DOWN WE GO ONCE MORE.

FREELAND'S COLORS LOWERED TO THE HAZLETON CLUB.

The Local Team Lost Yesterday by One Run, After an Exciting Game of Nine Innings—Defeated at Jeaneville on Friday—Other Games.

Shakespeare's "Comedy of Errors" wasn't in it in comparison with the game of ball played here yesterday between Freeland and Hazleton clubs. From the very start it was an exciting race as to which club could obtain credit for the most errors, and while Hazleton carried off the honors in that respect it also won the game. The audience was about equally divided and the admirers of both teams had equal opportunities to crow. This they did with the energy they possessed, and the see-saw score kept them busy applauding until the last man was out. Errors were made as frequently as possible, and Freeland tried hard to surpass the brilliant record their opponents made in that column. In the ninth inning the score was 8 to 8, and with two men out and two on base a fly was popped up to Boyle in right field, but P. J. was over-confident and the ball bounded from his hands, allowing the winning run to be scored.

Following is the official score:

FREELAND.	H.A.O.A.E.	HAZLETON.	H.A.O.A.E.

A small audience saw Freeland defeated on Friday at Jeaneville. It was a narrow escape from another shut-out, the only run scored by Freeland being made by O'Donnell in the ninth inning. Jeaneville won through strong and steady hitting, and found Heiser's delivery something easy to solve. Anderson held his former companions down in very good style. A number of brilliant plays were made in the game.

Following is the official score:

The Tigers and Fenarols met yesterday morning for the second time this season, and the spectators were treated to a fine exhibition. The teams were about evenly matched, and owing to the rivalry existing, the game was played with more earnestness and care than is usually seen in base ball. Brislin and Gaffney were the battery for the Tigers, and Bonner and Boyle for the Fenarols. In the sixth inning Bonner gave way to Herron, of Villanova college, but the change did not alter the result, the Tigers winning, 10 to 5. This places the clubs on an equal footing again, and the deciding game, to be played shortly, will be one of great interest.

A Problem for Mathematicians.

As there are a number of persons in and around Freeland who are mathematically inclined, the following problem was handed to the editor, with a request that it be published for the benefit of those who love figures. In order that interest may be stimulated in the solution a prize of \$10 will be paid to the party sending the first correct answer to the TRIBUNE:

A farmer's daughter was born on the same day that one of his cows had a calf. The calf was given to the daughter with the understanding that she was to own all the cattle that could be bred from it. Three years later, the calf then being a cow, it had a calf and also one each succeeding year. Each of its calves and their calves did likewise, no deaths occurring and all calves were heifers. How many head of cattle had the daughter when she was twenty-one years of age?

Died Under the Operation.

Andrew Marki, a Hungarian who was working as a laborer in No. 7 slope, Upper Lehigh, was caught under a fall of coal on Friday afternoon. He was taken to Hazleton hospital and one of his legs was found to be so badly crushed that it had to be amputated above the knee. While the operation was being performed the injured man died.

Will Graduate To-day.

Edward Hanlon and John McBrierty, who have been students at the Bloomsburg State Normal school, passed a very creditable examination on Saturday and will graduate from that institution to-day. John B. Hanlon went to Bloomsburg to attend the graduating exercises.

REPUBLICANS ORGANIZE.

HARRISON AND REID MEN FORM A CAMPAIGN CLUB.

Protectionists Meet and Decide to Form the Ticket in This Section—Officers Elected and Sixty Names Enrolled—They Expect to Have 300 Members.

The Republicans held an enthusiastic meeting on Saturday evening in DePiero's parlors and organized a Harrison and Reid club. After the temporary proceedings were disposed of the following officers were elected: President—B. F. Davis. Vice President—Owen Fowler. Secretary—Gilbert Smith. Treasurer—Wm. Butz. Short speeches were made by different members who warmly advocated the policy pursued by the Republican party and earnestly invited all Republicans to come and join the club. About sixty members were enrolled, and, as this was the first meeting, the officers and members are confident that the club will have 300 members in a short time. The parlors, which will be used for a club room, are nicely decorated and handsomely furnished, having scarcely an equal in this part of the state. The next meeting will be held on Saturday evening, July 9.

