE 4, 1891

The Doylestown Democrat strikes right out from the shoulder and says that the "pension bureau, from the best evidence the public can get, is rotten from top to bottom, and unless some steps be taken to correct its abuses, and that right soon, they will be laid bare by the next Congress. The pension system is rapidly becoming a stench in the public nostrils. Profuse waste and profligacy always lead to extravagance."

ALTHOUGH contradictory reports are always current regarding Secretary Blaine's health, it is doubtful if he could stand the strain of a Presidential campaign. This is regretted by Democrats more than Republicans, as the former recognize in the Plumed Knight a foeman who would add interest and enthysism to the contest. terest and enthusiasm to the contest. terest and entamsasm to the contest.

The only other available candidate of
the Grand Old Party is Benjamin H.,
and it will be child's play for the
Democrats to knock Grandfather's
Hat out of the world of politics.

As usual, the Legislature was exceedingly industrious in its last days, passing a great number of bills that were neglected for months. It is pretty hard on the Governor to have so much work piled upon him in a few hours, but it is reasonably certain that if there has been any careless or few hours, but it is reasonably certain that if there has been any careless or crooked work done in this hurried fashion it will be corrected by the Executive veto. It is a great comfort to know that there is this sure check back of a Legislature trying to crowd a month's work into 24 hours.—Ledger.

Pauperism has steadily increased in the United States during the last thirty years, and so has "protection." Pauperism has steadily decreased in Great Britain for the last thirty years, although labor in that country is unprotected. There were 50 paupers to the 1000 in Great Britain in 1861. There are only 20 to the 1000 now. It is possible that the increase of pauperism in the United States under the possible that the increase of pau-perism in the United States, under the protective policy, and its decrease in Great Britain, under the free trade policy, have nothing to do with tariffs; but it will be admitted on every hand that the facts are puzzling.—Record.

When Philadelphia's new city treasurer stepped into his office on Monday he found the money drawers empty, every cent having been swept away by rotten banks and the gang of Republican plunderers who have been robbing the State and city for years. Thousands of workingmen had orders for small amounts, but they would have had to wait perhaps for weeks if it were not for their generous-hearted friend, Wm. M. Singerly, of the Record, who advanced the city of the Record, who advanced the city treasurer \$50,000 to pay the laborers' claims, with orders to draw upon him until every workingman is paid the money due him. That is a sample of Philadelphia Republicanism and Phila-delphia Democracy.

The new registration law, which goes into effect at once, will do a little in the way of correcting certain election evils, especially in the large citics where "repeaters" do their voting early and often. The new act requires that the assessor, instead of using old lists, shall make an entirely new registration, based upon visits from house to house, and that he shall set down not only the name and occupation of the voter, place of resioccupation of the voter, place of residence, name of employer and name of person with whom he is boarding, if any, but also the address of known residents of the election division who have furnished information as to the qualification of the voter. The names are to be averaged by streets, so that are to be arranged by streets, so that are to be arranged by streets, so that the persons assessed from a particu-lar house may be readily found on the list. The assessors' and registers' lists in some places have heretofore been very bad, and laid the founda-tion for election frauds.

The Company Store Law.

The Company Store Law.

This bill was passed finally in the last hours of the Legislature, but so far it has been impossible to procure a copy of the law as passed. It is thought that some alterations were made in the Senate. Representative Jeffrey is unable to state whether or not the bill was amended by the Senate, as he left Harrisburg immediately after adjournment. Several letters asking for information on this subject were sent to the capital, but no definite knowledge as to its present bearing could be ascertained. James L. Knapp, Harrisburg correspondent of the Philadelphia Record, furnishes the Trimuxe with the provisions of the bill as introduced by Representative Farrell and passed by the House. Unless changed in the Senate it as very good measure. It prohibits mining and manufacturing corporations or their officers or stockholders from engaging in business for the sale of goods or merchandise other than that mined or manufactured by the company. Upon the the complaint of two citizens the Attorney General is directed to bring proceedings against any corporation disobeying the law, and if found guilty such corporation will forteit its charter. It is likely, however, that a loophole was left by the Senate, and the Trimuxe will try to obtain a more complete account of the jaw next week.

