

LOOKING FOR FOOLS.

New York Sharpers Working the Green Goods Game.

THE COUNTRY FLOODED WITH CIRCULARS TO CATCH PEOPLE WHO WANT TO GET RICH QUICK—INDUCEMENTS TO BE DISHONEST.

The green goods game has been worked for so many years in every section of the country that people generally considered it about played out, although a case comes to light every now and then showing where some avaricious countryman has been hoodwinked.

DEAR SIR.—I have the pleasure of obtaining a shrewd agent in your locality to handle my "goods." I enclose herewith a newspaper clipping, which gives all the information that could be desired and explains itself.

Remember, this is an article which will go anywhere and everywhere, leaving for you a net profit of from ten to twelve hundred per cent, according to the amount you buy.

WHAT YOU ARE BUYING. I can see and judge the man I am to place confidence in for future business, besides it is absolutely necessary that I should see you on our first deal, as there are some few secrets pertaining to the business and necessary to success.

Remember, I do not ask or expect to be paid one cent till you have the goods in your own possession. Do not ask me to send goods by mail or express, as I am not a safe goods dealer.

BEST TO BE AMONG THE FIRST. If you will come on at once I can guarantee you a clear field to work in, and if I am satisfied at a personal interview that you more liberal inducements to take the State agency and make you a special rate for any deal over \$5000.

There can be no such thing as fail. An opportunity like this to make an independent fortune in a short time, and at a comparatively small investment is well worth a favorable consideration, and should not be rejected hastily from conscientious scruples or otherwise.

PERFECT SAFETY AND IMMENSE PROFIT to yourself, and enable you to provide a competency for your old age and pass your remaining years in ease and comfort.

LIBERAL ALLOWANCE. For loss of time, inconvenience to business, etc. Now, sir, your own good sense should tell you I can have no object in misrepresenting my

THEY DEFLY THE LAWS.

Another Firm Refuses to Pay Semi-Monthly.

RAILROAD COMPANIES AND COAL KINGDOMS OPENLY VIOLATING THE LAWS OF THE STATE—ITS EFFECT UPON WORKINGMEN.

Notices were placed this week at all the collieries operated by the Pardees, in which their thousands of employees are informed that monthly payments are to be resumed.

The operators of the Lehigh region are the most dangerous people in Pennsylvania to-day. They are sowing seeds of anarchy in the hearts of thousands of workingmen, and when the day of reckoning comes, and come it will before they make many monthly payments.

On a separate slip of paper in the letter are the directions referred to, and by which communication can be had with the dealers. It reads: KEEP THIS FOR REFERENCE.

P. O. S. of A. Building. The adjoining view, which arrived too late for the last issue, is a perfect picture of the P. O. S. of A. Building.

Powderly's Great Letter. The Newsdealer calls upon the TRIBUNE for the history of the Powderly letter. It says that "any of the great metropolitan dailies would have been glad to have published it in advance of their rivals, and the fact that it was made public at Freeland is regarded as one of the explicable things."

Must Strike to Have the Law Enforced. The miners of the Schuylkill region are evidently opposed to the monthly pay system. This was demonstrated on Monday by a strike which took place at the Springdale or Park No. 1 colliery.

The Tigers' Ball. Notwithstanding the stormy weather the friends of the Tigers turned out strong on Monday evening and participated in one of the best balls held here since the Opera House has been opened.

Many License Applications Refused. There were many angry men around the Court House on Tuesday, according to the Newsdealer, and many who were not bashful let others know they were angry.