Will Meet Again at Ashley.

The biennial convention of the A. O. H. (American Board) of this county was held at Hazleton on Thursday, and after transacting important business relating to the order the following officers were elected for the next two years: Capt. John T. Flannery, Pittston, county delegate; James Dwyer, Milnesville, recording secretary; John Merriman, Nanticoke, financial secretary, and Thomas McHale, Sugar Notch, treasurer. Father Coninsky delivered an address to the delegates, after which they journeyed to meet at Ashley in June, 1894. Twenty-two divisions and four military companies are located in Luzerne county, with a membership of 2600 and \$16,000 in their treasuries.

An Opening for Capital.

From all appearances there is a splendid opportunity here for the investment of capital in a brewery. The fact that some of our best drunk in Freeland than in any other town in the state should be sufficient to induce either local or outside parties to locate such an establishment. While an industry of this kind would not give employment to a great many men, yet it would partly recompense in some manner the people who use the beverage. Even if the trade of some of the sixty taverns here could be secured it ought to be enough to start a brewery, and by turning out a first-class brand the investment would be a profitable one.

Look Out for This Swindler.

A Pottsville paper says a hypocrite wearing a benign smile and Philadelphia clothes was in Pottsville the other day. She pretends to represent a Philadelphia dry goods house and was getting up a list of subscribers—of purchasers—for the house. It costs but \$1 to join this wonderful chain of organizations which would sell goods at half price to these select and good looking ladies. It wasn't a free-for-all either. Only the elite, two and a half dozen in number, were permitted to join. Her scheme works well and after swindling quite a number she skipped out, up the road.

To Supply a Vacant Charge.

The sixth annual convention of Wyoming Classis of the Reformed Church was held in Fayette, New York, last week. There was a very full attendance and all the sessions were of interest. The vacant charge will be supplied by Rev. A. M. Masonhaime, of Weatherly; Rev. F. K. Levan, D. of Wilkes-Barre, and Rev. Aaron Noll, of Hazleton, until a new pastor is secured. The next annual meeting will be held in Hazleton on the first Wednesday of June, 1893.

Locomotive Breaks Down.

The train due at 7 P. M. on Saturday, drawn by engine 537, Wm. Wilde engine, met with an accident a few hundred yards above Drifton station. The pin connecting the piston-rod and cross-head on the locomotive broke, and when the piston-rod became free it crashed through the cylinder-head and brought the train to a stop, but without any serious results. A message was sent to Hazleton and engine 440, David Schaffer engineer, arrived in a short time and completed the trip.

Captain Flannery's Record.

Capt. J. T. Flannery, of Pittston, was in town attending the A. O. H. convention. He is a member of the legislature from this county, and only last week was renominated for a second term. He was one of the brightest members of the house at the last session and was held in great respect by his colleagues. He also has the distinction of being captain of the best drilled company in the National Guard of this state.—Speaker.

Violated the Mine Law.

The first arrest for violating the mine law, as revised by Senator Hines during his term in office, was made at Pittston on Thursday, according to the *News-Dealer*. George Savage, a Polisher, was arrested by a deputy sheriff armed with a warrant that had been issued by the court. Savage was employed in the Clear Spring colliery, at West Pittston, last winter, and fired a blast that tore through a heading and killed an employee in the adjoining breast. Savage was taken before the court and, in default of \$500 bail, sent to jail. Later in the day he was released on bail. Prior to Senator Hines amending the mine law the mine inspector was the

BRIEF ITEMS OF NEWS.

PARAGRAPHS GATHERED FROM ALL PARTS OF THE REGION.

Little Ones of Interest About People You Know and Things You Wish to Hear About—What the Folks of This and Other Towns Are Doing.