—Elliott P. Kisner is favorably men-ioned as a delegate to the constitutional invention.

—General Hastings will act as chairman of the Welsh eisteddfod at Mountain Park on June 20.

—The Clan-na-Gael of Luzerne and Lackawanna Counties will hold a union pienic at Mountain Park on June 27.

—Democratic candidates for county offices are bobbing up and placing them selves in the hands of their friends.

—Editor Maloy, of the Lansford Record, issued an eight-page paper on Saturday, filled with appropriate Memorial Day reading. —The Register of Wills is doing a rushing marriage license business since the 1st inst. June brides in Luzerne promise to be as numerous as butterflies.

-P. F. Caffrey, of Ashley, chairman of the Knights of Labor Legislative Committee, was appointed yesterday to the clerkship in the Executive depart-ment at Harrisburg.

—John Armstead, claiming to be a United States officer, compelled nine Nanticoke saloon-keepers to pay him \$5 each or go to jail. He was discovered and is now in "Limbo" himself.

"Big Joe" and Basil Franco, two of the Jeanesville survivors who went star-ring as freaks, have sued Haydon & Co. for \$25,000 damages. Their prospects of not getting it are very good.

—Wallace's circus showed at Hazleton on Monday and at Pittston on Tuesday. The papers of our neighboring town seemed scarcely able to praise it high enough, while the Pittston scribes say it is composed of scores of gamblers, fakirs and all-around toughs.

—Sam Small's lecture on "Is Civiliza-tion a Failure?" leads the Newsdealer to remark that it is in a great many res-pects—as for instance a man who steals bread for a starving family getting six months in jail, while a cashier or bank president who steals millions gets off with a couple of years.

Sub-Editor of American Paper—Say, M. Hooperup, there's a report of a terrible eviction case. A woman, who was defending her home against the evictors, was fatally shot.

Editor—You don't say so; write a good strong article on it, showing what an infernal system of despotism exists in Ireland, in contrast with the glorious liberty of our American institutions. You don't know how to put it.

Sub-Editor—Yes, but this wasn't in Ireland, you know. It was in Pennsylvania. But I suppose I'd better condemn it pretty strongly all the same.

Editor—You idiot; what are you thinking of? No; if you say anything about it, denounce the lawlessness of the foreign element who think they can come here and have everything their own way.—

John Wagner, who has been ill for the past month, is getting better.

The Terrors and Silver Brooks crossed bats last Sunday afternoon. Six innings were played when the game was stopped on account of rain, the score standing to 10 in favor of Silver Brook. The features of the gawe were Ward's home run hit and O'Donnell's great fly catching in left field.

Coal Prices Advanced.

The anthractic coal trade has assumed its normal condition for this season of the year. The demand for coal is light and prices are less firm than they were, while the output of coal is being increased. There was a spirit of activity noted carly last week, but this was due to purchases in anticipation of an increase in prices on June I. Reports from Western lake distributing ports indicate an improving tendency in the anthractic trade there. The stocks of coal throughout the West and Northwest are reported to be well depleted, and there is noted considerable inquiry for coal for shipment during this and next month. The reports from Buffalo confirm the above, and shipments of anthractic from that port are active and increasing. The New England trade is quiet and without noteworthy change. In Philadelphia and vicinity there is little new business

It would require superhuman comprehension for any one to form an idea prehension for any one to form an idea of how much money was spent by the last Republican Congress. The actual appropriations come near \$61 for every hour of the 1890 years A. D. which had expired before the footings of the expense of two years of Radicalism in the United States were made up. If you are a Republican, multiply 1890 by 365, the product by 24, and divide this latter product into \$1,080,000,000 so that you can get for yourself some idea of what Republicanism means when it is expressed in figures.—Catasanqua Record.