Wm. Gallagher has erected a new ball alley at his place on Ridge Street. White Haven has collected \$250 for a fireworks display on the Fourth of July. Freeland opera house has been leased by W. J. DePue, of Hazleton, for the season of 1892-93.

UPPER LEHIGH NOTES.

Our Correspondent Accuses the Game Club of Negligence—Other Items.

Once more we want to protest against the mean and unlawful advantage taken of the finny tribe, by fishing with nets in the Honeyhole and Nescopeck creeks. Net-fishing is carried on in these waters as if there never was a law prohibiting it. Nobody seems to care, all seem eager to have a hand in it. The members of the game club are not very anxious to have it stopped, as it is said some of them are in the business themselves and can use nets to better advantage than those who are not members. We always placed great confidence in the members of the club until lately, when it became apparent that it was nothing more or less than a mere imitation, gotten up for the purpose of a little cheap notoriety and if they can do no better than that they have been doing they had better disband, as their indifference is a disgrace to the sporting fraternity. There is another gentleman here who holds the title of fish warden. He takes no interest in it whatever, and if he intends to continue in the future as in the past his plain duty is to resign, as his pretended ignorance of what is going on under his jurisdiction fails description. At present about sixty nets are in use in these waters and large quantities of game fish are being caught every day. Perhaps in a week or so I will send you a list of the names of those who use them.

The Young People's Christian Endeavor society held an anniversary in the Presbyterian Church on Thursday evening. A large number of the White Haven branch of this society arrived by special train at 7 o'clock and took part. It is pleasant to see the young people take such interest in their future welfare and we hope they will continue to the end.

Miss Myers, a music teacher of Hazleton, has been spending a few days at the hotel here. Samuel Price, of Mauch Chunk, is making a visit among friends here. Robert Sinyard, of Lansford, spent a few hours here last week with his father-in-law, Andrew Keenan.

The Young People's Christian Endeavor society is making preparations to picnic at the Honeyhole in the near future. Mrs. Julius Fox, of this place, is spending a few days among relatives in Wilkes-Barre. Miss Hannah Ferry is enjoying a few weeks among friends in Hazleton.

A large number of people went from here to attend the circus Wednesday evening. It must have deeply impressed itself upon some of their minds for when they arrived here they had another circus of their own. Patrick Carr had a hand badly injured on Thursday in No. 7 slope by a prop rolling on it. Miss Lizzie Wagner and sister, formerly of this place but now of Bethlehem, are spending a few days among friends here.

Owen J. Rowlands, an old resident of this place, moved his family to South Wilkes-Barre, where he intends making his future home. To-morrow evening the debating club will meet again, and we will try and give the readers of the TRIBUNE a full account of it.

All of our young people attended the last picnic at Freeland, and since then the scribe is satisfied that some of the boys were in a grand march which lasted over an hour and an orchestra was not necessary to furnish the music. The work of tearing out the machinery of No. 4 breaker continues and when the first comes again we expect to see the wooden portion of it retailed through town for \$1 a load.

Horse Thieves Around.

Constable Boyle and John McHugh, of Hazleton, were here on Saturday morning for the thieves who stole a pair of horses from McHugh's stable during the preceding night. They received no clue around here, except that the few gypsies who were encamped near the old station had also disappeared. The gypsies were traced to Hilt Haven and from there to Laurytown, but nothing was heard about the horses until yesterday, when they were found near Tamaka.

Membership Contest.

The members of the Young Men's T. A. B. Society are working earnestly to increase their membership for the balance of the year. All the members are in a contest to secure as many new members as possible until October 10, when a count will be made and the five members having the largest number to their credit will continue the contest until January 1, 1893. The member then having the largest number proposed and initiated will receive a prize of \$20.

Electric Light Trouble.

The electric light company met on Thursday evening and after paying all bills adjourned without a date or place for the next meeting. Much difficulty is experienced in collecting the subscriptions of some stockholders. It is said there is a move under way to organize another company which will push the electric light question without any further delay.
